Commission du droit international

Soixante-douzième session

Genève, 27 avril-5 juin et 6 juillet-7 août 2020

L'élévation du niveau de la mer au regard du droit international

Première note thématique établie par Bogdan Aurescu et Nilüfer Oral, Coprésidents du Groupe d'étude sur l'élévation du niveau de la mer au regard du droit international

Additif

Bibliographie sélective relative à l'élévation du niveau de la mer dans le contexte du droit de la mer*

La question de l'élévation du niveau de la mer est un nouveau domaine du droit international sur lequel un grand nombre de publications continuent d'être écrites. La présente bibliographie n'a pas vocation à être exhaustive.

Livres et articles

Abate, Randall S. *Climate Change Impacts on Ocean and Coastal Law: U.S. and International Perspectives*. Oxford: Oxford University Press, 2015.
