I. INTRODUCTION

1. The United Nations Iraq-Kuwait Observation Mission (UNIKOM) was set up by the Security Council, in accordance with its resolution 687 (1991) of 3 April 1991. By its resolution 689 (1991) of 9 April 1991, the Council decided to review the question of the termination or continuation of UNIKOM every six months.

2. The General Assembly, in its resolution 47/208 of 22 December 1992, appropriated an amount of 20 million United States dollars gross (\$19,192,400 net) for the maintenance of UNIKOM for the period from 1 November 1992 to 30 April 1993.

3. In its resolution 47/208 B of 14 September 1993, the General Assembly also appropriated an amount of \$19,800,000 gross (\$18,600,000 net) for the operation of UNIKOM for the period from 1 May to 31 October 1993 as well as an amount of \$20 million gross (\$19,889,600 net) for the same period for the strengthening of UNIKOM, authorized by the Security Council in its resolution 806 (1993) of 5 February 1993.

4. In the same resolution, the General Assembly also authorized the Secretary-General to enter into commitments for UNIKOM at a rate not to exceed \$6,250,825 gross (\$6,064,700 net per month) for the period from 1 November 1993 to 28 February 1994, should the Security Council decide to continue the Mission beyond 31 October 1993.

5. The appropriation and commitment authority approved by the General Assembly in resolution 47/208 B for the strengthening of UNIKOM provided for the deployment of 7 additional military observers, thereby bringing the number in the field to 255 and reducing the number of observers on standby to 45. The total authorized strength is 300. It also provided for an increase of 795 contingent personnel, consisting of 15 medical, 5 logistics and 775 infantry, 19 international civilian staff and 31 locally recruited, bringing the authorized strength to 910 contingent personnel, 109 international staff and 127 local staff.

6. In a report to the Security Council dated 1 October 1993, 1/ the Secretary-General recommended that UNIKOM be maintained for a further six-month period, from 9 October 1993 to 8 April 1994. By letter dated 11 October 1993, 2/ the President of the Security Council informed the Secretary-General that the Council concurred with his recommendations.

II. STATUS OF ASSESSED CONTRIBUTIONS

7. As at 31 October 1993, assessments totalling \$178,029,200 had been apportioned among Member States in respect of UNIKOM for the period from its inception on 9 April 1991 to 31 October 1993. Contributions received for the same period amounted to \$153,153,274. Details are contained in the table below.

III. VOLUNTARY CONTRIBUTIONS

8. The General Assembly, in paragraph 13 of resolution 47/208 B, invited Member States to make voluntary contributions to the Mission in cash and in the form of services and supplies acceptable to the Secretary-General. For the period ending 31 October 1993, voluntary contributions received by UNIKOM for which no budgetary provision was made consisted of:

(a) The service of two fixed-wing aircraft with crew provided by the Government of Switzerland. This contribution has been valued at SwF 1.2 million, equivalent to approximately \$794,702;

(b) The Government of Kuwait has reimbursed UNIKOM in the amount of KD 411,281,970 (equivalent to \$1,370,939.90) in respect of petrol, oil and lubricants for the period from 10 June 1991 to 30 May 1993 and for aviation fuel from 22 April 1991 to 30 June 1993, respectively. Partial reimbursement of KD 54,261 (\$180,872) has also been made for the months of June to October 1993. It is to be noted that this arrangement for the reimbursement of 50 per cent of the cost of petrol, oil and lubricants ceases effective 31 October 1993;

(c) The Government of Kuwait has also undertaken, at no cost to UNIKOM, the construction of the two camps required for the accommodation of the infantry battalion;

(d) In a report to the Security Council dated 1 October 1993, 1/ the Secretary-General informed the Council that by letter dated 17 July 1993 the Permanent Representative of Kuwait had conveyed his Government's decision to defray two thirds of the cost of UNIKOM. This new arrangement is effective 1 November 1993. An amount of \$16,000,000 has been received for the period from 1 November 1993 to 28 February 1994.

IV. FINANCIAL ADMINISTRATION

Resources made available and operating costs for the period from 9 April 1991 to 28 February 1994

9. The total resources made available to UNIKOM by the General Assembly for the period from 9 April 1991 to 28 February 1994 amount to \$191,564,800 gross (\$186,029,200 net), consisting of appropriations (\$182,877,000 gross, \$178,029,200 net) and commitment authorization (\$8,687,800 gross, \$8 million net). Operating costs amounted to \$160,260,433 gross (\$155,941,960 net). Credits to Member States against their assessed contributions from unencumbered balances amounted to \$19,992,167 gross (\$18,311,740 net). The current unencumbered balance is \$11,312,200 gross (\$11,775,500 net). In addition, interest and miscellaneous income amounted to \$747,043 and \$1,501,059 respectively.

V. FINANCIAL PERFORMANCE REPORT FOR THE PERIOD FROM 1 NOVEMBER 1992 TO 31 OCTOBER 1993

10. Annex I to the present report sets out by budget-line item the original cost estimate, the revised apportionment of UNIKOM for the period from 1 November 1992 to 31 October 1993, as well as the estimated expenditures for the period. As indicated, total expenditures amounted to \$39,800,000 gross (\$37,991,100 net), resulting in an unencumbered balance of \$20 million gross (\$19,775,500 net). These savings are due to the delayed deployment of the mechanized battalion authorized for the strengthening of UNIKOM by the Security Council in its resolution 806 (1993). Supplementary information thereon is contained in annex II.

VI. COST ESTIMATE FOR THE PERIOD FROM 1 NOVEMBER 1993 TO 31 OCTOBER 1994

11. Pending finalization of the present report and action by the General Assembly on the additional financing requirements of UNIKOM, the concurrence of the Advisory Committee on Administrative and Budgetary Questions was requested on 9 December 1993 to enter into commitments, in accordance with General Assembly resolution 47/208 B, for the maintenance of UNIKOM for the period from 1 November 1993 to 28 February 1994 in a total amount of \$25,003,300 gross (\$24,301,800 net) in accordance with resolution 47/208 B. No action on this request was taken by the Advisory Committee.

12. The Secretary General, in a consolidated report dated 9 December 1993, 3/ requested authorization to enter into commitments up to the amount of \$12,714,000 gross (\$11,707,400 net) in respect of the six-month period from 1 November 1993 to 30 April 1994 from the unencumbered balance of appropriation referred to in paragraph 11 above, after taking into account the amount of \$23,414,800 representing pledged voluntary contribution. The General Assembly, however, in its decision 48/466, authorized the Secretary-General to enter into reduced commitments of \$8,687,800 gross (\$8 million net) in addition to the

/...

pledged voluntary contributions of \$23,414,800 for the period from 1 November 1993 to 28 February 1994.

13. The total cost of maintaining UNIKOM for the 12-month period from 1 November 1993 to 31 October 1994 is estimated at \$6,120,200 gross (\$5,932,950 net) per month. The detailed cost breakdown by budget-line item is contained in annex IV and supplementary information thereon is contained in annex V.

14. The current six-month period of UNIKOM will expire in April 1994. Accordingly, the Secretary-General requests that the General Assembly, at its forty-eighth session, make appropriate provision for the expenses of UNIKOM for the period beyond 30 April 1994, should the Security Council decide to continue the Mission beyond that date.

VII. STATUS OF REIMBURSEMENT TO TROOP-CONTRIBUTING STATES

15. During the period from 1 November 1992 to 31 October 1993, troops were provided to UNIKOM by the Governments of Canada and Argentina (Engineer Unit), Denmark (logistics) and Norway (medical personnel).

16. Full reimbursement of troop costs in accordance with the standard rates of reimbursement has been made for the period ending 31 October 1993.

VIII. ACTION TO BE TAKEN BY THE GENERAL ASSEMBLY AT ITS FORTY-EIGHTH SESSION

17. The actions to be taken by the General Assembly at its forty-eighth session in connection with the financing of UNIKOM are as follows:

(a) Authorization to enter into commitments up to the amount of \$36,721,200 gross (\$35,597,700 net) for the maintenance of the Mission for the period from 1 November 1993 to 30 April 1994, inclusive of the amount of \$8,687,800 gross (\$8 million net) authorized by the Assembly in its decision 48/466 for the period from 1 November 1993 to 28 February 1994, and the pledged voluntary contributions amounting to two thirds of the cost of the operation;

(b) The appropriation of the amount of \$12,989,400 gross (\$11,865,900 net) for the maintenance of the Mission for the period from 1 November 1993 to 30 April 1994;

(c) A decision to set off against the apportionment among Member States their respective share in the unencumbered balance of \$4,301,600 gross (\$3,865,900 net) for the period from 1 November 1993 to 30 April 1994, in addition to the amount of \$8,687,800 gross (\$8 million net) already offset for the period from 1 November 1993 to 28 February 1994;

(d) With regard to the period after 30 April 1994, authorization to enter into commitments up to \$6,120,200 gross (\$5,932,950 net) per month, and for the apportionment of one third of such amounts, should the Security Council decide to continue UNIKOM beyond that date.

ANNEX II

Financial performance report for the period from 1 November 1992
to 31 October 1993: supplementary information

Savings/
(overrun)
(United States
dollars)

1. Military personnel costs

(a) Military observers (600 400)

1. Requirements for mission subsistence allowance for the 12-month period under review were underestimated by \$679,500. The additional requirements were partially offset by savings for travel (\$79,100).

(b) Military contingents 2 785 900

2. Savings totalling \$2,785,900 for standard troop cost reimbursement (\$1,368,200), welfare (\$80,300) rations (\$402,800), daily allowance (\$46,100), emplacement, rotation and repatriation of troops (\$794,600) and on clothing and equipment allowance (\$93,900) resulted primarily from the delayed emplacement of the infantry battalion. Additionally, costs for other contingent personnel had been estimated on the basis of the authorized strength of 115 personnel, whereas the actual strength averaged 96 personnel over the six-month period, thus resulting in savings.

(c) Other costs pertaining to military personnel 1 454 500

3. Savings totalling \$1,454,500 for contingent-owned equipment (\$1,304,500) and death and disability compensation (\$150,000) resulted from the delayed deployment of the mechanized battalion.

2. Civilian personnel costs 1 028 900

4. Savings totalling \$1,028,900 for international staff salaries (\$516,700), local staff salaries (\$173,400), mission subsistence allowance (\$314,100) and travel (\$24,700) resulted from the delayed recruitment of additional civilian staff pending the deployment of the mechanized battalion.

3. Premises/accommodation 7 652 300

5. Savings totalled \$7,652,300 under this heading for maintenance supplies (\$225,000), utilities (\$362,600) and construction/prefabricated buildings (\$7,064,700). The savings on construction of premises is due to the fact that the two camps needed for the battalion will now be provided as a voluntary contribution by the host Government. Savings on utilities are due to the delayed deployment of the battalion.

4. Infrastructure repairs -
6. No change.
5. Transport operations 1 479 800
7. Savings totalled \$1,479,800 under this heading for purchase of vehicles (\$1,251,200), workshop equipment (\$1,100), spare parts, repairs and maintenance (\$206,600) and vehicle insurance (\$20,900), owing to the delayed deployment of the infantry battalion.
6. Air operations 621 200
8. Savings totalling \$787,300 for hire/charter costs for helicopters (\$658,600) and aviation fuel and lubricants (\$128,700) resulted from the non-deployment of the additional four helicopters authorized for the strengthening of UNIKOM, pending the arrival of the mechanized battalion.
9. Additional requirements for aviation fuel and lubricants (\$110,800) and liability insurance (\$5,200) for fixed-wing aircraft were partially offset by savings for hire/charter costs (\$11,900).
10. Savings of \$45,800 were realized for aircrew subsistence allowance as their services were not required, owing to the delayed deployment of the additional helicopters.
11. Other air operation costs - a cost overrun on ground handling charges (\$107,800) - resulted from the settlement of claims relating to previous periods.
7. Naval operations -
12. No change.
8. Communications 1 586 500
13. Savings totalling \$1,598,800 for communications equipment (\$987,600), spare parts and supplies (\$474,500), workshop and test equipment (\$136,700) were due to delayed implementation of the strengthening of the Mission. The cost overrun on commercial communications (\$12,300) is the result of underestimation of costs; this has been offset by the above savings.
9. Other equipment 1 140 000
14. Savings totalling \$1,153,500 for office furniture (\$150,000), office equipment (\$70,600), generators (\$129,000), observation equipment (\$177,000), medical and dental equipment (\$93,300), accommodation equipment (\$212,100), miscellaneous equipment (\$196,300) and spare parts, repairs and maintenance (\$125,200) were realized as the expansion did not take place. An overrun on data-processing equipment (\$13,500) is the result of purchases of software not included in original cost estimates.

ANNEX V

Cost estimate for the period from 1 November 1993 to
31 October 1994: supplementary information

I. COST PARAMETERS

1. Mission subsistence allowance

1. The subsistence rates used throughout these cost estimates are based on United Nations-provided accommodations, except for Baghdad, and are as follows: Kuwait and the Demilitarized Zone, \$115, and Baghdad, \$240.

2. The above rates are subject to supplements of 10 and 25 per cent for staff at the D-1 and ASG levels, respectively.

2. Travel

3. Travel of military observers and civilian personnel to and from the mission area by commercial means has been calculated at an average round-trip cost of \$5,000 per person, or \$2,500 one way.

4. The deployment of the infantry battalion and travel of contingent support personnel by group travel arrangements is estimated at \$800 per person one way or \$1,600 round trip.

3. Military personnel costs

5. The authorized strength of UNIKOM is 300 military observers, 775 infantry personnel and 135 support personnel, consisting of 50 engineers, 35 medical personnel and 50 logistic personnel.

6. The cost estimate for the period from 1 November 1993 to 31 October 1994 provides for 255 military observers. Additionally, 45 military observers, the balance of the authorized strength of 300, are on stand-by. No provision is made for them in the cost estimate. Should it become necessary to send them to the mission area, the Secretariat will revert to the Advisory Committee in the event that funds are required to meet these additional requirements.

7. The cost estimates provide for contingent personnel in accordance with the deployment schedule shown below:
