COMMISSION ON NARCOTIC DRUGS

THIRD SESSION

ITEM 8 OF THE PROVISIONAL AGENDA

INFORMATION EXTRACTED FROM SEIZURE REPORTS RECEIVED BY THE
SECRETARIAT BETWEEN 1 MARCH AND 23 APRIL 1948

Prepared by the Secretariat

Note by the Director of the Division of Narcotic Drugs

The attached document gives a list of seizure reports received from 1 March to 23 April 1948, which contains information on the location and date of each seizure, the quantity of narcotic drugs seized and the origin of the drugs, when indicated.

The purpose of this table is to make available to the Commission the above-mentioned particulars contained in the seizure reports received by the Secretariat up to a date as close to the Third Session of the Commission as possible, as the preparation of the regular two-monthly summary of seizures for March and April 1948 could not be completed in time for the Third Session of the Commission.
