Agenda item 124 (a)

Financing of the activities arising from Security Council resolution 687 (1991): United Nations Iraq-Kuwait Observation Mission

Report of the Secretary-General

Addendum

Summary

The present report contains the financial performance report of the United Nations Iraq-Kuwait Observation Mission (UNIKOM) for the period from 1 July 1996 to 30 June 1997. The total resources provided for the period amounted to \$52,141,900 gross (\$50,071,000 net) while the related expenditures amounted to \$48,014,300 gross (\$46,318,300 net). This resulted in an unencumbered balance of \$4,127,600 gross (\$3,752,700 net).

The unencumbered balance was due primarily to lower than estimated requirements under mission subsistence allowance for military observers, lower cost for emplacement, rotation and repatriation of troops through charter arrangements, higher than projected vacancy rates for civilian staff, cancellation of some of the projects under premises and accommodation and reduced requirements for transport operations and supplies and services as a result of economy measures implemented by UNIKOM.

The action to be taken by the General Assembly, as contained in paragraph 11 of the present report, is a decision to credit Member States their respective share in the unencumbered balance of \$4,127,600 gross (\$3,752,700 net) for the period from 1 July 1996 to 30 June 1997.

I. Introduction

1. The United Nations Iraq-Kuwait Observation Mission (UNIKOM) was initially established by the Security Council in accordance with its resolution 687 (1991) of 3 April 1991. In its resolution 689 (1991) of 9 April 1991, the Council decided to review the question of the termination or continuation of UNIKOM as well as its modalities of operation every six months. The latest review was on 6 October 1997 and the President of the Security Council informed the Secretary-General that the Council concurred with the recommendation to maintain UNIKOM until the next review by 4 April 1998 (S/1997/773).
2. For the maintenance of UNIKOM for the period from 1 July 1996 to 30 June 1997, the General Assembly, in its resolution 50/234 of 7 June 1996, appropriated \$52,141,900 gross (\$50,071,000 net), of which a two-thirds share, equivalent to \$33,380,667 (net), would be funded from the voluntary contributions from the Government of Kuwait. In the same resolution, the Assembly decided to apportion the amount of \$18,761,233 gross (\$16,690,333 net), representing one third of the cost of the maintenance of the Mission, to be assessed on Member States at the monthly rate of \$1,563,436 gross (\$1,390,861 net), subject to the review by the Security Council with regard to the question of termination or continuation of UNIKOM.
3. The original budget estimate for the period from 1 July 1996 to 30 June 1997 was based on a force strength of 255 military observers with 904 troops (775 infantry and 129 support personnel) and 256 (82 international and 174 local) civilian personnel.
4. In this regard, it should be noted that in his report to the Security Council of 1 April 1996 (S/1996/225), the Secretary-General stated that in the interest of economy and efficiency, the number of military observers would be reduced by about 50, from the 245 on board at that time to 195.
5. During its consideration of the report of the Secretary-General on the financing of UNIKOM, the Advisory Committee on Administrative and Budgetary Questions was provided with information on the phased reduction in the number of military observers, including the impact of the reduction on support and services to the Mission and taking into account the revised rates of mission subsistence allowance. The related reduction to the estimates, excluding provision for support account for peacekeeping operations, amounted to \$7,059,000 gross (\$6,792,500 net), including reductions in the number of military observers from 245 to 195, international staff from 82 to 71 (13 Professional, 19 General Service and 39 Field Service) and local staff from 174 to 170, as well as related reductions in transport operations and contractual services. The consequential revised estimates, by budget line item, were reproduced as an annex to the related report of the Advisory Committee (A/50/950).

II. Financial performance report for the period from 1 July 1996 to 30 June 1997

6. Annex I to the present report sets out in column 1 the original budget estimates for UNIKOM by budget line item for the period from 1 July 1996 to 30 June 1997, as contained in annex I to the report of the Secretary-General of 15 March 1996 (A/50/892). Column 2 indicates the resources provided to UNIKOM by General Assembly resolution 50/234 of 7 June 1996 on the basis of the revised estimates shown in the annex to the report of the Advisory Committee of 3 May 1996 (A/50/950). Non-recurrent and recurrent expenditures are shown in columns 3 and 4, respectively, and total expenditures are provided in column 5. Unliquidated obligations are reflected in column 6. Variances between the apportioned resources and recorded expenditures are set out in column 7. Supplementary information in respect of the expenditures is provided in annex II.
7. The revised and actual deployment of civilian and military personnel for the reporting period is contained in annex III. Annex IV provides the authorized staffing, incumbency and vacancy rates for military and civilian personnel for the reporting period.

8. As shown in annex I, column 2, the total resources made available to UNIKOM for the period from 1 July 1996 to 30 June 1997 amounted to \$52,141,900 gross (\$50,071,000 net). Expenditures recorded during the period (column 5) were \$48,014,300 gross (\$46,318,300 net), resulting in an unencumbered balance of \$4,127,600 gross (\$3,752,700 net). The expenditures include the UNIKOM share in the ad hoc financing of the United Nations Logistics Base at Brindisi in the amount of \$408,500, as well as certain expenditures pertaining to the prior financial period ending 30 June 1996 totalling \$537,385, as described in table 1.

Table 1 **Expenditures for the period ending 30 June 1996**
(United States dollars)

<i>Description</i>	<i>Amount</i>
Military observers	
Travel costs	33 000
Military contingents	
Emplacement, rotation and repatriation of troops	1 000
International and local staff	
Common staff costs	1 776
Transport operations	
Workshop equipment	916
Spare parts, repairs and maintenance	154 300

Data-processing equipment	21 790
Supplies and services	
Quartermaster and general stores	71 402
Air and surface freight	4 500
Total	537 385

9. Savings were achieved under all major line items as follows: military personnel costs (\$1,142,700), civilian personnel costs (\$1,440,000), premises/accommodation (\$357,800), infrastructure repairs (\$17,900), transport operations (\$397,800), air operations (\$38,500), communications (\$24,900), other equipment (\$127,000), supplies and services (\$545,100), mine-clearing programmes (\$65,000), air and surface freight (\$4,500) and staff assessment (\$374,900).
10. The above unutilized resources were due primarily to actual lower than estimated requirements under mission subsistence allowance for military observers, lower cost for emplacement, rotation and repatriation of troops through charter arrangements and higher than projected vacancy rates for civilian staff. Savings under other headings were due to cancellation of some premises and accommodation projects, lower transport operations and supplies and services requirements as a result of economy measures implemented by UNIKOM.

III. Action to be taken by the General Assembly at its fifty-second session

11. The action to be taken by the General Assembly at its fifty-second session in connection with the financing of UNIKOM is a decision to credit Member States their respective share in the unencumbered balance of \$4,127,600 gross (\$3,752,700 net) for the period from 1 July 1996 to 30 June 1997.

B. Supplementary explanation

	<i>Variances (United States dollars)</i>
1. Military personnel costs	
(a) <i>Military observers</i>	570 300
1. <i>Mission subsistence allowance.</i> The cost estimate was based on \$90 per day in the demilitarized zone, \$75 per day in Kuwait City and \$125 per day in Baghdad. The apportionment of resources was based on the phased reduction of military observers from 228 in July 1996 to 195 in April 1997. The actual phased reduction is shown in table 1 below. Unutilized resources of \$445,300 occurred owing in part to the non-payment of mission subsistence allowance to military observers in respect of days for which they did not accrue mission subsistence allowance paid leave or compensatory time off. The reduction in the mission subsistence allowance rate applicable to Baghdad, from \$125 to \$100 effective 15 October 1996, also contributed to the lower expenditures recorded.	

Table 1 **Phasing out of military observers**

<i>Date</i>	<i>Number of military observers</i>
31 July 1996	220
31 August	213
30 September	215
31 October	205
30 November	203
31 December	197
31 January 1997	195
28 February	197
31 March	203
30 April	191
31 May	195
30 June	197

2. *Travel costs.* The apportionment of resources was based on the round-trip travel of 195 military observers at \$4,000 per round trip and \$2,000 per one-way trip for the phased reduction of 50 military observers. The unutilized balance of \$157,000 was due in part to the lower than estimated number of trips undertaken by military observers and to lower actual costs of travel. During the reporting period, 199 trips were undertaken for emplacement travel and 223 for repatriation travel. The limited utilization by military observers of their full entitlement to 100 kilograms of accompanied excess baggage also contributed to the unutilized balance. Additionally, an amount of \$33,000 pertaining to expenditures for the financial period ending 30 June 1996 was recorded after the closing of the June 1996 accounts. Therefore, unutilized resources amounted to \$124,000, taking into account this prior period adjustment.
3. *Clothing and equipment allowance.* During the period, 122 military observers received the full entitlement of \$200 and 159 observers received \$100 each, resulting in an unutilized balance of \$1,000.

- (b) *Military contingents* 572 400
- 4. *Standard troop cost reimbursement.* No change.
- 5. *Welfare.* The additional requirement of \$40,500 was due to the cost of postage, for which no budgetary provision had been made.
- 6. *Rations.* The apportionment of resources was based on the cost of \$7.45 per troop per day, consisting of rations (\$5.95) and bottled water (\$1.50), and \$1.50 per person per day for bottled water for military observers and international staff with a 0.5 per cent overlap factor. The unutilized balance of \$256,700 was due to the lower than estimated number of meals consumed.
- 7. *Daily allowance.* The unutilized balance of \$17,600 was due to the non-payment of daily allowance during periods when military personnel were on recreational leave.
- 8. *Emplacement, rotation and repatriation of troops.* The amount apportioned for the reporting period provided for the round-trip rotation travel of 775 infantry personnel and 129 support personnel at \$1,400 per person. However, the charter contract for the rotation of the largest contingent of UNIKOM was significantly lower than estimated, resulting in unutilized resources of \$339,600. Additionally, an amount of \$1,000 pertaining to the financial period ending 30 June 1996 was recorded after the closing of the June 1996 accounts. Therefore, unutilized resources totalled \$338,600, taking into account this prior period adjustment.
- (c) *Other costs pertaining to military personnel* —
 - (i) *Contingent-owned equipment* —
- 9. No change.
 - (ii) *Death and disability compensation* —
- 10. The amount allocated under this heading has been fully obligated to cover potential claims from death, disability or injury of military personnel.
- 2. **Civilian personnel costs**
 - (a) *Civilian police* —
- 11. No provision was made under this heading.
 - (b) *International and local staff* 1 440 000
- 12. The apportionment of resources was based on a total strength of 241 civilian staff (13 Professional, 39 Field Service, 19 General Service and 170 Local staff) and application of a vacancy rate of 5 per cent for both international and local staff. As shown in annex IV, the actual average vacancy rates for civilian staff throughout the period was some 20 per cent for international staff and 18 per cent for local staff.
- 13. *International staff salaries.* Provision was made for a total of 71 international staff (13 Professional, 39 Field Service and 19 General Service), with the application of 5 per cent vacancy factor. For reasons explained in paragraph 12, there is an unutilized balance of \$192,700.
- 14. *Local staff salaries.* The unutilized balance of \$649,100 is explained in paragraph 12.
- 15. *Consultants.* No provision was made under this heading.
- 16. *Overtime.* No provision was made under this heading.
- 17. *General temporary assistance.* No provision was made under this heading.

18. *Common staff costs.* Unutilized resources of \$205,676 were due to the reasons explained in paragraph 12. Additionally, an amount of \$1,776 pertaining to expenditures for the financial period ending 30 June 1996 was recorded after the closing of the June 1996 accounts. Therefore unutilized resources amounted to \$203,900, taking into account this prior period adjustment.
19. *Mission subsistence allowance.* The reasons for the unutilized balance of \$398,200 are explained in paragraph 12. Moreover, no payment was made to staff members while on home leave and family visit travel since the allowance is not payable while a staff member is on such leave.
20. *Other travel costs.* Actual expenditures were higher than anticipated, resulting in additional requirements of \$3,900. Actual travel undertaken during the period comprised travel by two auditors to UNIKOM; travel by headquarters personnel for contingent-owned equipment briefing; regional travels undertaken by Headquarters personnel; and travel by UNIKOM staff to a chief administrative officer meeting in New York.
 - (c) *International contractual personnel* —
 - (d) *United Nations Volunteers* —
 - (e) *Government-provided personnel* —
 - (f) *Civilian electoral observers* —
21. No provision was made under these headings.
3. **Premises/accommodation** 357 800
22. *Alteration and renovation of premises.* Following a thorough review of project priorities, planned office renovation and alterations of UNIKOM headquarters were reduced in scope and the upgrading of facilities at UNIKOM headquarters was cancelled, resulting in unutilized resources of \$134,900. Expenditures of \$165,100 were incurred for the most part for repair of stairs of the observation posts, sewage treatments, tools and maintenance of the building management workshop.
23. *Maintenance supplies.* Additional requirements of \$18,500 were due to increased procurement of maintenance supplies to repair UNIKOM's ageing 29 camp facilities, which range from 6-man to 1,000-man camps.
24. *Maintenance services.* Provision was made for minor repairs and for the UNIKOM share of the cost of repairs, maintenance and other common services for the liaison office in Baghdad. Additional requirements of \$6,500 were due to the construction of a new observation post (N2) and an unforeseen requirement to contract septic cleaning services for this remotely located site in Iraq.
25. *Utilities.* Provision was made for electricity, water and water delivery by a private contractor at an average monthly total cost of \$17,300. The actual monthly average cost during the reporting period was \$13,900, resulting in an unutilized balance of \$30,900.
26. *Construction/prefabricated buildings.* Following a thorough review of project priorities, the construction of water storage tanks, the acquisition of one ablution trailer and one accommodation trailer for Camp Charlie were cancelled. The acquisition of one accommodation trailer for Camp Sierra was also cancelled. Expenditures of \$109,000 were, however, incurred for the installation of sun shades at each of the 18 observation posts to protect water tanks and vehicles from the harsh and damaging effects of the summer sun, which exceeds 60°C. These resulted in unutilized resources of \$217,000.

4. **Infrastructure repairs** 17 900
27. *Upgrading of roads.* Unutilized resources of \$17,900 were due to the decision to upgrade field roads without paving them as originally planned.
5. **Transport operations** 397 800
28. *Purchase of vehicles.* The apportionment of resources was based on the assumption that eight land cruisers would be replaced and two fuel trucks would be transferred from the United Nations Logistics Base at Brindisi to UNIKOM. Instead, four 4 x 4 sedans were purchased at a cost of \$66,000, resulting in an unutilized balance of \$148,000.
29. *Workshop equipment.* The unutilized balance of \$3,616 was due to the lower than estimated cost of procuring workshop equipment. Additionally, an amount of \$916 pertaining to expenditures for the period ending 30 June 1996 was recorded after the closing of the June 1996 accounts. Therefore, unutilized resources amounted to \$2,700, taking into account this prior period adjustment.
30. *Spare parts, repairs and maintenance.* Unutilized resources of \$278,100 were due for the most part to administrative delays in the processing of requisitions for spare parts. Additionally, an amount of \$154,300 pertaining to expenditures for the period ending 30 June 1996 was recorded after the closing of the June 1996 accounts. Therefore, unutilized resources amounted to \$123,800, taking into account these prior period adjustments.
31. *Petrol, oil and lubricants.* While the estimate was based on the rate of \$0.22 per litre (\$0.82 per gallon), the actual rate was \$0.13 per litre (\$0.50 per gallon). Actual expenditures were lower than the apportioned amount, as shown in table 2. Additionally, an amount of \$160,000 pertaining to expenditures for the period ending 30 June 1996 recorded after the closing of the June 1996 accounts. Therefore, unutilized resources amounted to \$112,700, taking into account this prior period adjustment.

Grand total		750 600		477 900

32. *Vehicle insurance.* The actual insurance premium was lower than estimated, resulting in unutilized resources of \$10,600.
6. **Air operations** 38 500
- (a) *Helicopter operations* (207 300)
33. *Hire/charter costs.* The additional requirement of \$218,300 was due to the increased hourly rate on renewal of the letter-of-assist arrangement for the provision of two helicopters to UNIKOM with effect from 14 September 1996. The estimate was based on the rate of \$818 per flying hour for a maximum of

180 hours per month. The rate was applicable for only two and a half months (1 July-14 September 1996), while the higher rate of \$949.70 per flying hour was applicable for the remaining nine and a half months of the financial period. A comparison of estimated and actual hours flown by the two helicopters is shown in table 3.

April	180	207.22
May	180	156.62
June	180	159.29
Total	2 160	2 124.08

34. *Aviation fuel and lubricants.* The unutilized balance of \$11,400 was attributable to the slightly lower than estimated number of flying hours, as shown in table 3.
35. *Liability and war-risk insurance.* The insurance cost was slightly higher than estimated, resulting in additional requirements of \$400.

(b) *Fixed-wing aircraft* 190 700

36. *Hire/charter costs.* Provision was made for the rental of one aircraft (AN-26 B), which would fly 100 hours per month at a rate of \$28,540 per month for the first 60 hours and at a rate of \$180 per hour thereafter for 40 hours, with a maximum total monthly cost of \$35,740. The new contract effective in November 1996 was for a total of 85 flying hours per month at a rate of \$29,146 per month for the first 55 hours and \$25 per hour thereafter for 30 hours. The expenditures include positioning/depositioning costs in the amount of \$5,000. The total unutilized resources of \$140,861 were due to lower costs for the eight-month period from November 1996 to June 1997, and lower than estimated flying hours as shown in table 4. However, an amount of \$88,061 pertaining to expenditures for the period ending 30 June 1996 was recorded after the closing of the June 1996 accounts. Therefore, unutilized resources amounted to \$52,800, taking into account this prior period adjustment.

Table 4 AN-24

Month	Hours flown	
	Estimated	Actual

April	85	57.00
May	85	55.00
June	85	65.00
Total	1 080	644.22

37. *Aviation fuel and lubricants.* The unutilized balance of \$131,900 was due to the lower than estimated number of flying hours, as shown in table 4.
38. *Positioning/depositioning costs.* As indicated in paragraph 36, positioning/depositioning costs were included under hire/charter costs, resulting in unutilized resources of \$5,000.
39. *Painting/preparation.* No expenditures were incurred under this heading, resulting in an unutilized balance of \$2,000.
40. *Liability and war-risk insurance.* Expenditures of \$1,000 were incurred for the UNIKOM share of the United Nations global master aviation liability policy, for which budgetary provision had not been made.
- (c) *Aircrew subsistence allowance* 49 900
41. Provision in the amount of \$58,800 was made to cover accommodation costs outside Kuwait for the seven-person aircrew at a rate of \$70 per person per night for approximately 120 nights. Expenditures totalling \$8,900 were incurred for a six-person crew for 5 nights in July (\$2,100) and for a five-person crew for 19 nights from August through November 1996 (\$6,800), after which payment of subsistence allowance to aircrew was discontinued. This resulted in unutilized resources of \$49,900.
- (d) *Other air operation costs* 5 200
42. *Landing fees and ground handling.* Provision was made for ground handling charges for one fixed-wing aircraft at a rate of \$3,700 per aircraft per month. Landing fees were lower than estimated, resulting in unutilized resources of \$5,200.
7. *Naval operations* —
43. No provision was made under this heading.

8. **Communications** 24 900
- (a) *Complementary communications* (76 400)
44. *Communications equipment.* Total expenditures amounted to \$242,600, including an amount of \$640 pertaining to the period ending 30 June 1996, which was recorded after the closing of the June 1996 accounts. Owing to operational requirements, it was necessary to interconnect UNIKOM headquarters with the patrol observation posts via e-mail, which required the acquisition of microwave equipment and parts. This resulted in additional requirements of \$76,400.
45. *Spare parts and supplies.* The unutilized balance of \$24,200 was due to the non-acquisition of multiplexer parts. This requirement became redundant with the purchase of the additional microwave equipment for the electronic mail connection, as explained in paragraph 44.
46. *Workshop and test equipment.* Unutilized resources of \$4,200 were due to the lower than estimated cost of these items.
47. *Commercial communications.* Of the apportioned amount of \$253,600, total expenditures of \$180,700 were incurred for INTELSAT charges (\$100,600), telephone, long-distance (\$48,300), telephone, local (\$6,000), pouches/DHL (\$25,200) and postage (\$600). The unutilized balance of \$72,900 was due to the fact that the planned Kheitan-UNIKOM headquarters satellite link was not installed.
- (b) *Main trunking contract* —
9. **Other equipment** 127 000
48. *Office furniture.* Unutilized resources of \$15,000 were due to the minimum purchase of furniture as a result of economy measures implemented by UNIKOM. Expenditures totalling \$9,400 were incurred for the purchase of 56 chairs, 20 desks, 14 computer work tables, 15 filing cabinets and 5 adjustable shelves.
49. *Office equipment.* Unutilized resources of \$5,200 were due to restrictions imposed on the purchase of office equipment.
50. *Data-processing equipment.* Expenditures of \$78,800 included an amount of \$21,790 pertaining to expenditures for the period ending 30 June 1996 recorded after the closing of the June 1996 accounts. Therefore, additional resources amounted to \$18,800, taking into account this prior period adjustment.
51. *Observation equipment.* The unutilized balance of \$41,200 was due to the non-replacement of obsolete stock on hand owing to delays in the procurement process.
52. *Water and septic tanks.* The planned purchase of additional water tanks was cancelled owing to receipt of water bladders from the United Nations Logistics Base at Brindisi.
53. *Medical and dental equipment.* The unutilized balance of \$36,300 was due to the postponement of planned purchases of medical equipment.
54. *Accommodation equipment.* The resources provided for the purchase of accommodation equipment were not fully utilized because of restrictions imposed on the purchase of equipment during the reporting period.
55. *Refrigeration equipment.* The actual cost incurred was slightly lower than estimated.
56. *Miscellaneous equipment.* Expenditures of \$51,700 were incurred for the purchase of 2 air-conditioners, a shutter door, 120 fire extinguisher and fire blankets, charging alternator materials and 20 polaroid cameras, at higher than estimated costs, resulting in additional requirements of \$3,700.
57. *Spare parts, repairs and maintenance.* The unutilized balance of \$100,600 was due to the non-implementation of projects that had been planned under alteration and renovation of premises, as mentioned in paragraph 22.
58. *Water-purification equipment.* Additional requirements of \$152,600 arose owing to the purchase of water-purification equipment. UNIKOM commenced implementation of a project to install water-purification

facilities, which is expected to be completed in April 1998, with a view to replacing the more costly bottled water supply programme with locally purified water of equivalent quality.

10. **Supplies and services** 545 100
- (a) *Miscellaneous services* 436 000
59. *Audit services.* The amount allocated was fully obligated to cover the cost of the external audit conducted during the reporting period.
60. *Contractual services.* Contracts totalling \$370,700 for support services, such as laundry services, barber services, tailor services, janitorial services, ground maintenance, pest control and garbage removal, were awarded to local companies in Kuwait and Iraq. The costs of these contracts were lower than estimated, resulting in unutilized resources of \$278,400.
61. *Medical and dental services.* The unutilized balance of \$17,900 was due to the lower than anticipated medical and dental treatments required.
62. *Claims and adjustments.* The apportioned amount of \$70,000 was not required.
63. *Official hospitality.* Owing to the limited amount of hospitality offered during the period, unutilized resources in the amount of \$13,100 resulted.
64. *Miscellaneous other services.* The unutilized balance of \$56,600 was due to non-utilization of resources provided for legal services, as well as for the cleaning and restoration of water storage tanks.
- (b) *Miscellaneous supplies* 109 100
65. *Stationery and office supplies.* The unutilized balance of \$4,700 was due to the lower consumption of reproduction materials and data-processing supplies.
66. *Medical supplies.* In anticipation of the possible discontinuance of the provision of medical supplies from the Government of Kuwait, provision was made in the amount of \$45,000. However, because of the continued provision of medical supplies free of charge by the Government of Kuwait, an unutilized balance of \$25,000 resulted.
67. *Sanitation and cleaning materials.* Provision was made based on an estimated cost of \$4,200 per month for sectors and patrol observation posts in the demilitarized zone, for facilities and a warehouse in Kheitan, for transport workshop facilities and the liaison office in Baghdad. Actual expenditures incurred were \$3,700 per month, resulting in an unutilized balance of \$5,700.
68. *Subscriptions.* The additional requirement of \$4,900 was due to the cost of advertisements in Kuwaiti newspapers and news subscriptions.
69. *Electrical supplies.* Provision was made in the amount of \$100,000 for the repair and maintenance of all electrical installations at UNIKOM headquarters, the support centre at Kheitan, sector and liaison offices and helicopter landing pads, and for exterior lighting around the perimeter fences for safety and security reasons. The additional requirement of \$4,900 was due to the implementation of the water-purification project referred to in paragraph 58.
70. *Uniform items, flags and decals.* The unutilized balance of \$45,900 was due to the limited acquisition of these items during the reporting period.
71. *Field defence stores.* The unutilized balance of \$30,900 was due to the lower than projected requirements for concertina wire, pickets and sandbags.
72. *Operational maps.* The unutilized balance of \$500 was due to the lower than estimated cost of maps.
73. *Quartermaster and general stores.* Unutilized resources of \$77,602 were due to the lower than estimated requirements for kitchen utensils, packaging supplies and other general stores. Additionally, an amount of \$71,402 pertaining to expenditures for the financial period ending 30 June 1996 was recorded after the

closing of the June 1996 accounts. Therefore, unutilized resources amounted to \$6,200, taking into account this prior period adjustment.

| 11. Election-related supplies and services | — |
| 74. No provision was made under this heading. | |
| 12. Public information programmes | — |
| 75. No provision was made under this heading. | |
| 13. Training programmes | — |
| 76. No provision was made under this heading. | |
| 14. Mine-clearing programmes | 65 000 |
| 77. No expenditures were incurred under this heading, resulting in an unutilized balance of \$65,000. | |
| 15. Assistance for disarmament and demobilization | — |
| 78. No provision was made under this heading. | |
| 16. Air and surface freight | 4 500 |
| 79. The cost for freight was lower than estimated, resulting in an unutilized balance of \$29,500. Additionally, an amount of \$25,000 pertaining to the period ending 30 June 1996 was recorded after the closing of the June 1996 accounts. The unutilized balance thus amounted to \$4,500. | |
| 17. United Nations Logistics Base, Brindisi | — |
| 80. Pursuant to paragraph 3 of General Assembly resolution 52/1 of 15 October 1997, an amount of \$408,500, representing the ad hoc prorated share of UNIKOM in the financing of the United Nations Logistics Base at Brindisi was provided during the period. | |
| 18. Support account for peacekeeping operations | — |
| 81. No change. | |
| 19. Staff assessment | 374 900 |
| 82. Unutilized resources of \$374,900 under this heading were due to the difference between the authorized posts and posts actually encumbered, as explained in paragraph 12. | |
| 20. Income from staff assessment | (374 900) |
| 83. This amount is derived from item 19. | |
