

COMMISSION ON NARCOTIC DRUGS**SECOND SESSION****Illicit Cultivation of Opium in Mexico**

Resolution submitted by the Representative of the United States

Adopted by the Commission on 5 August 1947

THE COMMISSION ON NARCOTIC DRUGS

HAVING taken note, during its examination of the international illicit traffic, of reports that there is an enormous clandestine production of opium in Mexico, and

CONSIDERING that the escape of contraband opium from Mexico into the illicit traffic is a source of danger to other countries,

REQUESTS the Economic and Social Council to recommend that the Government of Mexico take appropriate measures, in fulfilment of its international obligations under the narcotics conventions, to suppress the illicit cultivation of opium.
