Security Council resolution [2653 \(2022\)](#)

## **Interim report of the Panel of Experts on Haiti submitted pursuant to resolution [2653 \(2022\)](#)**

1. The Panel of Experts on Haiti was established, for an initial period of 13 months, on 21 October 2022 by the Security Council in its resolution [2653 \(2022\)](#). The four members of the Panel were appointed by the Secretary-General on 30 December 2022 and signed their contracts in the third week of January 2023. The Panel's induction took place in New York in the week of 6 February 2023, during which the Panel met members of the Security Council Committee established pursuant to resolution [2653 \(2022\)](#) concerning Haiti, as well as representatives of States from the region and a number of United Nations entities.
  2. The Panel started its investigations immediately after its onboarding process and travelled to Haiti after its induction. The Panel has launched a number of preliminary investigations into activities that threaten the peace, security and stability of Haiti, including into allegations of actions described in paragraphs 15 and 16 of resolution [2653 \(2022\)](#). The Panel has also initiated inquiries into the implementation of the measures already imposed pursuant to paragraphs 3, 6 and 11 of the resolution.
  3. While the Security Council, in paragraph 21 of resolution [2653 \(2022\)](#), requested the Panel to provide, after discussion with the Committee, an interim report no later than 15 March 2023, the Panel has not had sufficient time to reach conclusions that meet its evidentiary standards and will therefore provide details of its findings in its final report, the submission of which was requested by the Council to be no later than 15 September 2023. In addition, the Panel intends to provide periodic updates to the Committee during its mandate, as appropriate.
