Agenda item 40

SCALE OF ASSESSMENTS FOR THE APPORTIONMENT OF THE EXPENSES OF THE
UNITED NATIONS: REPORT OF THE COMMITTEE ON CONTRIBUTIONS

Assessment for the Republic of Indonesia

1. The Fifth Committee, at its 273rd meeting held on 30 November 1950, decided to refer the question of the assessment for the Republic of Indonesia to the Committee on Contributions for urgent consideration and report. Accordingly, the Committee on Contributions was convened and met on 1 December 1950.

2. After a thorough study of all the relevant economic and statistical data for Indonesia available to the Committee on Contributions, and considering its relative position compared to the other Member States, the Committee agreed to recommend that the assessment for the Republic of Indonesia for the year 1951 should be 0.60 per cent.

3. In accordance with a decision of the Fifth Committee, the above assessment will be in addition to the 1951 scale of assessments of 100 per cent as submitted by the Committee on Contributions in its report to the General Assembly (A/1330)* and approved by the Fifth Committee at its 273rd meeting. In view of the tentative nature of the available data, the Committee on Contributions decided that the assessment recommended for Indonesia should be carefully reconsidered before being incorporated into the 1952 scale of assessments, in the light of any further information that may then be available.

Assessment for the Republic of Indonesia for the first year of membership

For the year 1950, the Committee on Contributions recommends that Indonesia, which was admitted to membership in the United Nations on 28 September 1950, shall contribute the minimum of 33-1/3 per cent of its percentage assessment for 1951 in accordance with the provisions of General Assembly resolution 69 (I) of 14 December 1946.

* See Official Records of the General Assembly, Fifth Session, Supplement No. 13

The Committee on Contributions therefore submits the following additional paragraphs for inclusion in the draft resolution approved by the Fifth Committee at its 273rd meeting for adoption by the General Assembly:

The General Assembly resolves:

6. That, for the year 1951, the assessment for the Republic of Indonesia shall be 0.60 per cent, which shall be in addition to the scale of assessments amounting to 100 per cent set out in paragraph 1 above;

7. That, in view of the fact that the Republic of Indonesia became a Member of the United Nations on 28 September 1950, it shall contribute for the year of admission to membership an amount equal to one-third of the percentage assessment for 1951, calculated on the basis of the budget for 1950.
