## **I. Introduction**

1. In its resolution 48/26 of 3 December 1993, the General Assembly decided to establish an Open-ended Working Group to consider all aspects of the question of increase of the membership of the Security Council and other matters related to the Security Council (for the full text of the resolution, see annex I).
2. The Open-ended Working Group on the Question of Equitable Representation on and Increase in the Membership of the Security Council and Other Matters related to the Security Council began its deliberations in January 1994. The mandate of the Working Group was extended by the General Assembly at its forty-eighth through fifty-fifth sessions.<sup>1</sup> Reports on the progress of its work were submitted by the Working Group to the General Assembly at its forty-eighth through fifty-fifth sessions.<sup>2</sup>
3. On 23 November 1998, the General Assembly adopted resolution 53/30 with regard to one of the agenda items of the Working Group, namely, "Majority required for taking decisions on Security Council reform" (for the full text of the resolution, see annex II).
4. On 8 September 2000, heads of State and Government adopted the United Nations Millennium Declaration, by which they resolved, inter alia, "to intensify our efforts to achieve a comprehensive reform of the Security Council in all its aspects" (see General Assembly resolution 55/2, para. 30).
5. On 10 September 2001, in its decision 55/503, the General Assembly decided that the Open-ended Working Group should continue its work and submit a report to the Assembly before the end of the fifty-sixth session, including any agreed recommendations. The present report has been prepared and submitted pursuant to that decision.
6. From 30 October to 1 November 2001, the General Assembly considered the question of equitable representation on and increase in the membership of the Security Council and other matters related to the Security Council (see A/56/PV.33-36).

## **II. Proceedings of the Working Group during the fifty-sixth session of the General Assembly**

7. The President of the General Assembly, Han Seung-Soo (Republic of Korea), served as Chairperson of the Working Group. Ambassadors Thorsteinn Ingolfsson (Iceland) and Mignonette Patricia Durrant (Jamaica) served as Vice-Chairpersons of the Working Group.
8. Meetings of the Working Group were chaired, when the Chairperson of the Working Group was not present, by one of the Vice-Chairpersons.
9. During the fifty-sixth session of the General Assembly, the Open-ended Working Group held four sessions, as follows: first session, 31 January 2002; second session, 11 to 15 March 2002; third session, 13 to 17 May 2002; and fourth session, 10 to 13 June 2002. A total of 13 meetings were held during the four sessions, during which delegations made oral as well as written proposals related to the issues discussed. Reference was made to proposals and/or position papers

submitted during previous sessions and annexed to previous reports of the Working Group. All proposals remain on the table. The Working Group affirmed that the work of the General Assembly on Security Council reform should be conducted in conformity with the relevant Assembly resolutions, fully respecting the need for transparency and open-endedness.

#### **A. First session of the Working Group**

10. At its first session, on 31 January 2002, the Working Group adopted its programme of work (see annex III).

11. The Working Group agreed that it should, in the light of its discussions in preceding years, in particular its discussions in 2001, continue: (a) its consideration of cluster I issues, namely, issues arising under the second item (Decision-making in the Security Council, including the veto), the third item (Expansion of the Security Council) and the fourth item (Periodic review of the enlarged Security Council) of its programme of work; and (b) its consideration of cluster II issues, namely, issues arising under the first item (Working methods of the Security Council and transparency of its work) of its programme of work.

12. The Working Group agreed that cluster I and cluster II issues should continue to be considered by the Working Group in tandem, meaning that the Working Group should, in terms of time and emphasis, consider cluster I and cluster II issues in a similar and balanced manner.

#### **B. Second session of the Working Group**

13. At its second session, from 11 to 15 March 2002, the Working Group began its consideration at the current session of the General Assembly of cluster I and cluster II issues.

14. The Working Group's consideration of cluster I issues proceeded on the basis of annexes XIII and XIV to the report of the Working Group to the General Assembly at its fifty-fifth session.<sup>3</sup>

15. The Working Group's consideration of cluster II issues proceeded on the basis of annex XVII to the report of the Working Group to the General Assembly at its fifty-fifth session.<sup>3</sup>

16. On 13 March 2002, in response to an invitation from the Working Group, the then President of the Security Council, Ambassador Ole Peter Kolby (Norway), and several members of the Security Council, discussed with the Working Group steps taken by the Council with a view to ensuring greater openness and transparency in its procedures and working methods.

17. Many members of the Working Group expressed the view that similar meetings of the Working Group involving members of the Security Council and of its working groups in interactive interchange of questions and views would be most welcome and useful and should be repeated in the future. At the close of the meeting, several members of the Working Group were still on the speaker's list, and it was therefore decided to have a follow-up meeting with representatives of the Security Council at the May 2002 session.

### **C. Third session of the Working Group**

18. At its third session, from 13 to 17 May 2002, the Working Group continued its consideration of cluster I and cluster II issues.

19. The Working Group's consideration of cluster I issues proceeded on the basis of the documents referred to in paragraph 14 above. Italy submitted a written proposal on the expansion of the Security Council. Japan submitted a written proposal concerning the documents referred to in paragraph 14 above (see annex VI).

20. The Working Group's consideration of cluster II issues proceeded on the basis of the documents referred to in paragraph 15 above. Written proposals were also submitted in that connection by Italy and Japan. In addition, the Working Group discussed a proposal by Grenada concerning the record-keeping practices of the Security Council secretariat.<sup>4</sup>

21. On 14 May 2002, as a follow-up to the 13 March 2002 meeting (see para. 17 above) and in response to an invitation from the Working Group, the then President of the Security Council, Ambassador Kishore Mahbubani (Singapore), and two members of the Security Council, Ambassadors Mikhail Wehbe (Syrian Arab Republic) and Sir Jeremy Greenstock (United Kingdom of Great Britain and Northern Ireland), attended the meeting of the Working Group in order to discuss additional questions raised by members of the Working Group at its 13 March 2002 meeting.

### **D. Fourth session of the Working Group**

22. At its fourth session, from 10 to 13 June 2002, the Working Group continued its consideration of cluster I and cluster II issues.

23. With reference to cluster I issues, the Working Group received a conference room paper by the Bureau of the Working Group (see annex IV) based on last year's working document on cluster I issues and a conference room paper containing the proposals referred to in paragraph 19 above (see annex VI).

24. With reference to cluster II issues, the Working Group received a conference room paper by the Bureau of the Working Group (see annex V) based on last year's working document on cluster II issues,<sup>5</sup> which reflected the deliberations of the Working Group at its March 2002 and May 2002 sessions.

25. The Open-ended Working Group considered and, on 13 June 2002, adopted its report to the General Assembly.

## **III. Recommendations**

26. At its 13th meeting, on 13 June 2002, the Open-ended Working Group concluded its work for the current session of the General Assembly. It decided to recommend that consideration of this item be continued at the fifty-seventh session of the Assembly, building upon the work done during previous sessions and with a view to facilitating the process of reaching general agreement. To that end, the

Working Group recommends to the General Assembly the adoption of the following draft decision:

“The General Assembly, recalling its previous resolutions and decisions relevant to, and having considered the report of the Open-ended Working Group on the Question of Equitable Representation on and Increase in the Membership of the Security Council and Other Matters related to the Security Council, established pursuant to its resolution 48/26 of 3 December 1993, and mindful of the United Nations Millennium Declaration of 8 September 2000 adopted by heads of State and Government,<sup>6</sup> in which they resolved, inter alia, to intensify their efforts to achieve a comprehensive reform of the Security Council in all its aspects:

(a) Takes note of the report of the Working Group on its work during the fifty-sixth session of the General Assembly;

(b) Welcomes the progress so far achieved in the consideration of the issues dealing with the working methods of the Security Council as provisional agreement has been recorded on a large number of issues, but, noting that substantial differences of view remain on other issues, urges the Open-ended Working Group to continue exerting efforts during the fifty-seventh session to achieve progress in the consideration of all aspects of the Question of Equitable Representation on and Increase in the Membership of the Security Council and Other Matters related to the Security Council;

(c) Decides that the Question of Equitable Representation on and Increase in the Membership of the Security Council and Other Matters related to the Security Council should be considered during the fifty-seventh session of the General Assembly, and further decides that the Working Group should continue its work, taking into account the progress achieved during the forty-eighth through fifty-sixth sessions, as well as the views to be expressed during the fifty-seventh session of the Assembly, and submit a report to the Assembly before the end of the fifty-seventh session, including any agreed recommendations.”

## **Annex IV**

### **Conference room paper submitted by the Bureau of the Working Group on the principal elements of proposals concerning (a) decision-making in the Security Council, including the veto, (b) expansion of the Security Council, and (c) the periodic review of an enlarged Security Council\***

#### **I. Introduction**

This conference room paper is a revised version of the conference room papers published as annexes XIII and XIV of last year's Working Group report (A/55/47). Those two annexes, which are merged here into a single annex, sought to identify principal elements of the proposals contained in sections I, II, and III of annex XI of the report of the Working Group to the General Assembly at its fifty-fourth session (A/54/47).

#### **II. Principal elements of proposals made with reference to “Decision-making in the Security Council, including the veto”**

##### **A. The veto as a voting instrument in the Council**

###### **1. Proposals not necessarily requiring Charter amendment**

###### **(a) Proposals to leave the veto in its present form**

The veto in its present form should be maintained.

###### **(b) Proposals to preclude use of the veto or to curtail use of the veto**

- (1) Permanent members of the Council should exercise restraint in resorting to the veto.
- (2) Every endeavour should be made to arrive at consensus decisions in the Council so that the veto need not be used.
- (3) A veto should only be exercised when the question is of vital importance to the United Nations as a whole.
- (4) If a veto is used, a written explanation of the reason for the veto should be given and also provided to the General Assembly.
- (5) Permanent members should commit themselves not to use the veto except for matters under Chapter VII of the Charter.

---

\* Previously issued as document A/AC.247/2002/CRP.3.

- (6) The General Assembly should urge permanent members not to use the veto except for matters under Chapter VII of the Charter.
- (7) What constitutes “procedural” matters, in terms of Article 27, paragraph 2, of the Charter, should be established by an updating of the annex to General Assembly resolution 267 (III) *and* should be applied by the Council.
- (8) Permanent members of the Council should make unilateral or collective commitments not to use the veto.

## **2. Proposals requiring Charter amendment**

### **(a) Proposals to eliminate the veto**

The veto should be eliminated.

### **(b) Proposals to curtail the veto**

- (1) Article 27 of the Charter should define more clearly where a veto is permissible.
- (2) The veto should be initially curtailed with a view to eventual elimination.
- (3) Limitation of the veto to actions under Chapter VII of the Charter — relevant Articles of the Charter to be appropriately amended.
- (4) More than one negative vote (of permanent members) to be required for exercise of a veto.
- (5) Exercise of a veto to be subject to General Assembly action.

## **B. Number of affirmative votes required for decisions in an enlarged Council**

- (1) The number of affirmative votes required for decisions in the Council should remain, as at present, around 60 per cent.
- (2) If 60 per cent of affirmative votes is required for decision, then the number of votes required in an enlarged Security Council would be as follows:

In a Council of 20, it would be 12;

In a Council of 21, it would be 13;

In a Council of 24, it would be 14;

In a Council of 25, it would be 15; and

In a Council of 26, it would be 16.

### **III. Principal elements of proposals made with reference to “Expansion of the Security Council”**

#### **A. Proposals of a general nature**

##### **1. Proposals for enlargement of Council in permanent and non-permanent membership**

- (1) Enlargement of the Council should enable inclusion of both new permanent members and new non-permanent members from developed/industrialized and developing countries.
- (2) The concepts “industrialized countries”, “developed countries” and “developing countries” should be clearly defined.
- (3) Enlargement in permanent and non-permanent membership should be considered together.
- (4) The current ratio of permanent and non-permanent seats should not be altered to the detriment of the non-permanent seats.

##### **2. Proposals for enlargement of Council in non-permanent membership only, for the time being**

If there is no agreement on enlargement of other categories of membership, there should only be, for the time being, enlargement of the non-permanent membership.

##### **3. Proposals for enlargement of Council in non-permanent membership only**

- (1) There should be enlargement only in non-permanent membership.
- (2) An enlarged Council should only include additional non-permanent members based on the principle of sovereign equality of States, and equitable geographical distribution.

#### **B. Proposals of specific numbers for enlargement of Council**

##### **1. Specific numbers proposed**

The enlarged Council should consist of

20 members

21 "

22 "

23 "

24 "

25 "

26 "

30 "

## **2. Range of numbers proposed**

The enlarged Council should be:

From 15 to 24

From 24 to 26

No greater than 25

At least 26

## **C. Increase in the permanent membership of the Council**

### **1. Proposals for permanent seats for: a particular region, a particular group of States or particular countries**

- (1) Africa should be allocated no less than two permanent seats according to decisions of the group of African States.
- (2) A permanent seat should be allocated for the group of Arab States, the seat to rotate among Arab States in accordance with the practice of the League of Arab States.
- (3) Two permanent seats should be allocated to Asia for decision of the Asian group in accordance with the system of rotation to be established by a working group formed for the purpose.
- (4) One permanent seat should be allocated for the European Union.
- (5) There should be two new permanent seats created for Germany and Japan as industrialized States.

### **2. Proposals for enlargement of permanent membership of the Council**

- (1) Five additional permanent seats: designated by two-thirds majority vote in the General Assembly — preferably on a regional basis taking account of equitable geographical distribution and capacity to contribute to peacekeeping operations.
- (2) Five additional permanent seats:
  - One to developing States of Africa;
  - One to developing States of Asia;
  - One to developing States of Latin America and the Caribbean;
  - Two to industrialized States.
- (3) Each developing region to be allocated two (regional) seats. Regional mechanism to determine allocation of seats within region.  
 As regards permanent regional representation, it is not precluded that a region may determine its own selection, prior to election by the General Assembly.
- (4) One additional permanent seat to five regional groups (except Western European and others) — present five permanent members unchanged. Two additional financial permanent members.

- (5) Each of five regional groups would have two permanent seats — present five permanent members (except United States) to be included in their regional groups. Three additional financial permanent members (including United States).
- (6) Five additional permanent seats:
  - One to each regional group in the United Nations (except Western European and Others);
  - Two additional financial permanent members.

## **D. Extension of the veto to new permanent members**

### **1. Question whether the veto should be extended**

- (1) New permanent members should have the same prerogative and powers of current permanent members.
- (2) The veto should not be extended to new permanent members.
- (3) New permanent members should:
  - (a) Indicate willingness to be permanent members without the veto;
  - (b) Agree not to exercise the veto until a periodic review of the enlarged Security Council has taken place.

### **2. When should question of extension of the veto to new permanent members be considered?**

- (1) Extension of the veto to new permanent members should be considered at the end of agreement on the reform package.
- (2) Extension of the veto to new permanent members should be considered only in the context of curtailment of veto use by the current permanent members.
- (3) A decision on the extension of the veto to new permanent members should be taken once they have been elected.
- (4) A high-level Working Group should consider the question of the extension of the veto to new permanent members. During the interim period, new permanent members will not individually exercise the veto and the concurring vote of a specified number (e.g. four out of five) will be required for Security Council decision on matters, not procedural under Chapter VII of the Charter.

## **E. Increase in non-permanent membership**

### **1. Reference in proposals to general criteria for enlargement of non-permanent membership**

- (1) Increase in non-permanent membership should take into account candidates from developing countries and industrialized States.
- (2) When additional non-permanent seats are distributed, no national or regional group should be discriminated against.

- (3) Every regional group should be allocated at least to one additional non-permanent seat in the enlarged Council.
- (4) A reasonable balance between the number of permanent and non-permanent seats should be maintained and would enhance the representativity and equitable geographical distribution of the Council.
- (5) Retiring non-permanent members of the Council should be eligible for immediate re-election.

## **2. Allocation of non-permanent seats among regions**

- (1) Every regional group should be allocated at least one additional non-permanent seat.
- (2) There should be an increase in both permanent and non-permanent categories. There should be four additional non-permanent seats as follows:
  - One for Africa;
  - One for Asia;
  - One for Latin America and the Caribbean;
  - One for Eastern Europe.
- (3) Four new non-permanent members should be elected as follows:
  - One for Africa;
  - One for Asia;
  - One for Eastern Europe;
  - One for Latin America and the Caribbean.

## **3. Allocation of non-permanent seats to one particular region or to one group of States**

- There should be five non-permanent seats for Africa.
- There should be one additional seat for Eastern Europe.
- There should be two non-permanent seats for the group of Arab States.

## **4. Some States to participate more frequently as non-permanent members**

- (1) There should be five additional (long-term, 6 to 12 years) non-permanent seats to be chosen by the General Assembly, with retiring members eligible for re-election.  
The other 10 non-permanent seats would continue as at present.
- (2) If two additional seats for permanent members are created, the number of non-permanent members should be increased by eight as follows:
  - Two seats for Africa;
  - Two seats for Asia;
  - Two seats for Latin America and the Caribbean;

One seat for Western Europe and Others;

One seat for Eastern Europe.

If there are eight new non-permanent seats (additional to the present 10 non-permanent seats), each seat could “rotate” among three or four States enabling — (24 to 32) countries that make a substantial contribution to peacekeeping activities and United Nations financing and represent the majority of the world’s population — to assume greater responsibility in implementing the Charter.

- (3) Ten new non-permanent seats should be added. For each of these seats, three States would be rotating, making a total of 30 States. Consequently, each of them would remain two years on, and four consecutive years off, the Council. These 30 States, which therefore would rotate more frequently and regularly than others, should be selected on the basis of objective criteria to be determined by the General Assembly.
- (4) The number of non-permanent members should be increased from 10 to 15. The additional five non-permanent members could have a long term (between 6 and 12 years, for example) and be chosen by the General Assembly by a simple majority. Retiring members would be eligible for immediate re-election. The other 10 non-permanent members would continue to be elected by the General Assembly for a period of two years. They would not be eligible for immediate re-election at the end of their terms.
- (5) States with strength and influence in international relations and the capacity and the will to make a significant contribution to the purposes of the United Nations should participate more frequently in the Council.

#### **IV. Principal elements of proposals made concerning the periodic review of an enlarged Security Council**

##### **A. Scope and necessity for periodic review**

1. A periodic review of the structure and functioning of the Security Council is necessary.
2. A review of the Security Council is unnecessary.
3. If there are no additional permanent members, a review would not be necessary.
4. Issues within the mandate of the Open-ended Working Group should be subject to periodical review every 10 to 15 years.
5. The review process should take into account all aspects of reform: status of new permanent members, question of the veto, accountability and representation of regions in the Security Council.
6. The review should not cover the original five permanent members.

**B. Timing of review**

1. A review should take place every 10 to 15 years.
2. The first review should take place 10 to 20 years after the current reform exercise, and thereafter every 10 to 12 or 15 to 20 years.
3. The review should be automatically included in the agenda of the General Assembly and concluded within two years.

**C. Decision-making in the course of a review**

1. The review should not be subject to the veto.
2. The continuance of new permanent members would be dependent on the support of a two-thirds majority of the United Nations membership.
3. New permanent members should continue unless otherwise decided by a two-thirds majority of the United Nations membership.

## Annex V

### **Revised conference room paper submitted by the Bureau of the Working Group on the working methods of the Security Council and transparency of its work\***

#### **I. Introduction**

In this revised version of the conference room paper published as annex XVII to document A/55/47 on the working methods of the Security Council and transparency of its work, paragraphs and subparagraphs which have been provisionally agreed in the Working Group are indicated by bold typeface. For paragraphs on which there is not yet provisional agreement, amendments and suggestions presented in the discussion in the Working Group, as recorded by the Bureau, have also been listed; there were also proposals to delete some of these paragraphs. Further proposals to that effect may be made in the future.

Furthermore, the Bureau has decided to add, under respective headings of this conference room paper (within boxes), relevant references to Security Council and General Assembly resolutions as well as notes and statements of the President of the Security Council, of which it is aware. The text of most of these documents can be found in similar boxes in last year's conference room paper on Cluster II issues published as annex XVII to document A/55/47, while the text of more recent documents of relevance are included at the end of this conference room paper. The Bureau hopes that the inclusion of these references and excerpts may inform delegations of relevant past practice in this area and facilitate constructive discussion within the Working Group.

#### **II. Relationship between the Security Council, the General Assembly and the general membership of the United Nations**

##### **A. Meetings of the Security Council and informal consultations of the whole\*\***

- 1. Suggested improvements to the present practice:**
  - (a) The Security Council should, as a general rule, meet in a public format open to all Member States of the United Nations;**
  - (b) Exceptionally, the Security Council may decide to meet in private;**
  - (c) When special circumstances so require, the members of the Security Council may meet for informal consultations of the whole;

---

\* Previously issued as annex XVII to the report of the Working Group to the General Assembly at its fifty-fifth session (*Official Records of the General Assembly, Fifty-fifth Session, Supplement No. 47 (A/55/47)*).

\*\* This title to be reviewed when we reach the stage of institutionalization.

*Suggested amendments to subparagraph (c) in favour of reference to “informal consultations of the whole”*

- (1) Revise the subparagraph to read: “When the members of the Security Council agree that special circumstances so require, they may meet for informal consultations of the whole.”
- (2) Revise the subparagraph to read: “When the Security Council agrees that special circumstances so require, [its members]/[it] may meet for informal consultations of the whole.”

##### **S/2002/56 of 14 January 2002 on joint meetings of the Security Council Working Group on Peacekeeping Operations and troop-contributing countries**

1. The members of the Security Council, recalling the statement by the President of the Security Council on 31 January 2001 (S/PRST/2001/3) and relevant Security Council resolutions about peacekeeping, having considered the views expressed, including in the letters of a number of troop-contributing countries of 30 May 2001 (S/2001/535) and 22 June 2001 (S/2001/626), and recognizing the desirability of forging a more effective partnership with troop-contributing countries, including by establishing a new mechanism for cooperation pursuant to section D, paragraph 1, of annex I to Security Council resolution 1353 (2001) of 13 June 2001, in addition to the current forms of consultation between the Council, the troop-contributing countries and the Secretariat, have given their agreement to the principle of convening joint meetings of the Security Council Working Group on Peacekeeping Operations and troop-contributing countries as an additional mechanism for

strengthening cooperation with troop-contributing countries on specific peacekeeping operations.

2. The purpose of the joint meetings of the Working Group and troop-contributing countries is to enable the members of the Council, relevant troop-contributing countries and the Secretariat to engage in a closer and more interactive dialogue over issues pertaining to peacekeeping operations as outlined in paragraphs 2 and 4 of section B of annex II to resolution 1353 (2001) so as to complement effectively the ongoing process of consultation meetings pursuant to the above-mentioned resolution. At the joint meetings, specific aspects of peacekeeping operations will be discussed in order to facilitate the work of the Security Council and the Secretariat by taking into account the views of the troop-contributing countries in relation to a corresponding peacekeeping operation.

3. The joint meetings of the Working Group and troop-contributing countries will be composed of the members of the Security Council and relevant troop-contributing countries as identified by the Secretariat, in consultations with the Chairman of the Working Group, in particular those contributing at least one formed military unit or a comparable number of civilian police, as well as representatives of the Secretariat. In specific circumstances, when the agenda of those meetings exceeds the limits of the strict interest of the troop-contributing countries on the ground, the Working Group may invite other significant actors to attend the joint meetings when the Working Group deems their participation to bring added value to the discussion at hand. The Secretariat is encouraged to provide military, political, humanitarian and other briefings and advice as appropriate.

4. The Chairman of the Working Group, bearing in mind that the workload of the Security Council should not become unduly burdensome, in consultation with members of the Working Group, relevant troop-contributing countries and the Secretariat, will be responsible for convening the joint meetings of the Working Group and troop-contributing countries. Depending on the situation in specific peacekeeping operations, meetings will be held as often as necessary and practicable. In the case of new peacekeeping missions, joint meetings may be convened at an early stage in order to consult prospective troop-contributing countries during the mission planning process.

5. The joint meetings of the Working Group and troop-contributing countries will be chaired by the Chairman of the Security Council Working Group or an alternate Security Council member. The Chairman will invite members of the Working Group and the troop-contributing countries to participate, indicating the level he or she deems appropriate for specific meetings. As a general rule, the venue and time of such meetings will be published in the *Journal of the United Nations*. The procedures adopted for the joint meetings should be kept as flexible as possible to allow for interactive discussion by the participants.

6. The Chairman of the Security Council Working Group on Peacekeeping Operations will be responsible for reporting to the Security Council on the joint meetings. Such communication can take various forms, including oral briefings. The Secretariat will be requested to provide the necessary assistance in this regard and in other relevant areas.

7. The Security Council continues to commit itself to the implementation of resolution 1353 (2001). The existing formats of meetings with troop-contributing

countries should be continued and improved according to the provisions contained in that resolution. Such meetings and the joint meetings of the Working Group and troop-contributing countries should be mutually complementary.

8. The new cooperation mechanism of the joint meetings of the Working Group and troop-contributing countries should not prejudice the responsibilities of the Security Council and its members as set out in the Charter and should not interfere in the operational responsibilities of the Secretariat for peacekeeping operations.

## **Statements by the President of the Security Council**

### **S/PRST/2001/3 of 31 January 2001 on meetings between the Security Council and troop-contributing countries**

At the 4270th meeting of the Security Council, held on 31 January 2001, in connection with the Council's consideration of the item entitled "Strengthening cooperation with troop-contributing countries", the President of the Security Council made the following statement on behalf of the Council:

"The Security Council has given further consideration to the question of strengthening cooperation between the Council, the troop-contributing countries and the Secretariat. In this connection, the Council stresses the importance of full implementation of provisions of resolution 1327 (2000) of 13 November 2000 and in the statements of its President of 28 March 1996 (S/PRST/1996/13) and 3 May 1994 (S/PRST/1994/22). The Council takes note of the views expressed at its debate on the subject 'Strengthening cooperation with troop-contributing countries' at its 4257th meeting on 16 January 2001. The Council recognizes the scope for further improvement in its relations with troop-contributing countries and the need to work together with a common purpose towards shared goals.

"The Security Council recognizes that in view of the increasing complexity of peacekeeping operations, there is a need for a transparent three-way relationship between the Security Council, the Secretariat and the troop-contributing countries that will foster a new spirit of partnership, cooperation and confidence.

"Recognizing that the experience and expertise of troop-contributing countries in theatres of operation can greatly assist the planning process, the Security Council reiterates its agreement to hold consultations with troop-contributing countries in a timely manner at different stages of a United Nations peacekeeping operation, in particular when the Secretary-General has identified potential troop-contributing countries for a new or ongoing peacekeeping operation, during the implementation phase of an operation, when considering a change to, or renewal of, or completion of a peacekeeping mandate, or when a rapid deterioration in the situation on the ground threatens the safety and security of United Nations peacekeepers.

"The Security Council will seek to ensure that all private meetings as provided for in resolution 1327 (2000) between members of the Council, the troop-contributing countries and the Secretariat are substantive, representative, meaningful and provide for a full exchange of views. The Council stresses the importance of full participation by all those involved and encourages troop-contributing countries to take the initiative to call for meaningful exchanges of information. The President of the Council will provide, where appropriate, a detailed report of consultations with the troop-contributing countries to the Council.

"The Security Council stresses the usefulness of full and comprehensive briefings by the Secretariat at private meetings with the troop-contributing countries, including, where appropriate, military factors.

“The Security Council encourages the Secretary-General to continue his efforts to improve coordination and cooperation on peacekeeping issues within the United Nations system and the Secretariat.

“The Security Council encourages the Secretary-General to raise public awareness globally of the positive contribution of peacekeeping operations and the role played by peacekeepers from various troop-contributing countries.

“The Security Council acknowledges that the Secretariat must be able to rely on sufficient human and financial resources to respond to the demands placed on it. It underlines the importance of follow-up to the report of the Panel on Peace Operations (S/2000/809) with a view to strengthening the Department of Peacekeeping Operations and other relevant departments of the Secretariat involved in peacekeeping.

“The Security Council reiterates that the problem of the commitment gap with regard to personnel and equipment for peacekeeping operations requires the assumption by all Member States of the shared responsibility to support United Nations peacekeeping.

“The Security Council acknowledges that the delay in reimbursement causes severe budgetary constraints to troop-contributing countries. It urges all Member States to pay their assessed contributions in full and on time, so that peacekeeping operations can stand on a solid financial basis.

“The Security Council decides to establish a Working Group of the Whole on United Nations peacekeeping operations. The Working Group will not replace the private meetings with the troop-contributing countries. The Working Group will address both generic peacekeeping issues relevant to the responsibilities of the Council, and technical aspects of individual peacekeeping operations, without prejudice to the competence of the Special Committee on Peacekeeping Operations. Where appropriate, the Working Group will seek the views of the troop-contributing countries, including through meetings between the Working Group and the troop-contributing countries, with a view to their views being taken into account by the Council.

“As a first step, the Working Group is tasked to undertake an in-depth consideration of, inter alia, all the proposals made in the course of the Council’s public meeting on 16 January 2001, including ways to improve the three-way relationship between the Council, the troop-contributing countries and the Secretariat and to report to the Council by 30 April 2001. An indicative list of all the ideas and proposals arising from the meeting on 16 January 2001 will be forwarded to the Working Group for its consideration.”

**S/PRST/2001/5 of 20 February 2001 on troop-contributing countries**

“...

“The Security Council recognizes that troop-contributing countries may be involved in peace-building activities and that, within the existing system of consultations with these countries, relevant peace-building activities should be discussed.”

## Annex VI

### **Conference room paper submitted by the Bureau of the Working Group: proposals submitted to the Working Group during its 2002 session\***

#### **I. Proposal contained in a letter dated 15 May 2002 from the Permanent Representative of Italy to the United Nations addressed to the Chairman of the Working Group**

The discussions that have taken place in this year's session of the Open-ended Working Group on Security Council reform have given evidence to the element of time as a crucial criterion to guide its deliberations and provide them with a reasonable sense of priority also as regards the issue of enlargement. All the more after the Millennium Summit, it is compelling to intensify efforts to move forward the process of reform. In this respect, nine years of thorough examination and lengthy debates have unquestionably proven that an agreement on the principle of adding new permanent members, as well as on their requirements, distribution among the regional groups and possible powers continues to be elusive.

In the light of these circumstances, the time has come to give special consideration to the only practicable way out of these divisive positions ensuring, at least after nine years, a broader representation of all regional groups and individual members on the Council. It has been correctly pointed out in this session that, had we adopted such a constructive approach from the beginning, as many as 50 additional Member States would by now have participated in the Council activities, giving their valuable contribution to its deliberations.

Such a long span of time has demonstrated how deep and substantial are the differences of opinion still remaining on the proposals to increase the number of permanent members, particularly as regards the feasibility of introducing a new category of "permanent members without the veto". While no real progress has emerged in regard to such specific expansion formulas, a wide convergence of views exists on the more general principle that representation on the Security Council needs to be enhanced in accordance with the requirements of equitable regional distribution and fair rotation. Furthermore, enlargement only in non-permanent membership could be considered in conjunction with other proposals for expansion in this category, such as establishing more frequently rotating seats, non-permanent members with longer terms, and non-permanent members eligible for immediate re-election.

Therefore we are of the opinion that the proposal introduced by Italy on 15 May last concerning the time factor should be duly reflected in the revised version of the document entitled "Principal elements of proposals" (annex XIII of last year's report), possibly in the section "E. Increase in non-permanent membership", where reference is made to general criteria for enlargement of non-permanent members. The text to be included would read as follows:

---

\* Previously issued as document A/AC.247/2002/CRP.4.

**“Since no agreement has been reached on an enlargement of other categories of membership after nine years of debates, priority consideration should be given to an enlargement of non-permanent membership only, for the time being.”**

We welcome your intention to circulate other drafts of conference room papers soon, as stated in your letter dated 4 June last transmitting the revised version of the conference room paper on cluster II issues. Accordingly the revised version of the conference room paper on cluster I issues is expected to put on record new proposals made by Member States during the last substantive session. Without any prejudice on the merit of the Italian proposal, it undeniably drew a qualified attention and was addressed by a large number of delegations during subsequent meetings. The broad interest displayed indicates how central to the Security Council reform is the notion of the passing of time.

Following the traditional practice of the Open-ended Working Group, the Bureau is now working on a revision of the documents related to cluster I issues: it so proceeds “in order to take into account the suggestions” made during the discussions (as stated, *inter alia*, in the introduction to annex XII of last year’s report). As in the case of cluster II, the conference room papers on cluster I are “living documents” subject to integration aimed at reflecting any new, constructive perspective which had emerged in the preceding debates: an approach implying that due notice should be taken in this year’s conference room paper of the above illustrated proposal.

## **II. Proposal contained in a letter dated 17 May 2002 from the Permanent Representative of Japan to the United Nations addressed to the Chairman of the Working Group**

During the discussions on cluster I issues in the Open-ended Working Group on the Question of Equitable Representation on and Increase in the Membership of the Security Council and Other Matters related to the Security Council in its March and May sessions, the Japanese delegation proposed amendments to annexes XIII and XIV of the report of the Working Group (A/55/47).

The Japanese delegation has compiled these proposals in the attached document in the hope that these proposals will be helpful in advancing the discussion on cluster I issues in future meetings of the Open-ended Working Group. This compilation is not intended to reduce or add to the current range of elements being proposed by Member States, but rather to eliminate those proposals that no longer enjoy support and to do away with redundancies in order to streamline annexes XIII and XIV of A/55/47.

I would be grateful if you could circulate the present letter and its attachment as a conference room paper of the Open-ended Working Group.

(Attachment)

**Proposals made by the delegation of Japan concerning possible improvements to annexes XIII and XIV of the report of the Open-ended Working Group (A/55/47)**

**Annex XIII. Principal elements of the proposals listed in annex XI of the report of the Working Group (A/54/47) concerning (a) decision-making in the Security Council, including the veto (sect. I), and (b) expansion of the Security Council (sect. II)**

**II. Principal elements of proposals made with reference to “Decision-making in the Security Council, including the veto”**

**A. The veto as a voting instrument in the Council**

- Delete A.1.(a), “The veto in its present form should be maintained”, and A.2.(a), “The veto should be eliminated”, as a package.

*Reason:* As the elements under A.1. do not require Charter amendment, it is a given that the veto in its present form would be maintained under these scenarios. Furthermore, we are not aware of any Member State, including the permanent members of the Council, that does not support the idea that “permanent members of the Council should exercise restraint in resorting to the veto”. (A.1.(b)(1)) If so, A.1.(a) could be deleted.

On the other hand, as the concept of the elimination of the veto is contained in A.2.(b)(2), namely, “The veto should be initially curtailed with a view to eventual elimination”, and as immediate elimination of the veto is most likely not a realistic option, A.2.(a) could also be deleted as a part of this package.

**B. Number of affirmative votes required for decisions in an enlarged Council**

- In B.(2), subject to the amendments on section III.B. below, delete “in a Council of 20, it would be 12”; insert “and 22” after “in a Council of 21” and insert “23 and” before “24”. The subsection, as amended, would read as follows:

“(2) If 60 per cent of affirmative votes is required for decision, then the number of votes required in an enlarged Security Council would be as follows:

In a Council of 21 and 22, it would be 13;

In a Council of 23 and 24, it would be 14;

In a Council of 25, it would be 15; and

In a Council of 26, it would be 16.”

*Reason:* The range of numbers should cover all proposed alternatives and should be consistent with section III.B. “Proposals of specific numbers for enlargement of Council”.

### III. Principal elements of proposals made with reference to “Expansion of the Security Council”

#### A. Proposals of a general nature

- Combine the elements under A.2., “Proposals for enlargement of Council in non-permanent membership only, for the time being”, and A.3., “Proposals for enlargement of Council in non-permanent membership only”, under the same subsection. The subsection, as combined, would read as follows:

#### “2. Proposals for enlargement of Council in non-permanent membership only

- (1) There should be enlargement in non-permanent membership only.
- (2) There should be enlargement in non-permanent membership only, for the time being.
- (3) There should be enlargement in non-permanent membership only, based on the principle of sovereign equality of States, and equitable geographical distribution.”

*Reason:* All of the above elements have to do with enlargement in the non-permanent membership only. Thus the text of annex XIII could be streamlined by combining them under a single subsection.

#### B. Proposals of specific numbers for enlargement of Council

- In B.1., “Specific numbers proposed”, delete “20 members”, replace “26 members” with “at least 26 members”, and delete “30 members”.

*Reason:* Reference to a Council of 20 could be deleted, taking into account the statements made by various delegations. Furthermore, there seems to be no support now for an expanded Council of “30 members”, but even if there were, this element would be covered by inserting “at least” before “26”, reflecting the common position of the Movement of Non-Aligned Countries.

- Delete B.2., “Range of numbers proposed”, subject to the above proposed changes to B.1. As a consequence of deleting B. 2., all subtitles in subsection B would also be deleted.

*Reason:* Introducing the above-proposed changes to B. 1. would cover all the possible ranges proposed in B. 2.

The subsection, as amended, would read as follows:

#### “B. Proposals for specific numbers for enlargement of Council

The enlarged Council should consist of

- 21 members
- 22 members
- 23 members
- 24 members
- 25 members
- At least 26 members

**C. Increase in the permanent membership of the Council**

- On C.2., “Proposals for enlargement of permanent membership of the Council”, delete (6), “Five additional permanent seats: — one to each regional group in UN (except Western European and Others); — two additional financial permanent members.”

*Reason:* Element (6) is identical to element (4) in substance.

**E. Increase in non-permanent membership**

- In E.2., “Allocation of non-permanent seats among regions”, delete (3), “Four new non-permanent members should be elected as follows: one for Africa; one for Asia; one for Eastern Europe; one for Latin America and the Caribbean.”

*Reason:* A literal interpretation of element (3) would yield a Council of 19 members only, which is smaller in terms of total size than any of the proposals put forward by Member States in the past. This would indicate that element (3) presupposes a simultaneous enlargement in the permanent membership. As elements (2) and (3) seem to refer to the same idea, element (3) could be deleted without damaging any Member State’s position.

- In E.4., “Some States to participate more frequently as non-permanent members”, delete (4), “The number of non-permanent members should be increased from 10 to 15. The additional five non-permanent members could have a long term (between 6 and 12 years, for example) and be chosen by the General Assembly by a simple majority. Retiring members would be eligible for immediate re-election. The other 10 non-permanent members would continue to be elected by the General Assembly for a period of two years. They would not be eligible for immediate re-election at the end of their terms.”

*Reason:* Element (4) is identical to element (1) in substance.

**Annex XIV. Principal elements of the proposals listed in annex XI to the report of the Working Group (A/54/47) concerning the periodic review of an enlarged Security Council (sect. III)****A. Scope and necessity for periodic review**

- Delete 2., “A review of the Security Council is unnecessary”.

*Reason:* Since no Member State expressed this view in the past, this paragraph should be deleted.
