Ad Hoc Committee on the Elaboration of a Convention against Transnational Organized Crime

Eighth session

Vienna, 21 February-3 March 2000

Report of the informal consultations on the revised draft United Nations Convention against Transnational Organized Crime

1. Pursuant to a decision taken at its seventh session, the Ad Hoc Committee on the Elaboration of a Convention against Transnational Organized Crime devoted the informal consultations held from 28 February to 2 March 2000 during its eighth session to consideration of articles 9 and 10 of the revised draft United Nations Convention against Transnational Organized Crime, with a view to preparing for the ninth session of the Ad Hoc Committee.

2. The Chairmen of the informal consultations have submitted to the Ad Hoc Committee the revised text of the above articles of the draft Convention (see A/AC.254/L.176/Add.1). The revised text reflects the views expressed during the informal consultations held during the eighth session of the Ad Hoc Committee and, where appropriate, the provisional approval of the text. The Chairmen of the informal consultations recommend that the Ad Hoc Committee adopt the revised text contained in the addendum to the present document as the basis for its consideration and approval of the above articles at its ninth session.
