2. The SBI noted with appreciation the work of the expert review teams and the secretariat that enabled successful and timely completion of the reviews of the initial reports submitted in 2006 and 2007.
3. The SBI reiterated its conclusions at its twenty-seventh session that, in accordance with decision 22/CMP.1, Annex I Parties may start reporting, on a voluntary basis, information under Article 7, paragraph 1, of the Kyoto Protocol with the inventory submission due under the Convention from the year following the submission of the initial report, and that this information shall be reviewed in accordance with the “Guidelines for review under Article 8 of the Kyoto Protocol”; this review will be conducted in conjunction with the annual review of greenhouse gas inventories under the Convention.

secretariat to update the training programme under the Convention and reiterated its request to the secretariat to update and complement the training programme under the Kyoto Protocol, and encouraged Parties in a position to do so to provide the necessary funding for the training programmes.

It emphasized that improvement of these processes is of critical importance and invited Parties to submit to the secretariat, by 19 September 2008, information on their experiences with and lessons learned from the review process, including recommendations for improvements, for compilation by the secretariat into a miscellaneous document to be made available to the SBI at its twenty-ninth session (December 2008).

6. The SBI agreed to continue its consideration on this agenda item at its twenty-ninth session, taking into account the "Annual report on the technical review of greenhouse gas inventories from Parties included in Annex I to the Convention" to be considered by the SBSTA at its twenty-ninth session (December 2008) as well as the conclusions and recommendations from the meetings of lead reviewers.
