TRADE AND DEVELOPMENT BOARD
Forty-fifth session
Geneva, 12 October 1998
Item 4 of the agenda

**INTERDEPENDENCE AND GLOBAL ECONOMIC ISSUES FROM
A TRADE AND DEVELOPMENT PERSPECTIVE: THE CAUSES,
MANAGEMENT AND PREVENTION OF FINANCIAL CRISIS**

Draft agreed conclusions

Corrigendum

Replace paragraph 12 with the following paragraph:

12. The Board expresses its appreciation for the sound, independent and timely analysis provided in this year's *Trade and Development Report*. It urges the secretariat to continue to study international trade, monetary and financial issues as part of its work on interdependence with a development perspective as recognized by "A Partnership for Growth and Development". The proposals for the prevention and management of financial crises contained in this year's *Trade and Development Report* deserve wider dissemination and discussion, and further analysis. Within its existing mandate and taking account of work undertaken in other relevant organizations, UNCTAD should contribute to the debate on issues related to strengthening and reforming the international financial architecture by continuing to provide relevant analysis from a development perspective.
