"Mr. EVANS (International Labour Organisation) regretted that, in view of the numerous urgent questions it had been asked to undertake, the ILO was not able to submit such a report to the Sub-Commission during the session. He was ready, however, to provide any information desired by the Sub-Commission as to the activities of the ILO in that field. He drew attention to the Report on the Economic Background of Social Policy Including problems of Industrialization which had been submitted to the Preparatory Asian Regional Conference (New Delhi, 1947) and which dealt with the subject matter now under consideration. Copies had been sent to members of the Sub-Commission. Moreover, that Conference, as well as the Regional Meeting of the Near and Middle East, had adopted resolutions concerning the economic policies necessary for the attainment, in the regions concerned, of the social objectives of the ILO, the texts of which had been made available in documents E/780 and E/781."
