Introducción

1. En respuesta a la nota del Secretario General de la UNCTAD de 23 de noviembre de 1973 en la que se pedía a los países otorgantes de preferencias que facilitasen información sobre la aplicación de sus respectivos esquemas del sistema generalizado de preferencias, el Gobierno de Suecia ha comunicado información sobre las importaciones de varias categorías de productos comprendidos en su esquema durante el período 1988-1991 1/. A continuación se ofrece un resumen de esa información y en el cuadro 1 del anexo figuran los datos acerca de las importaciones suecas procedentes de países beneficiarios. En el cuadro 2 se indica el valor de las importaciones procedentes de todas las fuentes de los principales productos comprendidos en el esquema y el total de las importaciones preferenciales provenientes de todos los beneficiarios, así como de los principales beneficiarios proveedores de esos productos 2/.

Importaciones de Suecia procedentes de proveedores beneficiarios en 1988, 1989, 1990 y 1991

2. En el cuadro 1 también se indican, para todos y cada uno de los grupos de beneficiarios (parte A), así como para cada beneficiario individual (parte B) las importaciones totales, gravables con arreglo a la cláusula de la NMF, así como las incluidas y preferenciales de productos comprendidos en los capítulos 1 a 24, 25 a 97 y 1 a 97 del SA.

3. En 1988, 1989, 1990 y 1991 Suecia efectuó importaciones procedentes respectivamente de 139, 137, 138 y 139 países o territorios a los que había otorgado la condición de beneficiarios de su esquema. De esos países beneficiarios, 127 en 1988, 126 en 1989, 122 en 1990 y 125 en 1991 suministraron mercancías comprendidas en el esquema, y de ellos 80 en 1988 y 1989, 74 en 1990 y 79 en 1991 recibieron trato preferencial. Las importaciones suecas procedentes de beneficiarios en 1991 totalizaron 4.766 millones de dólares, de los cuales 2.715 millones de dólares, es decir, un 57% fueron productos gravables con arreglo a la cláusula de la NMF. Alrededor de 1.532 millones de dólares, es decir, un 56,4% de esos productos gravables estaban comprendidos en el esquema, mientras que un 66,4% de los productos incluidos (o sea 1.047 millones de dólares) recibieron efectivamente trato preferencial. Análogamente, las importaciones a las que se otorgó un trato SGP en 1988 representaron un 66,3% (o sea 669 millones de dólares) de las incluidas en el esquema (es decir, 1.057 millones de dólares), mientras que las importaciones incluidas totalizaron un 55,3% de las importaciones gravables (o sea 1.910 millones de dólares). A pesar de la estabilidad general de la tasa de utilización y de la tasa de importaciones incluidas, esas dos tasas son más elevadas que la tasa media en el caso de todos los países de la OCDE otorgantes de preferencias. Entre 1988 y 1991, la tasa media anual de importaciones preferenciales aumentó un 15%, mientras que la de las importaciones incluidas se incrementó un 14,2%, la de las importaciones gravables un 12,4% y la de todas las importaciones un 11%. Esas tasas indican, por una parte, una ligera mejoría en la cobertura de productos y, por otra parte, los resultados positivos de los esfuerzos realizados por los beneficiarios para diversificar los productos de exportación y, especialmente, para utilizar mejor el esquema SGP de Suecia.

4. Como puede verse en el cuadro 1, las fluctuaciones anuales de las proporciones tanto entre las importaciones incluidas y las importaciones gravables como entre las importaciones preferenciales y las importaciones incluidas (es decir, el porcentaje de utilización) no afectó significativamente al porcentaje global de utilización de los esquemas, que representó más de dos tercios de las importaciones incluidas cada año.

5. Más del 80% de las importaciones incluidas procedentes de todos los beneficiarios en 1988, 1989, 1990 y 1991 correspondieron, respectivamente, a los mismos ocho beneficiarios principales (PP). En 1991, por orden del valor de las importaciones incluidas, los proveedores principales fueron: China, la República de Corea, Hong Kong, Singapur, la antigua Yugoslavia, Malasia, el Brasil y Tailandia.

6. El valor de las importaciones suecas gravables procedentes de 36 países menos adelantados (PMA) en 1988, 35 en 1989, 29 en 1990 y 34 en 1991, fue de 22 millones de dólares, 18 millones de dólares, 26 millones de dólares y 19 millones de dólares, respectivamente. La mayoría de esos productos gravables estaba incluida en el esquema sueco del SGP 3/. Catorce PMA recibieron un trato preferencial en 1988, 16 en 1989, 9 en 1990 y 12 en 1991. Por orden del valor de las importaciones objeto de trato SGP, los principales PMA beneficiarios fueron en 1991: Bangladesh (4.516.000 dólares); Tanzania (272.000 dólares); Lesotho (256.000 dólares); Nepal (109.000 dólares); Liberia (75.000 dólares); Haití y Myanmar (31.000 dólares cada uno); Etiopía (30.000 dólares); Burkina Faso (22.000 dólares); Guinea-Bissau (13.000 dólares); Botswana (3.000 dólares) y Afganistan (1.000 dólares). Sólo a Bangladesh correspondió un 58,4% en 1988, un 68,8% en 1989, un 76,1% en 1990 y un 84,3% en 1991 del total de las importaciones preferenciales procedentes del conjunto de los PMA.

7. Las importaciones de Suecia de productos incluidos en su esquema procedentes de países mediterráneos (MDE) y ACP, que disfrutaban de preferencias especiales en el mercado de la CEE, totalizaron 54 millones de dólares en 1988, 63 millones de dólares en 1989, 75 millones de dólares en 1990 y 91 millones de dólares en 1991. Durante 1991, esos dos grupos de países suministraron un 5,3% de los productos con derecho a trato preferencial dentro del esquema y un 5,8% del total de las importaciones que efectivamente recibieron trato preferencial.

Importaciones de Suecia de los principales productos comprendidos en su esquema en 1991 y principales proveedores beneficiarios

8. En el cuadro 2 figura el valor de las importaciones de Suecia en 1991 de los principales productos incluidos en su esquema procedentes de toda las fuentes, de todos los proveedores beneficiarios y de los principales proveedores individuales, así como el valor de los productos que efectivamente recibieron trato preferencial. Las importaciones de los principales productos procedentes de beneficiarios, definidas al nivel de la línea arancelaria sueca, que estaban incluidas en el esquema en 1991, correspondieron a 529 líneas arancelarias, de las cuales 17 se referían a productos agrícolas y 512 a productos industriales. Las importaciones de esos principales

productos procedentes de beneficiarios representaron 1.226 millones de dólares, es decir, un 80,1% del total de las importaciones incluidas (1.532 millones de dólares). De esas importaciones un 67,4% recibieron trato preferencial.

9. Unos 22 productos principales, el valor de cuyas importaciones incluidas totalizaba 10 millones de dólares o más, representaron un 32,8% de las importaciones incluidas de los 529 principales productos en 1991. Esos productos fueron (con el valor de las importaciones incluidas expresado en millones de dólares): línea arancelaria sueca 95.03.900: Los demás juguetes (33,1); 42.02.120 Baúles, maletas... con la superficie exterior de plástico o de materias textiles (27,3); 85.27.110 Receptores de radiodifusión... con grabadores o reproductores de sonido... sin fuente de energía exterior (26,4); 85.17.100 Teléfonos (24,9); 67.02.900 Flores artificiales de materias distintas del plástico (23,7); 85.42.110 Circuitos integrados monolíticos, numéricos o digitales (22,9); 85.27.310 Los demás receptores de radiodifusión con grabador o reproductor de sonido (22); 84.75.920 Máquinas automáticas para tratamiento de información, unidades de entrada o de salida (19,6); 84.73.300 Partes y accesorios de las máquinas o aparatos de la partida N° 84.71 (19,6); 85.16.500 Hornos de microondas (18,1); 94.01.610 Los demás asientos (16,5); 91.02.110 Relojes con indicador mecánico solamente (16,3); 85.27.210 Receptores de radiotelefonía con grabadores o reproductores de sonido... con una fuente de energía exterior (15,8); 29.01.210 Etileno (15,8); 87.08.999 Las demás partes y accesorios de vehículos automóviles, (15,4); 84.08.200 Motores del tipo de los utilizados para propulsión de vehículos del capítulo 87 (14,9); 95.03.410 Juguetes rellenos (13,4); 39.01.100 Polietileno de densidad inferior a 0,94 (12,8); 87.03.230 Los demás vehículos de cilindrada superior a 1.500 centímetros cúbicos pero inferior o igual a 3.000 centímetros cúbicos (11,7); 42.02.920 Artículos de bolsillo... con la superficie exterior de hojas de plástico o de materias textiles (11,3); 42.05.000 Las demás manufacturas de cuero natural (10,4); 15.11.902 Las demás fracciones concretas del aceite de palma (10,1).

1/ La información detallada se ha facilitado en cintas magnéticas.

2/ Para la información relativa a los años 1973 a 1976, 1977, 1978, 1980-1981 y 1982-1986, véanse respectivamente los documentos TD/B/C.5/30/Add.8, 18, 22 y TD/B/C.5/PREF/3, 21 y 22.

3/ Suecia concede preferencias a todos los PMA reconocidos por la Asamblea General de las Naciones Unidas. En el presente análisis sólo se han tenido en cuenta los PMA efectivamente beneficiarios (hasta el año 1991). Por lo tanto, las importaciones procedentes de Camboya, Madagascar, las Islas Salomón, Zambia y el Zaire no se han incluido en las importaciones de Suecia procedentes de PMA.

Anexo

Las denominaciones empleadas en este documento y la forma en que aparecen presentados los datos que contiene no implican, por parte de la Secretaría de las Naciones Unidas, juicio alguno sobre la condición jurídica de ninguno de los países, territorios, ciudades o zonas citados, o de sus autoridades, ni respecto de la delimitación de sus fronteras o límites.
