Совет Безопасности
Семьдесят шестой год

**Письмо Постоянного представителя Кипра при Организации
Объединенных Наций от 29 октября 2021 года на имя
Генерального секретаря**

По поручению правительства моей страны настоящим препровождаю шесть отдельных документов, которые содержат сведения о произошедших в июне, июле и августе 2021 года вторжениях Турции в национальное воздушное пространство Кипра, нарушениях ею международных правил воздушного движения в районе полетной информации Кипра и незаконном использовании ею на Кипре закрытых портов и аэропортов (см. приложения I–VI)*.

Международная гражданская авиация по-прежнему сталкивается с ситуацией, когда одно из государств — членов Международной организации гражданской авиации (ИКАО), а именно Турция, не соблюдает основополагающие положения Конвенции о международной гражданской авиации и приложений к ней, создавая тем самым риски для международной воздушной навигации. С помощью радиосигналов Турция продолжает систематически чинить помехи гражданским и военным самолетам, находящимся в районе полетной информации Никосии. Кроме того, Турция, предположительно, поручила сепаратистскому режиму, который был установлен ею на территории Кипра, находящейся под ее незаконной военной оккупацией, опубликовать шесть так называемых «извещений для авиационного персонала», касающихся учений турецких военно-воздушных сил.

Указанные действия Турции явно рассчитаны на подрыв суверенитета Кипра, закрепление сохраняющегося фактического раздела острова и повышение статуса сепаратистского режима на основании того, что над оккупированной территорией Кипра якобы существует какое-то отдельное воздушное пространство. По сути, они являются частью систематического и продолжающегося процесса нарушения суверенитета и территориальной целостности Кипра.

К сожалению, несмотря на четкие сигналы, поданные в июле прошлого года Советом Безопасности, агрессивное поведение Турции и ее постоянное

* Приложение распространяется только на том языке, на котором оно было представлено.

пренебрежение международным правом недавно вышли на новый уровень безответственной и провокационной дерзости:

а) 3 октября 2021 года два турецких военных корабля преследовали исследовательское судно *Nautical Geo*, должным образом лицензированное компетентными органами Республики Кипр, и не позволили ему провести изыскания на потенциальном маршруте Восточно-Средиземноморского трубопровода, строительство которого является энергетическим проектом регионального значения, отнесенным Европейским союзом к категории проектов «общего интереса».

б) 13 октября 2021 года турецкий оккупационный режим начал широкомасштабные инфраструктурные работы в так называемой «экспериментальной зоне» в огороженном городском квартале Вароша, полностью проигнорировав четкий призыв к турецкой стороне, с которым Совет Безопасности выступил в июле прошлого года ([S/PRST/2021/13](#)), прекратить нарушения статус-кво в Вароше и устранить их последствия.

с) 15 октября 2021 года сепаратистский режим на оккупированной территории Кипра «предоставил» турецким оккупационным силам 145 квадратных километров земли на полуострове Карпас, которая по праву принадлежит внутренне перемещенным лицам из числа киприотов-греков, — по-видимому, для строительства турецкой военно-морской базы. В сочетании с уже действующей турецкой базой беспилотников, противоправно созданной на оккупированной территории Кипра, это станет еще одним шагом в продвижении турецкой дестабилизирующей программы установления военной гегемонии в Восточном Средиземноморье.

Дестабилизирующие действия Турции в этой области сопровождаются агрессивной риторикой, обычно включающей ложные обвинения в адрес самих объектов турецкого агрессивного поведения, надуманные доводы против резолюций Совета Безопасности, называемых Турцией устаревшими просто потому, что они не соответствуют турецкой точке зрения, и призывы к международному сообществу «признать реальное положение на местах».

Очевидно, что так называемое Турцией «реальное положение на местах» — это, в сущности, ситуация, которая была создана ею на Кипре в результате применения силы в нарушение статьи 2 Устава Организации Объединенных Наций и военной оккупации одной трети территории Республики Кипр. В соответствии с устаревшей доктриной права завоевания Турция требует от международного сообщества признать порожденные агрессией изменения и открыто заявляет, что она будет и далее нарушать резолюции Совета Безопасности и полностью игнорировать статью 25 Устава.

Совет Безопасности должен отстаивать свои резолюции и добиваться того, чтобы они были весомы; в противном случае мы рискуем подорвать доверие к международной системе.

Несмотря на все препятствия, мы по-прежнему привержены делу урегулирования на основе создания, согласно резолюциям Совета Безопасности, двухзональной, двухобщинной федерации с политическим равенством. В этом плане нас воодушевляет призыв Вашего Превосходительства, содержащийся в последних докладах Совету, настойчиво и решительно прилагать усилия для возобновления официальных переговоров.

Буду признателен Вам за распространение настоящего письма и приложения к нему в качестве документа семьдесят шестой очередной сессии Генеральной Ассамблеи по пункту 44 повестки дня и в качестве документа Совета Безопасности.
