#### Compliance with arms limitation and disarmament agreements

The General Assembly,

Recalling its resolution 41/59 J of 3 December 1986,

Conscious of the abiding concern of all Member States for preserving respect for rights and obligations arising from treaties and other sources of international law,

Convinced that observance of the Charter of the United Nations, relevant treaties and other sources of international law is essential for the strengthening of international security,

Mindful in particular of the fundamental importance of full implementation and strict observance of agreements on arms limitation and disarmament if individual nations and the international community are to derive enhanced security from them,

Stressing that any violation of such agreements not only adversely affects the security of States parties but can also create security risks for other States relying on the constraints and commitments stipulated in those agreements,

Stressing further that any weakening of confidence in such agreements diminishes their contribution to global or regional stability and to further disarmament and arms limitation efforts and undermines the credibility and effectiveness of the international legal system,

Recognizing in this context that, inter alia, full confidence in compliance with existing agreements can enhance the negotiations of arms limitation and disarmament agreements,

Believing that compliance with arms limitation and disarmament agreements by States parties is, therefore, a matter of interest and concern to the international community, and noting the role that the United Nations could play in that regard,

Convinced that resolution of non-compliance questions that have arisen with regard to agreements on arms limitations and disarmament would contribute to better relations among States and the strengthening of world peace and security,

1. Urges all States parties to arms limitation and disarmament agreements to implement and comply with the entirety of the provisions of such agreements;

2. Calls upon all Member States to give serious consideration to the implications of non-compliance with those obligations for international security and stability, as well as for the prospects for further progress in the field of disarmament;

3. Calls upon all Member States to support efforts aimed at the resolution of non-compliance questions, with a view to encouraging strict observance by all parties of the provisions of arms limitation and disarmament agreements and maintaining or restoring the integrity of such agreements;

4. Requests the Secretary-General to provide Member States with assistance that may be necessary in this regard;

5. Further requests the Secretary-General to bring the present resolution to the attention of the General Assembly at its third special session devoted to disarmament.
