SUBSIDIARY BODY FOR SCIENTIFIC AND TECHNOLOGICAL ADVICE

Eighth session

Bonn, 2-12 June 1998

Agenda item 9

ROSTER OF EXPERTS

Draft conclusions by the Chairman

1. The Subsidiary Body for Scientific and Technological Advice (SBSTA) took note of document FCCC/SBSTA/1998/INF.4, including the standardized form for collecting information on nominees to the roster of experts. It noted that the roster should be reviewed at regular intervals, at least every five years. It noted with appreciation that the secretariat plans to publish the roster electronically on its Web site, and in hard copy format, and requested that provision be made to also accept nominations and related data electronically.
2. The SBSTA requested Parties that have not already done so to nominate methodological experts to the roster by 1 July 1998, so that those experts might address the important tasks of the programme of work on methodologies, as necessary, prior to the fourth session of the Conference of the Parties. Nominations after this date would also be welcomed.
