Convention on the Prohibition of the Use of Nuclear Weapons

The General Assembly,

Alarmed by the threat to the survival of mankind and to the life-sustaining systems posed by nuclear weapons and by their use, inherent in concepts of deterrence,

Convinced that nuclear disarmament is essential for the prevention of nuclear war and for the strengthening of international peace and security,

Recalling its declaration, contained in the Final Document of the Tenth Special Session of the General Assembly, that all States should actively participate in efforts to bring about conditions in international relations among States in which a code of peaceful conduct of nations in international affairs could be agreed upon and which would preclude the use or threat or use of nuclear weapons,

Reaffirming the declaration that the use of nuclear weapons would be a violation of the Charter of the United Nations and a crime against humanity, contained in its resolutions 1653 (XVI) of 24 November 1961, 33/71 B of 14 December 1978, 34/83 G of 11 December 1979, 35/152 D of 12 December 1980 and 36/92 I of 9 December 1981,

Decides to adopt an international convention as annexed to this resolution, prohibiting the use or threat of use of nuclear weapons under any circumstances, pending nuclear disarmament.
