### Introduction

1. At its twenty-fourth session, held on 23-24 June 1997, the Governing Council of the United Nations Compensation Commission (the "Commission") appointed Messrs. Robert R. Briner (Chairman), Alan J. Cleary and Lim Tian Huat as the Panel of Commissioners (the "Panel") charged with reviewing "E4" claims. The "E4" population consists of claims submitted by Kuwaiti private sector corporations and entities, other than oil sector and environmental claimants, eligible to file claims under the Commission's "Claim Forms for Corporations and Other Entities" ("Form E").
2. A twelfth instalment consisting of 140 "E4" claims was submitted to the Panel on 1 August 2000, in accordance with article 32 of the Provisional Rules for Claims Procedure (S/AC.26/1992/10) (the "Rules").
3. Pursuant to article 38 of the Rules, this report contains the Panel's recommendations to the Governing Council concerning the twelfth instalment claims.

#### I. OVERVIEW OF THE TWELFTH INSTALMENT CLAIMS

4. The twelfth instalment claims were selected from the population of approximately 2,750 "E4" claims on the basis of criteria that include, inter alia, the size, volume and complexity of the claims, the legal, factual, and valuation issues raised by the claims, and the date of filing of the claims with the Commission.
5. The twelfth instalment claimants filed losses aggregating Kuwaiti dinars ("KWD") 42,919,532 (approximately United States dollars ("USD") 148,510,491). The claimants also filed claims for interest totalling KWD 975,709 (approximately USD 3,376,156) and claim preparation costs aggregating KWD 216,616 (approximately USD 749,536).
6. The nature of the legal and factual issues raised in each claim and the amount of documentation provided in support of each claim has allowed the Panel to complete its verification of the claims within 180 days of the date on which the twelfth instalment claims were submitted to the Panel.
7. All of the claimants in the twelfth instalment operated in Kuwait prior to Iraq's invasion and occupation of Kuwait. Most claimants conducted trading operations dealing in a variety of goods. Some claimants were engaged in manufacturing and service industries.
8. The two most common loss types asserted by claimants in this instalment are loss of tangible property (mainly stock, furniture, fixtures, equipment and vehicles) and loss of earnings or profits. Claimants have also sought

compensation for uncollectible receivables, restart costs, interest and claim preparation costs as "other losses".

## II. THE PROCEEDINGS

9. Before the twelfth instalment claims were submitted to the Panel, the secretariat undertook a preliminary assessment of the claims in accordance with the Rules. This review is described in paragraph 11 of the "Report and recommendations made by the Panel of Commissioners concerning the first instalment of 'E4' claims" (S/AC.26/1999/4) (the "First 'E4' Report"). The results of the review were entered into a centralized database maintained by the secretariat (the "Claims Database").

10. Originally 16 claims presented formal deficiencies and the secretariat issued notifications to these claimants pursuant to article 15 of the Rules. The claimants corrected all formal deficiencies.

11. A substantive review of the claims was undertaken to identify significant legal, factual and valuation issues. The results of the review, including the significant issues identified, were recorded in the Claims Database.

12. The Executive Secretary of the Commission submitted reports 30 and 31 dated 17 February 2000 and 28 April 2000, respectively, to the Governing Council in accordance with article 16 of the Rules. These reports covered, inter alia, the twelfth instalment of "E4" claims and presented the significant legal and factual issues identified in these claims. A number of Governments, including the Government of Iraq, submitted additional information and views in response to the Executive Secretary's article 16 reports.

13. At the conclusion of the (i) preliminary assessment; (ii) substantive review; and (iii) article 16 reporting, the following documents were made available to the Panel:

(a) The claim documents submitted by the claimants;

(b) The preliminary assessment reports prepared under article 14 of the Rules;

(c) Information and views of Governments, including the Government of Iraq, received in response to the article 16 reports; and

(d) Other information deemed, under article 32 of the Rules, to be useful to the Panel for its work.

14. For the reasons stated in paragraph 17 of the First "E4" Report, the Panel retained the services of an accounting firm and a loss adjusting firm as expert consultants. The Panel directed the expert consultants to review each claim in the twelfth instalment in accordance with the verification and valuation methodology developed by the Panel. The Panel directed the expert consultants to submit to the Panel a detailed report for each claim summarizing the expert consultants' findings.

15. By its procedural order dated 1 August 2000, the Panel gave notice of its intention to complete its review of the twelfth instalment claims and submit its report and recommendations to the Governing Council within 180 days of 1 August 2000. This procedural order was transmitted to the Government of Iraq and the Government of Kuwait.

16. Pursuant to article 34 of the Rules, additional information and evidence was requested from the claimants in order to assist the Panel in its review of the claims. Claimants who were unable to submit the evidence requested were asked to provide reasons for their inability to comply with such requests. All requests for additional information and evidence were directed through the Government of Kuwait's Public Authority for Assessment of Compensation for Damages Resulting from Iraqi Aggression ("PAAC"). These requests were made in relation to the entire "E4" claims population and not just the twelfth instalment claims.

17. The requests for additional information and evidence are described in prior "E4" reports, e.g., paragraphs 21-26 of the "Report and recommendations made by the Panel of Commissioners concerning the second instalment of 'E4' claims" (S/AC.26/1999/17) (the "Second 'E4' Report") and paragraph 18 of the "Report and recommendations made by the Panel of Commissioners concerning the sixth instalment of 'E4' claims" (S/AC.26/2000/8) (the "Sixth 'E4' Report"). These requests are not restated in this report.

18. An additional level of verification was performed to determine if related claimants filed duplicate claims. This review is described in paragraph 18 of the "Report and recommendations made by the Panel of Commissioners concerning the fourth instalment of 'E4' claims" (S/AC.26/1999/18) (the "Fourth 'E4' Report").

19. During the Panel's review of claims in this instalment, the secretariat informed the Panel of the potential overlap between some claims in this instalment and certain individual claims for business losses filed before the Commission. This issue has been identified and reported to the Governing Council, in connection with the initial review of business loss claims filed by category "D" claimants, in report no. 30, dated 17 February 2000, submitted by the Executive Secretary of the Commission in accordance with article 16 of the Rules.

20. At the Panel's request, the secretariat conducted a review of the Claims Database and identified 19 claims in this instalment of "E4" claims, which present a potential for overlap with other claims filed by individuals for business losses before the Commission. These 19 "E4" claims have been listed in annex III to this report.

21. The Panel considers that additional time is required to determine the nature and extent of the overlap between these "E4" claims and the potentially overlapping individual claims for business losses. At this stage, to allow time for the additional claim development and review required, the Panel has recommended that the claims listed in annex III be deferred to a later instalment of category "E4" claims. Therefore, the Panel has made no findings concerning the claims listed in annex III to this report. In this report, subsequent references to the twelfth instalment claims are to the remaining 121 claims listed in annex I.

22. Based on its review of the documents submitted and the additional information obtained, the Panel concluded that the issues presented by the twelfth instalment claims had been adequately developed and that oral proceedings were not required to assist with the Panel's review of the claims.

### III. LEGAL FRAMEWORK AND VERIFICATION AND VALUATION METHODOLOGY

23. The legal framework and the verification and valuation methodology applied to the evaluation of the claims in this instalment is the same as that used in earlier "E4" instalments. This framework and methodology are discussed in paragraphs 25-62 of the First "E4" Report. Subsequent "E4" reports discuss additional legal and verification and valuation issues that were encountered in later instalments of "E4" claims. These various elements of the Panel's review are not restated in this report. Instead this report refers to sections in the previous "E4" reports where such issues have been addressed.

24. Where the Panel encountered new issues not addressed in prior "E4" reports, the Panel developed methodologies for verifying and valuing the losses. These new issues are discussed in the text of this report. The Panel's specific recommendations on the losses asserted in this instalment and the Panel's reasons for those recommendations are set out in the annexes to this report.

25. Before discussing the Panel's specific recommendations for compensating the twelfth instalment claims, it is important to restate that the Panel's approach to the verification and valuation of these claims balances the claimant's inability always to provide best evidence against the "risk of overstatement" introduced by shortcomings in evidence. In this context, the term "risk of overstatement", defined in paragraph 34 of the First "E4"

Report, is used to refer to cases in which claims contain evidentiary shortcomings that prevent their precise quantification and therefore present a risk that they might be overstated.

#### IV. THE CLAIMS

26. The Panel reviewed the claims according to the nature and type of loss identified. Therefore, the Panel's recommendations are set out by loss type. Reclassified losses have been dealt with in the section pertaining to the loss types into which the Panel reclassified the losses.

##### A. Contract

27. Three claimants in the present instalment asserted loss of contract claims aggregating KWD 485,158 (approximately USD 1,678,747). Claims for loss of contract in this instalment do not relate to contracts with the Government of Iraq or to contracts requiring performance in Iraq.

28. The claims for loss of contract in this instalment did not raise any new legal or verification and valuation issues. The Panel's approach to the compensability of contract losses is stated in prior "E4" reports and the verification and valuation methodology adopted by the Panel for the loss of contract claims is discussed in paragraphs 77-84 of the First "E4" Report.

29. The Panel's recommendations on contract losses are summarized in annex II.

##### B. Real property

30. Fifteen claimants in this instalment filed claims aggregating KWD 602,734 (approximately USD 2,085,585) for loss of real property. These claims sought compensation for damage to a number of owned and rented premises in Kuwait.

31. The claims for loss of real property in this instalment did not raise any new legal or verification and valuation issues. The compensability standards and the verification and valuation methodology adopted by the Panel for loss of real property claims are stated in paragraphs 89-101 of the First "E4" Report.

32. Claimants in this instalment submitted the same type of evidence encountered by the Panel in earlier "E4" instalments, when reviewing loss of real property claims. This evidence is described in paragraphs 48-50 of the Second "E4" Report.

33. The Panel's recommendations on real property losses are summarized in annex II.

C. Tangible property, stock, cash and vehicles

34. Tangible property losses are claimed by a majority of the twelfth instalment claimants. The claimed losses, relating to stock, furniture and fixtures, equipment, vehicles and cash, aggregate KWD 21,676,080 (approximately USD 75,003,737).

35. With regard to the compensability and the verification and valuation of these tangible property claims, the Panel applied the approach set out in paragraphs 108-135 of the First "E4" Report.

36. The claims for loss of tangible property in this instalment did not raise any new legal or verification and valuation issues. Claimants in this instalment submitted the same type of evidence encountered by the Panel in earlier "E4" instalments, when reviewing loss of tangible property claims. This evidence is described in paragraphs 55-56 of the Second "E4" Report.

37. For most claimants the existence, ownership and value of stocks lost were supported by copies of their audited accounts, original inventory purchase invoices and "roll-forward" calculations, as defined in paragraph 119 of the First "E4" Report. A few claimants sought to rely mainly on employee or related party witness statements to establish the fact of loss of stock. Where the fact of loss of stock was not supported by sufficient evidence, such as the showing of extraordinary losses in the claimant's audited post-liberation financial statements, the Panel has recommended no compensation for such losses.

38. Moh'd Al-Fadaghi Trading and General Contracting Company sought compensation for loss of stock. The claimant submitted audited accounts for financial periods from January 1987 to August 1990. On its claim form, submitted in 1995, the claimant stated that it resumed its business after the end of Iraq's invasion and occupation of Kuwait. In its statement of claim the claimant reiterated that it resumed business on 1 June 1991, employing 20 people. In response to a request for financial statements for the periods after it resumed operations, the claimant simply stated that it did not resume operations, without explaining the apparent inconsistency. The claimant did not provide any financial records to support the amount of stock lost or found after Iraq's invasion and occupation of Kuwait. The witness statements provided by the claimant did not detail the value of the stock loss claimed. In view of the above, the Panel concluded that the claimant had not submitted sufficient evidence to demonstrate the circumstances and amount of the claimed loss. The Panel has therefore recommended no compensation for this claim.

39. As was the case in prior "E4" instalments, claims for loss of goods in transit mainly concerned goods that were in Kuwait on the day of Iraq's invasion and that were subsequently lost. Successful claimants were able to

submit sufficient proof of payment for the goods and establish the ownership, existence and loss of the goods from certificates issued by the Kuwaiti port authorities or shipping agents.

40. The claims for loss of cash in this instalment did not raise any new legal or verification and valuation issues. Many claimants seeking compensation for cash losses sought to rely on witness statements from related parties without providing further evidence to substantiate their claims. Where claims for cash losses were not supported by sufficient contemporaneous evidence, establishing the possession and amount of cash held on 2 August 1990, the Panel has recommended no compensation.

41. The claims for loss of vehicles in this instalment did not raise any new legal or verification and valuation issues. Most claimants with loss of vehicle claims were able to establish their losses by submitting copies of deregistration certificates and additional documents such as post-liberation audited accounts and witness statements that substantiated the fact and circumstances of their loss.

42. The Panel's recommendations on tangible property, stock, cash and vehicle losses are summarized in annex II.

#### D. Payment or relief to others

43. Two claimants in this instalment submitted claims for payment or relief to others aggregating KWD 20,043 (approximately USD 69,353).

44. The claims for payment or relief to others in this instalment did not raise any new legal or verification and valuation issues. When reviewing these claims for payment or relief to others, the Panel applied the approach and verification and valuation methodology described in earlier "E4" reports, such as in paragraphs 70-74 of the Second "E4" Report.

45. The Panel's recommendations on the payment or relief to others claims are summarized in annex II.

#### E. Loss of profits

46. Nearly 85 per cent of the claimants in this instalment submitted claims for loss of profits aggregating KWD 8,163,811 (approximately USD 28,248,481).

47. Four significant legal and factual issues raised in the first instalment claims were also relevant to the claims in this instalment. These relate to the impact and assessment of (i) benefits received under the Government of Kuwait's post-liberation debt settlement programme, (ii) windfall or exceptional profits earned by claimants in the period immediately following the liberation of Kuwait, (iii) the indemnity period for loss of profits

claims, and (iv) claims for loss of profits selectively based on profitable lines of business. The conclusions reached by the Panel in relation to these issues are set forth in paragraphs 161-193 of the First "E4" Report. The Panel has applied these conclusions in its considerations and recommendations for the loss of profits claims in this instalment.

48. Despite specific requests, some claimants in the twelfth instalment did not provide annual accounts for the three financial years preceding and following the period of Iraq's invasion and occupation of Kuwait. The Panel noted that in some cases the failure to submit some accounts was sufficiently explained; for example, where the claimant had commenced trading in the period between 1987 and 1990 or where the claimant had ceased trading following Iraq's invasion and occupation of Kuwait.

49. Loss of profits claims by businesses that failed to provide a full set of annual audited accounts for the relevant periods were regarded as presenting a "risk of overstatement", unless the failure to submit the accounts was sufficiently explained.

50. The verification and valuation methodology adopted by the Panel for loss of profits claims is stated in paragraphs 194-202 of the First "E4" Report.

51. Kuwait Collection Company was a debt collection agency before Iraq's invasion of Kuwait. It asserted a loss of contract claim that the Panel reclassified to loss of profits as it concerned income from debt collection contracts. The claimant earned commissions on a portfolio of outstanding debt when it collected the debt. The claimant stated that because of Iraq's invasion and occupation of Kuwait it was unable to collect the debt and earn its commission.

52. The Panel noted that the claimant's earnings were contingent on debt collection. The claimant received no retainer and had no guaranteed income stream. A review of the claimant's financial statements indicated that the claimant experienced falling revenues and aggregate losses prior to Iraq's invasion of Kuwait. The Panel also reviewed whether the underlying debt had become uncollectible as a direct result of Iraq's invasion and occupation of Kuwait. A review of the collection contracts indicated that both the collection contracts and the underlying debts were very old, indicating that the debts had become uncollectible before Iraq's invasion of Kuwait. As the claimant did not demonstrate any historical profitability, and as the underlying debts had not become uncollectible as a direct result of Iraq's invasion and occupation of Kuwait, the Panel has recommended no compensation for this claim.

53. International Contracting Co. - S.A.K. submitted a claim for loss of net income on a construction contract that was being carried out by the claimant before Iraq's invasion of Kuwait. The Panel reclassified this claim to loss

of profits. On reviewing the claimant's financial statements, the Panel noted that a significant part of the claimant's income was attributable to earnings on bank deposits and foreign investments. The claimant's financial statements indicated that these earnings were distinct from the claimant's main business and were not affected by Iraq's invasion and occupation of Kuwait. The Panel therefore excluded these earnings when reviewing the claimant's historical profitability. Net income computed excluding interest and investment earnings indicated that the claimant's affected business incurred losses prior to 2 August 1990. As the claimant's financial statements did not establish historical profitability for the affected operations, the Panel has recommended no compensation for this loss of profits claim.

54. The Panel's recommendations on loss of profits claims are summarized in annex II.

#### F. Receivables

55. Ten claimants in this instalment submitted claims for "bad debts" aggregating KWD 603,982 (approximately USD 2,089,903). Most of these claims were for amounts owed by businesses or individuals located in Kuwait prior to Iraq's invasion.

56. The claims for loss of receivables in this instalment did not raise any new legal or verification and valuation issues. As was the case in previous instalments of "E4" claims, most claimants sought compensation for debts that remained uncollected because debtors had not returned to Kuwait after liberation. The Panel reiterates its determination on this matter as set out in paragraphs 209-210 of the First "E4" Report. Claims for debts that have become uncollectible as a result of Iraq's invasion and occupation of Kuwait must demonstrate, by documentary or other appropriate evidence, the nature and amount of debt in question and the circumstances that caused the debt to become uncollectible.

57. The twelfth instalment claims for uncollectible receivables were verified and valued in the manner described in paragraphs 211-215 of the First "E4" Report.

58. As discussed above, the Panel recommends no compensation for claims that relied on the mere assertion that uncollected debts were ipso facto uncollectible because the debtors did not return to Kuwait. Most claimants failed to provide evidence to demonstrate that their debtors' inability to pay was a direct result of Iraq's invasion and occupation of Kuwait. This shortcoming was brought to the attention of the claimants, in the context of the additional information requested from claimants (see para. 17 above). While a number of responses were received from claimants few satisfied the above criteria.

59. The Panel's recommendations on claims for receivables are summarized in annex II.

G. Restart costs

60. Eight claimants in this instalment submitted claims for restart costs aggregating KWD 562,961 (approximately USD 1,947,962). The amounts claimed as restart costs have been reviewed using the methodology described in paragraphs 221-223 of the First "E4" Report and paragraphs 93-96 of the Second "E4" Report.

61. Al-Julaiah Trading & Contracting submitted a claim for costs incurred in relation to a shipment of pipes. Based on the evidence submitted, the Panel determined the following.

62. In March 1990, the claimant, a Kuwaiti trading agent, opened letters of credit for the purchase of pipes from a seller in the United States of America. These pipes had been ordered by the Kuwait Oil Company ("KOC"). The pipes were shipped from the United States on 22 July 1990. On 27 July 1990, the seller presented the shipping documents to the New York branch of the National Bank of Kuwait ("NBK"). NBK accepted the documents but before payment was effected Iraq invaded Kuwait. At the same time, the goods could not be delivered to Kuwait and the ship returned to a port in the United States. The goods were then seized and stored by customs authorities in the United States.

63. In June 1991, NBK contested its liability to make payments to the seller for the pipes on grounds of force majeure. The United States courts, when apprised of the matter, held in favour of the seller, stating that the seller was entitled to payment on valid presentation of the documents. The courts directed NBK to pay the seller the value of goods plus interest. In separate proceedings, the United States courts also required NBK to pay to the United States customs authorities and the shipping agent costs for unloading, storing and maintaining the pipes in the United States.

64. NBK deducted all these payments from the claimant's bank account (i.e., the cost of the pipes, the interest and the customs and shipping charges). In the meantime, between 1991 and 1993, the claimant entered into discussions with KOC regarding this shipment. KOC originally took the view that its purchase order was cancelled on 2 August 1990 as a result of force majeure. In June 1993, KOC agreed to purchase the pipes. However, KOC stated that it would only pay the cost of the pipes and additional inspection fees related to checking the condition of the pipes. As a result, the claimant bore the costs relating to interest and the customs and shipping charges. The claimant seeks compensation for these costs. The issue raised is whether these costs are a direct result of Iraq's invasion and occupation of Kuwait.

65. The Panel finds that the interest costs were incurred as a result of NBK's refusal to pay the amounts when they fell due. This resulted from an independent business decision by NBK to contest payment and the interest costs were therefore not a direct result of Iraq's invasion and occupation of Kuwait. The Panel has therefore recommended no compensation for the interest costs.

66. However, the Panel finds that the losses represented by amounts paid to United States customs authorities and the shipping agent were incurred when the ship returned to the United States, which event was a direct result of Iraq's invasion of Kuwait. The Panel has therefore recommended compensation for these amounts. The Panel has adjusted some of the amounts claimed for these customs and shipping charges because of evidentiary shortcomings noted in the documents submitted and because some of the costs (e.g., costs for unloading the goods in Kuwait) were not incremental to the original shipping transaction.

67. The Panel's recommendations on restart costs are summarized in annex II.

#### H. Other losses

68. Eleven claimants in this instalment submitted claims for other losses aggregating KWD 383,241 (approximately USD 1,326,093).

69. One claimant, Al A'mara Construction Materials & Contracting Abdul Majeed Zalzalalah & Partner W.L.L., stated that before Iraq's invasion of Kuwait it paid a sum as goodwill or "key money" to obtain certain leased premises in Kuwait. The claimant stated that because of Iraq's invasion and occupation of Kuwait, its business activities ceased until 1993 and it gave up its lease. The claimant seeks compensation for the "key money" paid. The claimant submitted a receipt showing payment of the "key money". The claimant's financial statements also showed the "key money" as an asset.

70. However, the evidence submitted indicated that after Iraq's invasion and occupation of Kuwait the claimant voluntarily returned the property to its landlord. The claimant argued that it did not recover the "key money" by assigning the lease because of unfavourable economic conditions prevailing in Kuwait. The claimant did not provide any evidence of attempts to recover the "key money" by assigning the lease. The claimant also did not provide any evidence suggesting that the leased premises were physically damaged in a manner that would have resulted in a loss in the value of the "key money" associated with the premises. Based on the above, the Panel concluded that while the claimant could have assigned the lease to recover the "key money" it made an independent business decision not to do so. Any loss suffered in relation to the "key money" was therefore the result of this independent business decision. As the loss was not a direct result of Iraq's invasion

and occupation of Kuwait, the Panel has recommended no compensation for this loss.

71. Another claimant, Burgan Kuwait Company for Used Cars, stated that it purchased a 50 per cent share in a Kuwaiti garage from a Jordanian individual one year before Iraq's invasion of Kuwait. The claimant submitted a contract to establish this purchase. The claimant stated that during Iraq's invasion and occupation of Kuwait, the Jordanian seller left Kuwait and did not return to Kuwait. The claimant also states that as the entire property was registered in the Jordanian's name, it lost the value of its investment when it purchased the property. The claimant did not explain why the property remained registered only in the seller's name one year after it had purchased 50 per cent of the property. The claimant did not provide any evidence to show it made efforts to recover its investment. The claimant also did not provide any information as to the present status of the property in Kuwait. Based on the above, the Panel concluded that the evidence submitted was not sufficient to demonstrate the circumstances and amount of the claimed loss. The Panel has therefore recommended no compensation for this claim.

72. Claims for "other losses" that have been dealt with in prior "E4" instalments were reviewed in the manner stated in earlier "E4" reports. (See, for example, the Second "E4" Report, para. 108 dealing with the treatment of prepaid expenses.)

73. The Panel's recommendations on other losses are summarized in annex II.

#### V. OTHER ISSUES

##### A. Applicable dates for currency exchange rate and interest

74. In relation to the applicable dates for currency exchange rate and interest, the Panel has adopted the approach discussed in paragraphs 226-233 of the First "E4" Report.

##### B. Claim preparation costs

75. The Panel has been informed by the Executive Secretary of the Commission that the Governing Council intends to resolve the issue of claim preparation costs in the future. Accordingly, the Panel has made no recommendation with respect to compensation for claim preparation costs.

VI. RECOMMENDED AWARDS

76. Based on the foregoing, the awards recommended by the Panel for claimants in the twelfth instalment of "E4" claims are set out in annex I to this report. The underlying principles behind the Panel's recommendations on claims in this instalment are summarized in annex II to this report. All sums have been rounded to the nearest KWD and therefore the amounts may vary from the amount stated on Form E by one KWD.
