al Republicii Moldova puse în circulație la 01.09.2001

# FlexiGrip 150 (F150) Cable Seal - Application Instruction.

Step 1

A. Insert loose end of cable into / around item to be sealed

Then insert loose end of cable into the seal body as illustrated.

Step 2

A. Pull end of the cable as tight as possible, leaving minimal or no free play between the item sealed and the seal body.

A. Tug the seal body to ensure locking integrity. The loose end of the cable must be cut off for security purposes.

The consignment is now properly sealed.

Step 3

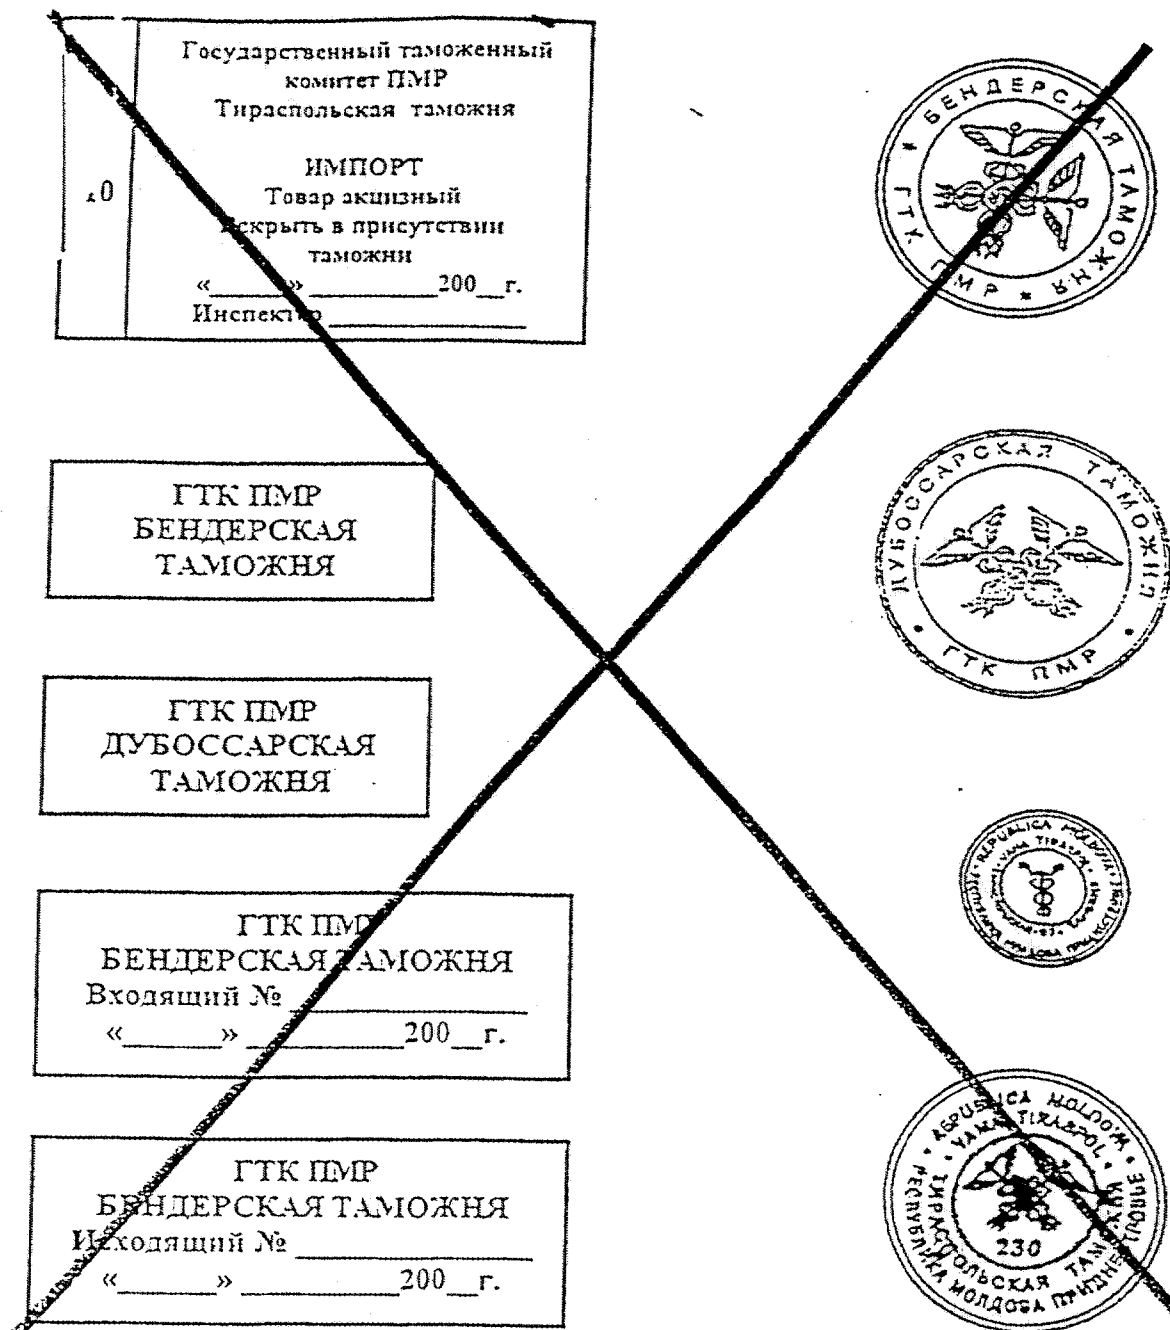

Removal Instruction.

A. Before removing the seal, check for any form of tampering.

Seal can be removed by cutting the cable between the sealed item and the seal body as illustrated.
