Letter dated 30 April 2024 from the President of the General Assembly and the President of the Security Council addressed to all Permanent Representatives and Permanent Observers to the United Nations

In resolutions [75/201](#) and [2558 \(2020\)](#), the General Assembly and the Security Council called for a further comprehensive review of United Nations peacebuilding in 2025.

The proposed terms of reference, modalities and structure for conducting the 2025 review, prepared by the Peacebuilding Commission through an extensive consultative intergovernmental process, were circulated to all Member States on 16 April 2024.

In view of the foregoing, it is our assessment that the 2025 review of the peacebuilding architecture should be based on those terms of reference, and through the present letter we wish to launch the review process.

Taking into account the need to ensure an inclusive and consultative process, the informal phase of the review process should be conducted in 2024 and feed into the submission of the comprehensive report of the Secretary-General mandated in resolutions [75/201](#) and [2558 \(2020\)](#).

For the second, formal stage of the review, in 2025, two co-facilitators will be appointed to undertake intergovernmental consultations resulting in agreed recommendations for consideration and decision by the General Assembly and the Security Council by the end of December 2025.

President of the General Assembly
