- On 27 March 2022, at 0830 hours, five Israeli army personnel carried out reinforcement work on the technical fence, installing metal bars along the dirt road and levelling previously laid basecourse with a steamroller. The work ended at 1700 hours.
- On 28 March 2022, at 0800 hours, Israeli army personnel poured concrete along the dirt road and installed a barbed wire strip at the location. The work ended at 1700 hours.

- On 31 March 2022, at 0800 hours, Israeli army personnel carried out work on the technical fence, set up 20 metal pipes along the dirt road and installed a metal grid. The work ended at 1420 hours.

Lebanon considers these acts of provocation to be violations of the sovereignty of Lebanon and of Security Council resolution [1701 \(2006\)](#). Lebanon calls upon you to take all necessary measures in order to deter Israel from continuing to commit serious violations of the sovereignty and territorial integrity of Lebanon.

I should be grateful if you would have the present letter circulated as a document of the General Assembly, under agenda item 38, and of the Security Council.
