Conditions of service and compensation for officials, other than Secretariat officials, serving the General Assembly: full-time members of the International Civil Service Commission and the Chair of the Advisory Committee on Administrative and Budgetary Questions

Report of the Secretary-General

I. Introduction

1. The General Assembly, in paragraph 8 of section III of its resolution [65/268](#), decided that the conditions of service and compensation, other than the annual net compensation, of the full-time members of the International Civil Service Commission and of the Chair of the Advisory Committee on Administrative and Budgetary Questions would be reviewed every four years. The previous review took place at the seventy-second session of the Assembly.
2. Pursuant to paragraph 9 of section III of that resolution, such reports as the present report are, on an exceptional basis and without setting a precedent for other agenda items, to be submitted directly to the General Assembly.

II. Background

3. In its resolution [35/221](#), the General Assembly decided that the compensation and other conditions of service of the full-time members of the Commission and of the Chair of the Advisory Committee would be reviewed normally every five years. The last such review was conducted in 2000 at the fifty-fifth session of the Assembly. In its resolution [55/238](#), the Assembly took note of the relevant report of the Secretary-General ([A/C.5/55/29](#)), in which the sixtieth session of the Assembly, in 2005, was identified for the next review.
4. Following the review in 2005, the General Assembly, in paragraphs 4 and 5 of its resolution [58/266](#), requested the Secretary-General to bring the issue of conditions

of service and compensation of the three officials to the attention of the Assembly when the annual compensation for the Chairs of the Commission and the Advisory Committee fell below the level of the compensation of Assistant Secretaries-General, but no sooner than at its sixty-third session, and decided that that procedure would replace the requirement for future five-year comprehensive reviews outlined in paragraph 8 of the report of the Secretary-General ([A/C.5/57/35](#)). Subsequently, a report was submitted to the Assembly at its sixty-third session ([A/63/354](#)). In its decision 63/550 B, the Assembly decided, however, to defer consideration of the matter to its sixty-fourth session. The same report was therefore submitted to the Assembly at its sixty-fourth session in the context of the proposed programme budget for the biennium 2010–2011, but no action was taken.

5. Subsequently, the General Assembly took up the matter at its sixty-fifth session, in 2011, considering a report on the subject ([A/65/676](#)). The Assembly concurred with the recommendations and conclusions of the Advisory Committee, including putting in place an adjustment mechanism for the annual net compensation of the three officials (see [A/65/767](#)). In its resolution [65/268](#), the Assembly decided that the annual net compensation of the three officials should be subject to a cost-of-living adjustment equivalent to the annual change in the midpoint net base salary of the most senior officials in the Secretariat, namely the Under-Secretaries-General and the Assistant Secretaries-General. In the same resolution, the Assembly also decided to review every four years the other elements of the conditions of service of the three officials.

6. Pursuant to General Assembly resolution [46/192](#), the pensionable remuneration of the full-time members of the Commission and of the Chair of the Advisory Committee is also adjusted at the same time and by the same percentage as that used to adjust their annual compensation.

7. The elements of the conditions of service and compensation, other than the annual net compensation (and, by default, the post-retirement benefits), of the three officials are subject to review every four years. The General Assembly, in section III of its resolution [70/244](#), decided that the revised education grant scheme for staff members in the Professional and higher categories should be introduced as of the school year in progress on 1 January 2018, and also approved the new relocation package for staff in the Professional and higher categories, effective 1 July 2016, in which, in particular, a settling-in grant was introduced to replace the assignment grant and the full removal entitlement was redefined (including a lump sum option in lieu of full removal). In his report to the Assembly ([A/72/366](#)), the Secretary-General informed the Assembly that the revised education grant scheme and the new relocation package were to be extended to the full-time members of the Commission and to the Chair of the Advisory Committee. The Assembly reviewed the matter at its seventy-second session and took note of the report of the Secretary-General in its resolution [72/262 A](#).

8. Accordingly, the Secretary-General wishes to refer to his previous report on the matter ([A/72/366](#)) and to update the information provided therein. To facilitate that process, the present report is divided into four sections: compensation (special allowance), other conditions of service, financial implications and the next comprehensive review.

III. Compensation (special allowance)

9. The amount of the special allowance payable to the Chairs of the Commission and the Advisory Committee in recognition of their added responsibilities was last revisited in 2000 and established at \$10,000 per annum by the General Assembly in its resolution [55/238](#). No change to the level of the allowance is proposed at this time.

IV. Other conditions of service

10. No change is proposed to the manner of application of other conditions of service of the full-time members of the Commission and of the Chair of the Advisory Committee at this time. Those other entitlements are listed in the annex to the present report.

V. Financial implications

11. The General Assembly, in its resolution [65/268](#), approved the restoration of the relativity relating to the annual net compensation and the post-retirement benefits of the full-time members of the Commission and of the Chair of the Advisory Committee. The cost-of-living adjustments to the annual net compensation of those three officials are made in accordance with the established mechanism detailed in paragraph 5 above and would therefore be reported in the context of the relevant performance reports to be submitted to the Assembly.

VI. Next comprehensive review

12. In accordance with the decision on this matter taken by the General Assembly in its resolution [65/268](#), the next comprehensive review will be undertaken at the eightieth session of the Assembly.

VII. Conclusions and recommendations

13. The General Assembly is invited to take note of the present report.
