## Soixante-cinquième session

Point 140 de l'ordre du jour provisoire\*

**Coordination administrative et budgétaire  
entre l'Organisation des Nations Unies  
et les institutions spécialisées ainsi que l'Agence  
internationale de l'énergie atomique**

## **Situation budgétaire et financière des organismes des Nations Unies**

### **Note du Secrétaire général**

#### *Résumé*

Par la présente note, le Secrétaire général transmet à l'Assemblée générale le rapport statistique du Conseil des chefs de secrétariat des organismes des Nations Unies pour la coordination sur la situation budgétaire et financière des organismes des Nations Unies, seul rapport où de telles statistiques soient présentées pour l'ensemble du système. Présenté sous une forme légèrement différente, il était, jusqu'en 1991, établi par le Comité consultatif pour les questions administratives et budgétaires et inclus dans ses rapports annuels sur la coordination administrative et budgétaire de l'ONU avec les institutions spécialisées et l'Agence internationale de l'énergie atomique (AIEA). Depuis 1991, six rapports biennaux ont été établis sous les auspices du Comité administratif de coordination. Le onzième rapport, que l'on trouvera ci-après, est le cinquième à être présenté par le Conseil des chefs de secrétariat des organismes des Nations Unies pour la coordination (CCS). Compte tenu des observations et des suggestions faites par la Cinquième Commission de l'Assemblée générale lors de la présentation du rapport correspondant (A/61/203 et Corr.1) en novembre 2006, et comme suite à des consultations approfondies au sein du Comité de haut niveau sur la gestion, qui relève du CCS, quelques modifications et améliorations ont été apportées à la présentation et au contenu des tableaux dans le dernier rapport (A/63/185). Les tableaux sur les ressources extrabudgétaires ont

\* A/65/150.

notamment été étoffés de façon à offrir une description exhaustive de la provenance des ressources dont disposent les organismes des Nations Unies. La même structure a été suivie pour les tableaux du présent rapport.

Les tableaux et données qui figurent dans le présent document, dont des analyses portant sur les chiffres présentés, plusieurs tableaux montrant les évolutions récentes et des aperçus de la répartition des ressources extrabudgétaires par pays et par organisme, peuvent être consultés sur le site Web du secrétariat du CCS ([www.unsceb.org](http://www.unsceb.org)).

## **Rapport statistique du Conseil des chefs de secrétariat des organismes des Nations Unies pour la coordination sur la situation budgétaire et financière des organismes des Nations Unies**

1. Le présent rapport est le onzième à être présenté par le Conseil des chefs de secrétariat des organismes des Nations Unies pour la coordination.
2. Les tableaux figurant dans le rapport sont regroupés sous cinq titres principaux, comme indiqué ci-après :
  - a) Ressources ordinaires (tableau 1);
  - b) Ressources extrabudgétaires (tableaux 2, 2 A et 2 B);
  - c) Dépenses totales (tableau 3);
  - d) Contributions mises en recouvrement (tableaux 4 à 7);
  - e) Fonds de roulement (tableau 8).

### **A. Ressources ordinaires**

Tableau 1. Budgets ordinaires approuvés (1996-2011). Le tableau 1 fait apparaître, pour chacune des organisations considérées dotées d'un budget ordinaire et pour les années 1996 à 2011, le montant des prévisions de dépenses effectivement approuvées aux budgets ordinaires plus tout autre crédit additionnel approuvé, déduction faite des contributions du personnel. Dans ce contexte, on donne à l'expression « budget ordinaire » le sens général de « ressources ordinaires », que celles-ci proviennent ou non de contributions mises en recouvrement au sens juridique du terme. Les chiffres correspondant à des budgets biennaux ont été divisés en deux chiffres annuels égaux.

### **B. Ressources extrabudgétaires**

Tableau 2. Ressources extrabudgétaires, toutes sources confondues (fonds perçus pour la période 2002-2009 et rentrées prévues pour l'exercice 2010-2011) : récapitulatif par organisation. Le tableau 2 fait apparaître le montant des contributions (effectives et projetées) versées en dehors des budgets ordinaires (voir tableau 1). Les ressources extrabudgétaires comprennent les fonds d'affectation spéciale, les versements au titre de la coopération technique et d'autres ressources ne relevant pas du budget ordinaire. Elles comprennent aussi les contributions en nature.

Tableau 2 A. Ressources extrabudgétaires : ventilation par organisation et par donateur (2002-2009). Le tableau 2 A fait apparaître le montant des contributions en espèces et en nature reçues par les mêmes organisations que celles énumérées dans le tableau 2 au cours des quatre derniers exercices biennaux.

Tableau 2 B. Contributions extrabudgétaires provenant de donateurs autres que des États (2002-2009). Le tableau 2 B a été ajouté au présent rapport afin de compléter le tableau 2 A et d'offrir une description exhaustive de la provenance des

ressources extrabudgétaires dont disposent les organismes des Nations Unies. Les chiffres sont ventilés selon quatre catégories de donateurs :

- Catégorie A : La Commission européenne;
- Catégorie B : Les cinq principaux donateurs non étatiques : organismes des Nations Unies, Banque mondiale, Fonds monétaire international (FMI) et banques de développement;
- Catégorie C : Les cinq principaux donateurs non étatiques : autres organisations internationales, organisations non gouvernementales, fondations, entreprises privées, etc.;
- Catégorie D : Les donateurs divers (autres que la Commission européenne et les cinq principaux donateurs des catégories B et C ci-dessus).

### C. Dépenses totales

Tableau 3. Dépenses totales. Le tableau 3 fait apparaître le montant des dépenses (2002-2009) imputées aux budgets ordinaires (tableau 1) et aux ressources extrabudgétaires (tableau 2), lesquelles comprennent les fonds d'affectation spéciale, les versements au titre de la coopération technique et d'autres ressources. Les chiffres comprennent les dépenses imputées sur les ressources que reçoit l'organisation en tant qu'agent d'exécution ou de réalisation. Les dépenses en nature sont indiquées séparément. Les montants indiqués sont tirés des états financiers vérifiés de la période correspondante.

### D. Contributions mises en recouvrement

Tableau 4. Contributions mises en recouvrement (1996-2011). Le tableau 4 fait apparaître le montant total des contributions payables par les États membres au titre des budgets ordinaires approuvés. Il ne comprend pas les contributions mises en recouvrement au titre d'activités extrabudgétaires, comme certaines opérations de maintien de la paix des Nations Unies.

Tableau 5. Barèmes des quotes-parts (2010-2011). Le tableau 5 indique la quote-part de chacun des États membres des organisations visées dans le tableau 4, au titre de leurs budgets ordinaires approuvés pour 2010 et 2011.

Tableau 6. Contributions approuvées et versées (2008-2009). Le tableau 6 indique, pour les États membres des organisations visées dans les tableaux précédents, le montant des contributions payables au titre des budgets ordinaires approuvés et le montant des contributions reçues en 2008 et 2009 au titre de l'exercice en cours et d'exercices antérieurs. Il convient de noter que les données fournies dans les rapports précédents concernant les contributions payables au titre du maintien de la paix ont été omises dans ce tableau. Elles figurent dans les rapports mensuels du Secrétariat sur l'état des contributions (documents portant la cote ST/ADM/SER.B-).

Tableau 7. Recouvrement des contributions (2008-2009). Le tableau 7 fait apparaître, pour chacune des organisations visées dans les tableaux précédents, le pourcentage des contributions dues pour l'année en cours au titre du budget ordinaire approuvé qui avaient été acquittées au 30 juin et au 30 septembre des deux

dernières années pour lesquelles on disposait de données (2008 et 2009). Il fait également apparaître, pour chaque organisation, le montant total de toutes les contributions dues au titre du budget ordinaire approuvé qui n'avaient pas été acquittées au 30 septembre de ces deux années.

## **E. Fonds de roulement**

Tableau 8. Fonds de roulement. Le tableau 8 fait apparaître, pour les organisations visées dans les tableaux précédents, le montant du fonds de roulement par rapport à celui des crédits ouverts au budget ordinaire approuvé pour l'exercice 2010-2011.

3. Dans plusieurs cas, les notes accompagnant les tableaux apportent des éclaircissements sur certains chiffres et des explications générales sur la portée et l'interprétation des données présentées.

<sup>a</sup> Ce tableau indique les prévisions de dépenses effectivement approuvées au titre des budgets ordinaires plus tout crédit additionnel approuvé, déduction faite des contributions du personnel. Aucun ajustement n'a été apporté aux chiffres. Dans ce contexte, on donne à l'expression « budget ordinaire » le sens général de « ressources ordinaires », que celles-ci proviennent ou non de « contributions mises en recouvrement » au sens juridique du terme. Lorsque les crédits approuvés comprennent un montant affecté à une réserve non répartie, celui-ci n'est pas inclus dans les chiffres indiqués, de sorte que les comparaisons ne portent que sur les budgets de fonctionnement effectifs. Le montant estimatif des dépenses d'appui à des activités extrabudgétaires est inclus dans la mesure où il est intégré aux budgets ordinaires. Le montant estimatif des remboursements à effectuer à des comptes sur lesquels des prélèvements ont été opérés pour financer des dépenses inscrites au budget ou des dépenses additionnelles autorisées est comptabilisé sur la période où le remboursement est effectué. Les chiffres correspondant à des budgets biennaux ont été divisés en deux chiffres annuels égaux (à moins qu'ils ne soient précisés par année); les crédits additionnels sont inclus dans les chiffres de l'année à laquelle ils se rapportent.

<sup>b</sup> Dans le cas des budgets libellés dans une monnaie autre que le dollar des États-Unis, les montants ont été convertis en dollars sur la base du taux de change opérationnel de l'ONU en fin d'année, sauf dans le cas des chiffres de 1996 et de 1997, qui ont été convertis sur la base du taux pratiqué en décembre 1997, et dans les cas ci-après, où les taux de change indiqués dans les états financiers ont été appliqués :

1) *Franc suisse par rapport au dollar* :

- UPU : 1996-1997 = 1,16; 1998-1999 = 1,42; 2000 = 1,60; 2002-2003 = 1,68 (taux pratiqué par l'ONU pour décembre 2001); 2004-2005 = 1,30; 2006-2007 = 1,21; 2008 = 1,14.
- UIT : 1996-1997 = 1,16; 1998-1999 = 1,42; 2000 = 1,59; 2001-2002 = 1,65; 2004-2005 = 1,30; 2006-2007 = 1,31; 2008-2009 = 1,25; 2010-2011 = 1,122.
- OMM : 1996-1997 = 1,16; 1998-1999 = 1,42; 2000 = 1,59; 2001-2002 = 1,65; 2004-2005 = 1,30; 2006 = 1,21; 2007 = 1,12; 2008 = 1,097; 2009 = 1,001; 2010-2011 = 1,001.
- OMPI : 1996 = 1,29; 1997 = 1,42; 1998 = 1,41; 1999 = 1,59; 2000 = 1,76; 2001 = 1,68; 2002 = 1,49; 2003 = 1,30; 2004 = 1,14; 2005 = 1,31; 2006 = 1,21; 2007 = 1,12; 2008 = 1,046; 2009-2011 = 1,03.
- OMC : 1996 = 1,29; 1997 = 1,42; 1998 = 1,41; 1999 = 1,59; 2000 = 1,76; 2001 = 1,68; 2002 = 1,49; 2003 = 1,30; 2004 = 1,14; 2005 = 1,31; 2006 = 1,21; 2007 = 2009 = 1,12; 2010-2011 = 1,15.
- CCI : 1998 = 1,41; 1999 = 1,59; 2000 = 1,76; 2001 = 1,68; 2002 = 1,575; 2003 = 1,359; 2004 = 1,25; 2005 = 1,231; 2006 = 1,258; 2007 = 1,203; 2008-2009 = 1,092; 2010-2011 = 1,20.
- OIM : 2006-2009 = 1,22.

2) *Dollar par rapport à la livre sterling (OMI)* : 1996-1997 = 1,54; 1998-1999 = 1,61; 2000 = 1,67; 2001-2002 = 1,41; 2004-2005 = 1,67; 2006-2007 = 1,75; 2008-2009 = 1,97; 2010-2011 = 1,65.

3) *Dollar par rapport au schilling autrichien/euro (ONUDI)*. Les montants ont été calculés sur la base des taux de change schilling autrichien-dollar applicables de 1988 à 2001 du fait du système permettant le paiement partiel des contributions en schillings, puis, à compter de 2002, sur la base du taux de change de la monnaie unique, l'euro : 1996 = 10,50 (schillings); 1997 = 12,00 (schillings); 1998 = 12,40 (schillings); 1999 = 12,90 (schillings); 2000 = 14,8635 (schillings); 2001 = 15,3642 (schillings); 2002-2003 = 1,123 (euro); 2004-2005 = 0,801. Les montants sont sujets à variation en fonction des taux de change pratiqués.

4) *Euro par rapport au dollar (OMT)* : 2004 = 0,737; 2005 = 0,845; 2006 = 0,760; 2007 = 0,686; 2008 = 0,699; 2009 = 0,693; 2010-2011 = 0,693.

5) *Dollar canadien par rapport au dollar des États-Unis (OACI)* : 2008-2009 = 1,15.

<sup>c</sup> Le budget de l'OTICE étant approuvé sur une base annuelle, les chiffres de l'année 2011 sont ceux qui figurent dans le projet de budget pour 2011, publié en juin 2010.

(Voir notes page suivante)

*(Suite des notes du tableau 1)*

<sup>d</sup> Les montants ont été calculés sur la base des taux de change schilling autrichien-dollar applicables du fait du système adopté en 1986 qui permettait de payer les contributions et d'ouvrir des crédits pour partie en schillings, puis, pour 2002 à 2009, sur la base des taux de change de l'euro par rapport au dollar : 1996-2001 = 12,70 (schillings); 2002-2005 = 0,9229 (euro); 2006-2009 = 1,00 (euro); les montants sont sujets à variation en fonction des taux de change pratiqués.

Depuis 2006, les montants sont calculés selon la formule suivante : part en dollars des États-Unis + part en euros/taux de change opérationnel moyen effectivement pratiqué par l'ONU = Budget en dollars des États-Unis : 58 688 000 dollars + 212 112 000 euros x 1,2495 = 323 721 944 dollars (2006); 57 945 000 dollars + 222 967 000 euros x 1,3651 = 362 317 252 dollars (2007); 57 892 894 dollars + 234 947 488 euros x 1,4643 = 401 926 501 dollars (2008); 59 268 417 dollars + 240 056 173 euros x 1,3893 = 392 778 458 dollars (2009); 59 941 716 dollars + 255 645 145 euros x 1,2762 = 386 196 050 (estimation 2010 au taux de change opérationnel moyen effectivement pratiqué par l'ONU entre l'euro et le dollar au 1<sup>er</sup> juin 2010); 62 409 827 dollars + 266 112 159 euros x 1,2762 = 402 022 164 dollars (estimation 2011 subordonnée à l'approbation de la Conférence générale, taux de change opérationnel moyen de l'ONU au 1<sup>er</sup> juin 2010).

<sup>e</sup> Le budget du FIDA étant approuvé sur une base annuelle, aucun chiffre n'est indiqué pour 2009. Une part importante des dépenses de base est encourue en euros. Celles-ci sont converties sur la base du taux de change budgétaire fixé en début d'année. Les montants indiqués se rapportent uniquement au « budget d'appui » du Fonds, auquel figurent les dépenses d'administration, de suivi et d'évaluation, d'audit et d'appui aux programmes de l'organisation. Le « programme de travail », qui fait état des ressources allouées aux agents de réalisation des projets sur le terrain, constitue l'autre partie du budget du FIDA. Le Fonds jouant un rôle d'intermédiaire financier, cette division lui est propre. Par souci d'exhaustivité, les montants de ses programmes de travail successifs sont indiqués ci-après en dollars des États-Unis : 1996 = 455,3 millions de dollars; 1997 = 450 millions de dollars; 1998 = 459 millions de dollars; 1999 = 472 770 000 dollars; 2000 = 482,2 millions de dollars; 2001 = 393,7 millions de dollars; 2002 = 450 millions de dollars; 2003 = 450 millions de dollars; 2004 = 462,5 millions de dollars; 2005 = 500 millions de dollars; 2006 = 550 millions de dollars; 2007 = 605 millions de dollars; 2008 = 650 millions de dollars; 2009 = 715 millions de dollars; 2010 = 800 millions de dollars.

<sup>f</sup> Les chiffres figurant dans le tableau 1 correspondent uniquement aux montants mis en recouvrement au titre des budgets ordinaires; ils ne rendent pas compte d'autres fonds alloués aux programmes. Ces montants sont convertis en dollars des États-Unis aux taux retenus dans les hypothèses budgétaires de l'alinéa 2) de la note b ci-dessus.

<sup>g</sup> « Budgets ordinaires » renvoie aux contributions volontaires « non liées »; sont exclus les fonds d'affectation spéciale, les contributions au titre de la participation aux coûts et toute autre contribution extrabudgétaire.

<sup>h</sup> « Budgets ordinaires » renvoie aux allocations budgétaires au Fonds pour l'environnement (volontaires uniquement) du PNUE approuvées par le Conseil d'administration.

<sup>i</sup> Le Protocole de Kyoto est entré en vigueur le 16 février 2005; pour 2005, la partie du budget de base approuvé correspondant aux crédits ouverts à titre temporaire pour financer les activités liées au Protocole de Kyoto a été calculée au prorata, c'est-à-dire sur la base de 10 mois et demi. Les budgets-programmes des exercices 2006-2007 et 2008-2009 se répartissent comme suit : 63,2 % pour la Convention et 36,8 % pour le Protocole de Kyoto. En vertu de l'Accord de siège, le Gouvernement allemand verse une contribution annuelle volontaire fixe de 766 938 euros (à l'origine 1,5 million de deutsche marks) au budget de base de la CCNUCC; ce montant n'a pas été versé en 1996 du fait que le siège se trouvait encore à Genève. Cette contribution est convertie en dollars des États-Unis au taux de change de l'ONU en vigueur à la date du dépôt.

Le budget de base de la CCNUCC pour 2010-2011 a été approuvé en euros. Le montant a été converti en dollars des États-Unis au taux de change budgétaire de 1 euro = 1,43 dollar.

<sup>j</sup> FNUAP : « Budgets ordinaires » renvoie aux contributions volontaires « non liées »; sont exclus les fonds d'affectation spéciale, les contributions au titre de la participation aux coûts et toute autre contribution extrabudgétaire.

---

*(Suite des notes du tableau 1)*

<sup>k</sup> « Budget ordinaire » renvoie uniquement aux allocations budgétaires qu'ONU-Habitat reçoit du Secrétariat de l'ONU pour l'exécution du chapitre 15 du programme de travail (Programme relatif aux établissements humains).

<sup>l</sup> « Budgets ordinaires » renvoie aux ressources ordinaires auxquelles s'ajoutent des ressources additionnelles au budget d'appui biennal approuvé par le Conseil d'administration. Sont exclues les autres ressources au titre des programmes et des fonds d'affectation spéciale.

<sup>m</sup> Déduction faite des dépenses remboursables.

<sup>n</sup> L'Organisation mondiale du tourisme a introduit en 2002-2003 un budget libellé dans une monnaie unique, l'euro, qui a été converti en dollars sur la base du taux de change moyen de la période allant de janvier 2000 à septembre 2001 : 1 dollar = 1,0976 euro. Pour connaître le taux de change opérationnel pratiqué depuis 2004, voir la note b 4).

Tableau 2

**Ressources extrabudgétaires, toutes sources confondues (fonds perçus pour la période 2002-2009  
et rentrées prévues pour l'exercice 2010-2011)<sup>a</sup>**

<sup>a</sup> Ce tableau indique les contributions versées par des États et d'autres donateurs (Banque mondiale, Commission européenne, banques de développement, entreprises privées, fondations, etc.) en dehors des budgets ordinaires (qui font l'objet du tableau 1). Les ressources extrabudgétaires comprennent les fonds d'affectation spéciale, les versements au titre de la coopération technique et les autres ressources ne relevant pas du budget ordinaire, y compris les fonds reçus au titre d'arrangements interorganisations. Elles doivent aussi comprendre les contributions en nature lorsque celles-ci apparaissent comme recettes dans les états financiers des organisations. Les contributions reçues dans des monnaies autres que le dollar des États-Unis doivent être converties en dollars au taux jugé le plus approprié par les organisations concernées. Lorsqu'il existe des prévisions significatives pour l'exercice biennal 2010-2011, elles sont indiquées.

<sup>b</sup> Les chiffres de l'ONU pour la période 2002-2005 comprennent les contributions extrabudgétaires aux fonds d'affectation spéciale et aux opérations de maintien de la paix, à l'exception des contributions sous forme de locaux, notamment, apportées dans le cadre des accords sur le statut des forces. Les ressources liées aux opérations de maintien de la paix sont indiquées dans une rubrique distincte des autres ressources extrabudgétaires. Les contributions extrabudgétaires aux opérations de maintien de la paix se rattachent aux exercices budgétaires comme suit : 2006 : 1<sup>er</sup> juillet 2005-30 juin 2006; 2007 : 1<sup>er</sup> juillet 2006-30 juin 2007; 2008 : 1<sup>er</sup> juillet 2007-30 juin 2008; 2009 : 1<sup>er</sup> juillet 2008-30 juin 2009.

(Voir notes page suivante)

*(Suite des notes du tableau 2)*

<sup>c</sup> Actuellement, les contributions en nature ne figurent pas comme recettes dans les états financiers de l'AIEA. Les montants en euros ont été convertis en dollars des États-Unis sur la base du taux de change opérationnel de l'ONU en vigueur en fin d'année, à savoir : pour 2008 = 1,4306 dollar et pour 2009 = 1,4430 dollar. Le montant des prévisions pour 2010 est le montant effectif des recettes au 31 mars 2010 mais les prévisions de recettes pour 2011 n'ont pas pu être établies.

<sup>d</sup> Les contributions en nature ne figurent pas comme recettes dans les états financiers de l'organisation; elles sont signalées dans les notes y relatives. Il n'a pu être établi de prévisions fiables des ressources extrabudgétaires pour 2010 et 2011.

<sup>e</sup> Y compris les prélèvements approuvés effectués chaque année sur le Fonds d'impression en faveur du Programme intégré de coopération technique, dont le montant est converti en dollars des États-Unis au taux budgétaire moyen.

<sup>f</sup> Les montants en francs suisses ont été convertis en dollars des États-Unis au taux de change opérationnel de l'ONU en vigueur en décembre 2008 et décembre 2009.

<sup>g</sup> Les montants indiqués comprennent uniquement les « autres ressources » du Programme, et non ses « ressources ordinaires ».

<sup>h</sup> Dont une estimation pour les fonds d'affectation spéciale pour la coopération technique et les contributions de contrepartie qui financent directement le programme de travail du PNUE. Non compris les accords multilatéraux sur l'environnement et les conventions.

<sup>i</sup> Les ressources extrabudgétaires comprennent un montant fixe de 1 789 522 euros (3,5 millions de deutsche marks) versé chaque année par le Gouvernement allemand en vertu de l'Accord de siège. Cette contribution est convertie en dollars des États-Unis au taux de change de l'ONU en vigueur à la date du dépôt.

Les montants comprennent toutes les recettes perçues, toutes sources confondues, y compris les intérêts créditeurs et les recettes accessoires, mais ne comprennent pas les contributions indicatives (mises en recouvrement) au budget de base. Les fonds destinés aux conférences et autres coûts recouvrables étaient exclus des états financiers jusqu'en 2006; les chiffres ont été modifiés afin de faire figurer les recettes perçues au titre de cette source de financement. Le montant total des recettes comprend le montant brut des prestations perçues au titre de l'assurance maladie après la cessation de service; en 2006 : 115 000 dollars; en 2007 : 139 000 dollars; en 2008 : 99 000 dollars; en 2009 : 100 000 dollars.

<sup>j</sup> Les montants indiqués comprennent uniquement les « autres ressources » du Fonds et les intérêts produits par celles-ci. Ils ne comprennent pas les « ressources ordinaires » du FNUAP.

<sup>k</sup> Les montants comprennent toutes les contributions volontaires (affectées et non affectées) reçues des pays donateurs et d'autres organisations, y compris les fonds reçus au titre d'arrangements interorganisations.

<sup>l</sup> Comprend les recettes au titre de toutes les sources des fonds : budget annuel, crédits additionnels et Programme des administrateurs auxiliaires. Ne comprend pas les écarts négatifs de conversion des devises.

<sup>m</sup> Les montants indiqués comprennent uniquement les « autres ressources » du Fonds, et non les ressources ordinaires ni les fonds d'affectation spéciale.

<sup>n</sup> Y compris les fonds reçus au titre d'arrangements interorganisations. 2002 = 10 543 600 dollars; 2003 = 7 744 600 dollars; 2004 : 7 544 100 dollars; 2005 = 6 429 500 dollars; 2006 = 6 916 200 dollars; 2007 = 10 364 100 dollars; 2008 = 1 847 000 dollars; 2009 = 957 700 dollars.

<sup>o</sup> Les chiffres concernant les fonds extrabudgétaires qui figurent au tableau 2 A représentent l'ensemble des recettes comptabilisées en 2008-2009. En 2008, l'OMS est passée à un progiciel de gestion intégré; les chiffres de 2008 ne sont donc pas complets au 31 décembre 2008. Les chiffres au 31 décembre 2009 sont représentatifs pour la totalité de l'exercice.

<sup>p</sup> Les taux de change appliqués sont ceux qui figurent dans les notes relatives au tableau 1.

## Notes du tableau 2 A

<sup>a</sup> Ce tableau indique les contributions versées par des États Membres en dehors des budgets ordinaires (figurant dans le tableau 1). Les ressources extrabudgétaires comprennent les fonds d'affectation spéciale, les versements au titre de la coopération technique et d'autres ressources ne relevant pas du budget ordinaire. Elles doivent aussi comprendre les contributions en nature lorsque celles-ci apparaissent comme recettes dans les états financiers des organisations. Les contributions reçues dans des monnaies autres que le dollar des États-Unis doivent être converties en dollars au taux jugé le plus approprié par les organisations concernées.

<sup>b</sup> Y compris les contributions volontaires versées à la Force des Nations Unies chargée du maintien de la paix à Chypre (UNFICYP), à la Mission d'observation des Nations Unies pour l'Iraq et le Koweït (MONUIK) et à d'autres opérations de maintien de la paix.

<sup>c</sup> Actuellement, les contributions en nature ne figurent pas comme recettes dans les états financiers de l'AIEA. Les montants en euros ont été convertis en dollars des États-Unis sur la base du taux de change opérationnel de l'ONU en vigueur en fin d'année, à savoir : pour 2008 = 1,4306 dollar et pour 2009 = 1,4430 dollar. Les montants négatifs représentent des contributions inutilisées rendues aux États Membres à la fin du projet.

<sup>d</sup> Y compris les projets de coopération technique, le Mécanisme de sûreté de l'aviation (AVSEC), la Facilité financière internationale pour la sécurité de l'aviation (IFFAS), le Programme universel OACI d'audits de supervision de la sécurité (USOAP) et d'autres fonds d'affectation spéciale.

<sup>e</sup> Dont les fonds d'affectation spéciale pour la coopération technique et les contributions de contrepartie.

<sup>f</sup> Les chiffres de l'OPS pour 2002 et 2003 ne comprennent pas les remboursements nets aux pays donateurs.

<sup>g</sup> Les états financiers d'ONUSIDA n'étant pas vérifiés annuellement, les chiffres annuels pour les exercices 2002-2003 et 2004-2005 ont été obtenus en divisant par deux les chiffres des états financiers biennaux vérifiés.

La contribution des États-Unis d'Amérique comprend les contributions versées par les organismes fédéraux comme les Centres for Disease Control and Prevention (CDC) et le National Institute of Health (Institut national de la santé).

<sup>h</sup> Dont les fonds d'affectation spéciale pour la coopération technique et les contributions de contrepartie qui financent directement le programme de travail du PNUE. Non compris les accords multilatéraux sur l'environnement et les conventions.

<sup>i</sup> À la suite de la déclaration d'indépendance du Monténégro en juin 2006, la Serbie et le Monténégro sont devenus deux États Membres distincts. C'est pourquoi les contributions pour la période 2002-2005 sont indiquées à la rubrique Serbie-et-Monténégro, tandis que les contributions pour 2006 et 2007 sont généralement présentées sous deux rubriques distinctes.

<sup>j</sup> Les ressources extrabudgétaires comprennent un montant fixe de 1 789 522 euros versé chaque année par le Gouvernement allemand en vertu de l'Accord de siège. Cette contribution est convertie en dollars des États-Unis au taux de change de l'ONU en vigueur à la date du dépôt.

L'Union européenne en tant qu'entité est partie à la Convention-cadre.

<sup>k</sup> Dont contributions au titre du cofinancement, achats pour le compte de tiers et contributions au titre du Programme des administrateurs auxiliaires.

<sup>l</sup> Y compris la coopération technique et les autres fonds d'affectation spéciale.

<sup>m</sup> Dont des contributions en nature d'une valeur de 1,9 million de dollars en 2002, 1,2 million de dollars en 2003, 1,4 million de dollars en 2004 et 6,6 millions de dollars en 2005. Sources des fonds : budget annuel, crédits additionnels et Programme des administrateurs auxiliaires.

<sup>n</sup> Les chiffres comprennent uniquement les autres ressources provenant de pays, zones et territoires. Ne sont pas comprises les contributions du système des Nations Unies, les contributions des organisations intergouvernementales et celles des organisations non gouvernementales.

<sup>o</sup> Les montants négatifs qui apparaissent en regard de certains pays donateurs correspondent à des remboursements ou à la reprogrammation du solde des contributions.

*(Suite des notes du tableau 2 A)*

<sup>p</sup> Les contributions versées par Hong Kong ont été regroupées avec celles de la Chine. Volume 1 présenté par le Secrétariat de l'ONU à New York.

<sup>q</sup> 1) Non compris les intérêts créditeurs et les recettes accessoires; 2) les montants négatifs indiqués pour 2006 au titre de l'Agence néerlandaise de développement international correspondent au remboursement d'intérêts bancaires.

<sup>r</sup> Dont des contributions en nature d'une valeur de 432 millions de dollars en 2004 et de 537 millions de dollars en 2005.

<sup>s</sup> Les chiffres concernant les fonds extrabudgétaires qui figurent au tableau 2 A représentent l'ensemble des recettes comptabilisées en 2008-2009. En 2008, l'OMS est passée à un progiciel de gestion intégré; les chiffres de 2008 ne sont donc pas complets au 31 décembre 2008. Les chiffres au 31 décembre 2009 sont représentatifs pour la totalité de l'exercice.

<sup>t</sup> Les taux de change appliqués sont ceux qui figurent dans les notes relatives au tableau 1.

<sup>u</sup> Nom donné par l'OMC au territoire que l'ONU appelle Province chinoise de Taiwan. Voir également l'annonce officielle de l'OMC : [http://www.omc.org/french/news\\_f/pres01\\_f/pr253\\_f.htm](http://www.omc.org/french/news_f/pres01_f/pr253_f.htm).

<sup>a</sup> Ce tableau indique les montants des contributions extrabudgétaires versées aux organisations du système des Nations Unies par des donateurs autres que des États. Les données sont ventilées selon quatre catégories de donateurs :

A) La Commission européenne;

B) Les cinq principaux donateurs non étatiques : organismes des Nations Unies, Banque mondiale, Fonds monétaire international (FMI) et banques de développement;

C) Les cinq principaux donateurs non étatiques : autres organisations internationales, organisations non gouvernementales, fondations, entreprises privées, etc.

D) Les donateurs divers (autres que la Commission européenne et les cinq principaux donateurs des catégories B et C, respectivement).

La somme des contributions inscrites dans ces quatre catégories (A + B + C + D) correspond au montant total des ressources extrabudgétaires provenant de donateurs autres que des États.

Dans les éditions antérieures de la présente étude, les chiffres du tableau 2 B constituaient la section B du tableau 2 A.

### Notes du tableau 3

<sup>a</sup> Ce tableau fait apparaître le montant des dépenses imputées aux budgets ordinaires (tableau 1) et aux ressources extrabudgétaires (tableau 2), lesquelles comprennent les fonds d'affectation spéciale, les versements au titre de la coopération technique et les autres ressources ne relevant pas du budget ordinaire ainsi que les dépenses encourues par les agents d'exécution ou de réalisation au nom des organisations assurant le financement des activités considérées. Les dépenses en nature sont indiquées séparément, les montants correspondants étant tirés des états financiers vérifiés.

Les montants sont indiqués tels qu'ils apparaissent à la rubrique des états financiers où figurent les dépenses totales. Tout changement par rapport aux chiffres figurant dans les états financiers doit être expliqué dans une note.

<sup>b</sup> Les dépenses liées aux opérations de maintien de la paix figurent dans une rubrique distincte des autres dépenses de l'ONU. Les exercices budgétaires des opérations de maintien de la paix sont : 2002 : 1<sup>er</sup> juillet 2001-30 juin 2002; 2003 : 1<sup>er</sup> juillet 2002-30 juin 2003; 2004 : 1<sup>er</sup> juillet 2003-30 juin 2004; 2005 : 1<sup>er</sup> juillet 2004-30 juin 2005; 2006 : 1<sup>er</sup> juillet 2005-30 juin 2006; 2007 : 1<sup>er</sup> juillet 2006-30 juin 2007; 2008 : 1<sup>er</sup> juillet 2007-30 juin 2008; 2009 : 1<sup>er</sup> juillet 2008-30 juin 2009. Les dépenses figurant à la rubrique « Fonds extrabudgétaires » correspondent à des annonces de contributions volontaires en espèces.

<sup>c</sup> Les chiffres des dépenses correspondent aux montants qui figurent dans les états financiers vérifiés.

Depuis le 1<sup>er</sup> janvier 2006, l'Agence utilise l'euro comme monnaie de compte pour son budget ordinaire.

Les chiffres de 2006, 2007, 2008 et 2009 correspondent aux dépenses totales de l'AIEA, exprimées en dollars des États-Unis sur la base du taux de change moyen pratiqué pendant l'exercice budgétaire.

Les chiffres de 2006, 2007, 2008 et 2009 concernant les fonds extrabudgétaires tiennent compte du Fonds de coopération technique.

<sup>d</sup> « Budget ordinaire » = montants effectifs liés au programme ordinaire; « Fonds extrabudgétaires » = versements au titre de la coopération technique et autres fonds d'affectation spéciale ou ressources.

<sup>e</sup> Les montants pour 2007-2009 ne comprennent pas les charges à payer non budgétisées au titre des prestations dues à la cessation de service et après le départ à la retraite, ni les ajustements sur exercices antérieurs.

<sup>f</sup> Le montant total des dépenses porte sur les dépenses opérationnelles, à savoir non compris les dons, l'Initiative en faveur des pays pauvres très endettés, les prêts, les effets de la comptabilité en juste valeur et les dépenses relatives à l'assurance maladie après la cessation de service. Les dépenses totales ont trait au FIDA et à tous les fonds supplémentaires figurant dans les états financiers consolidés. La rubrique « Budget ordinaire » correspond au FIDA et comprend les dépenses du Gouvernement italien qui sont entièrement remboursées, les dépenses étalées sur plusieurs années, les dépenses non renouvelables et les dépenses liées aux investissements. Par conséquent, ces dépenses ne font pas apparaître les flux de trésorerie découlant des prêts et contributions afférents au programme de travail.

<sup>g</sup> Les dépenses inscrites au budget ordinaire sont converties en dollars des États-Unis au taux de change annuel moyen de l'ONU (2004 : 1,821; 2005 : 1,825; 2006 : 1,828; 2007 : 2,001; 2008 : 1,801; 2009 : 1,559).

<sup>h</sup> Les taux de change appliqués sont ceux qui figurent dans les notes relatives au tableau 1.

<sup>i</sup> « Budget ordinaire » = ressources ordinaires; « Fonds extrabudgétaires » = services d'appui remboursables et autres ressources et fonds.

<sup>j</sup> Jusqu'à la fin 2006, les recettes et dépenses des conférences et autres coûts recouvrables ne figuraient pas dans les états financiers; les chiffres indiqués ont été modifiés pour tenir compte des dépenses liées à ces activités.

Les dépenses totales comprennent l'augmentation des charges à payer après la cessation de service; 2006 : 1 877 000 dollars; 2007 : 4 195 000 dollars; 2008 : 3 060 000 dollars; 2009 : 3 656 000 dollars.

*(Suite des notes du tableau 3)*

<sup>k</sup> Les dépenses inscrites au budget ordinaire sont celles encourues au titre du budget d'appui biennal, approuvé par le Conseil d'administration. Elles comprennent également d'autres dépenses imputées aux ressources ordinaires. Les fonds extrabudgétaires comprennent les dépenses inscrites à la rubrique « Autres ressources » (cofinancement, Programme des administrateurs auxiliaires et services d'achat).

<sup>l</sup> Les montants des dépenses extrabudgétaires sont ceux qui figurent dans les états financiers vérifiés tandis que les dépenses inscrites au budget ordinaire ont été tirées des données figurant dans le système intégré de gestion. Les dépenses inscrites au budget ordinaire ont été ajoutées aux états financiers d'ONU-Habitat sous forme de note, en 2008 uniquement.

<sup>m</sup> Les dépenses inscrites au budget ordinaire comprennent celles qui sont financées par les ressources ordinaires. Les fonds extrabudgétaires comprennent les dépenses inscrites à la rubrique « Autres ressources » et ne comprennent pas les fonds d'affectation spéciale.

<sup>n</sup> Budget ordinaire et fonds extrabudgétaires : les montants effectifs exprimés en euros sont convertis en dollars des États-Unis au taux de change opérationnel moyen effectivement pratiqué par l'ONU, soit 2006 : 1 dollar = 0,80158 euro pour 2006; 2007 : 0,73283 euro pour 2007; 2008 : 0,683 euro pour 2007; 2009 : et 0,720583 euro pour 2009.

<sup>o</sup> Les ressources correspondant au budget ordinaire approuvé de l'Office des Nations Unies contre la drogue et le crime sont inscrites au budget ordinaire de l'ONU et ne sont donc pas indiquées séparément.

<sup>p</sup> Les montants sont indiqués tels qu'ils apparaissent à la rubrique des états financiers où figurent les dépenses totales.

<sup>q</sup> L'Organisation mondiale du tourisme a introduit en 2002-2003 un budget libellé dans une monnaie unique, l'euro, qui a été converti en dollars sur la base du taux de change moyen de la période allant de janvier 2000 à septembre 2001 : 1 dollar = 1,0976 euro; pour 2004-2009 : 2004 : 0,737 euro; 2005 : 0,845 euro; 2006 : 0,760 euro; 2007 : 0,686 euro; 2008 : 0,699 euro; 2009 : 0,693 euro.

<sup>a</sup> Ce tableau indique le montant des contributions effectivement payables par les gouvernements pour financer les dépenses inscrites aux budgets ordinaires et toutes dépenses additionnelles. Aucune autre source de financement n'est indiquée. Dans le cas des organisations qui ont une réserve non répartie, le montant correspondant des contributions n'est pas inclus dans les chiffres indiqués. Il n'est pas tenu compte des effets de l'application des dispositions concernant les fonds de péréquation des impôts. Sauf indication contraire, les contributions au titre de budgets libellées dans des monnaies autres que le dollar des États-Unis sont converties en dollars au taux de change opérationnel de l'ONU pratiqué à la fin de l'année considérée, sauf dans le cas des chiffres de 1996 et 1997, qui ont été convertis sur la base du taux pratiqué en décembre 1997. Les écarts entre les montants indiqués dans ce tableau et ceux qui figurent dans le tableau 6 sont imputables essentiellement aux mises en recouvrement effectives opérées au titre des fonds de péréquation des impôts (montants inclus dans le tableau 6) et aux contributions mises en recouvrement auprès d'un État Membre qui a cessé d'exister. Dans le cas de l'AIEA, l'écart résulte de la conversion des contributions libellées en schillings autrichiens (dans le tableau 6).

<sup>b</sup> Montants provisoires.

<sup>c</sup> Le budget de l'OTICE étant approuvé sur une base annuelle, les chiffres de l'année 2011 sont ceux qui figurent dans le projet de budget pour 2011, publié en juin 2010.

<sup>d</sup> Les montants mis en recouvrement depuis 2004-2005 ont été libellés en dollars des États-Unis et en euros en vertu du recouvrement fractionné des contributions; les chiffres indiqués dans le tableau correspondent au montant consolidé.

(Voir suite des notes page suivante)

*(Suite des notes du tableau 4)*

<sup>e</sup> Les montants ont été calculés sur la base des taux de change schilling autrichien-dollar applicables du fait du système adopté en 1986 qui permettait de payer les contributions et d'ouvrir des crédits pour partie en schillings, puis, pour 2002 à 2009, sur la base des taux de change de l'euro par rapport au dollar : 1996-2001 = 12,70 schillings; 2002-2005 = 0,9229 euro; 2006-2010 = 1 euro. Les montants sont sujets à variation en fonction des taux de change pratiqués. Les chiffres de 2011 ne seront disponibles qu'en septembre 2010.

<sup>f</sup> Les contributions sont versées en dollars canadiens et en dollars des États-Unis. Le taux de conversion du dollar canadien en dollar des États-Unis est 1,034.

<sup>g</sup> Le Centre a commencé en 1999 à mettre en recouvrement les contributions statutaires dues par ses États membres.

<sup>h</sup> Le Fonds reçoit des contributions des États Membres au titre de la reconstitution des ressources; chaque reconstitution couvre une période de trois ans et est destinée à financer le programme de travail ordinaire. Les montants indiqués pour 1996 et 1997 correspondent chacun à un tiers de la troisième reconstitution au titre du programme ordinaire; ceux indiqués pour 1998 à 2000 correspondent chacun à un tiers de la quatrième reconstitution; ceux indiqués pour 2001 à 2003 correspondent chacun à un tiers de la cinquième reconstitution; ceux indiqués pour 2004 à 2006 correspondent chacun à un tiers de la sixième reconstitution; ceux indiqués pour 2007 à 2009 correspondent chacun à un tiers de la septième reconstitution. Les chiffres des années 1996 à 2007 comprennent le montant total des espèces, des billets à ordre et des sommes à recevoir encaissés au 31 décembre 2007. Le montant des billets à ordre et des sommes à recevoir a été converti sur la base du taux en vigueur à la date du 31 décembre 2007. Le montant en espèces a été converti sur la base du taux de change en vigueur à la date de l'encaissement. Il convient de noter que les chiffres des années 2007 à 2009 ont été ajustés dans l'édition de 2010 de l'étude du CCS afin d'y faire figurer les contributions véritablement reçues en espèces ou sous la forme de billets à ordre.

<sup>i</sup> Contributions payables en francs suisses en vertu du système adopté en 1990. Ces contributions ont été converties en dollars aux taux ci-après : 1996-1997 = 1,16; 1998-1999 = 1,46; 2000-2001 = 1,53; 2002-2003 = 1,77; 2004-2005 = 1,34; 2006-2007 = 1,25; 2008-2009 = 1,23.

<sup>j</sup> Les contributions sont payables en livres sterling; montants convertis en dollars des États-Unis aux taux de change ci-après, donnés pour 1 livre sterling : 1996-1997 = 1,54; 1998-1999 = 1,61; 2000 = 1,67; 2001-2003 = 1,41; 2004-2005 = 1,67; 2006-2007 = 1,75; 2008-2009 = 1,97; 2010-2011 = 1,65.

<sup>k</sup> Les contributions sont payables en francs suisses. Les taux utilisés sont les mêmes que ceux indiqués dans les notes relatives au tableau 1.

<sup>l</sup> Le budget ordinaire du CCI, qui est financé conjointement et à parts égales par l'Organisation mondiale du commerce et l'ONU, est approuvé en francs suisses. La part de chacune des deux organisations dans le budget du CCI est financée au moyen de contributions qui sont mises en recouvrement selon le barème des quotes-parts de chacune.

<sup>m</sup> « Budgets ordinaires » renvoie aux allocations budgétaires au Fonds pour l'environnement (volontaires uniquement) du PNUE approuvées par le Conseil d'administration.

<sup>n</sup> La part des contributions payables en francs français/euros en vertu du système adopté en 1988, qui permet le paiement des contributions en deux monnaies, a été convertie en dollars sur la base des taux de change suivants : 1996-1999 = 5,70 francs français; 2000-2001 = 5,70 francs français/0,869 euro; 2002-2003 = 0,869 euro; 2004-2005 = 0,869 euro; 2006-2007 = 0,869 euro; 2008-2009 = 0,869 euro; 2010-2011 = 0,869 euro.

<sup>o</sup> Les contributions indicatives (mises en recouvrement) pour 2011 sont calculées au taux de 1 euro = 1,43 dollar étant donné que le budget de base a été approuvé en euros.

*(Suite des notes du tableau 4)*

<sup>p</sup> Les montants ont été calculés sur la base des taux de change schilling autrichien-dollar applicables de 1988 à 2001 du fait du système permettant le paiement partiel des contributions en schillings, puis, à compter de 2002, sur la base du taux de change de la monnaie unique, l'euro : 1996 = 10,50 (schillings); 1997 = 12,00 (schillings); 1998 = 12,40 (schillings); 1999 = 12,90 (schillings); 2000 = 14,8635 (schillings); 2001 = 15,3642 (schillings); 2002-2003 = 1,123 euro; 2004-2005 = contributions calculées sur la base du taux de change moyen de l'ONU pour chacune des deux années. Les contributions pour 2005 comprennent les contributions supplémentaires approuvées en décembre 2005, converties au taux de décembre. 2006-2007 : pour 2006-2007, un taux moyen de 0,80158 dollar (2006) et 0,73283 dollar (2007) pour 1 euro a été appliqué; 2008-2009 : un taux moyen de 0,683 dollar pour 1 euro a été utilisé pour 2008 et de 0,720583 pour 2009. En revanche, pour 2010-2011, c'est le taux de janvier 2010 (0,693 euro pour 1 dollar) qui a été appliqué. Les montants indiqués pour 2010-2011 sont sujets à variation en fonction des taux de change pratiqués.

<sup>q</sup> L'Organisation mondiale du tourisme a introduit en 2002-2003 un budget libellé dans une monnaie unique, l'euro, qui a été converti en dollars sur la base du taux de change moyen de la période allant de janvier 2000 à septembre 2001 : 1 dollar = 1,0976 euro; pour 2004-2011; 2004 : 0,737 euro, 2005 : 0,845 euro; 2006 : 0,760 euro; 2007 : 0,686 euro; 2008 : 0,699 euro; 2009 : 0,693 euro; 2010-2011 : 0,693 euro. Les montants effectifs sont sujets à variation en fonction des taux de change pratiqués en fin d'année. Les contributions mises en recouvrement comprennent aussi celles des membres associés.

<sup>r</sup> Les contributions sont payables en francs suisses; montants convertis en dollars des États-Unis selon les taux suivants : 2004-2005 = 1,30; 2006 = 1,21; 2007 = 1,12; 2008 = 1,12; 2009 = 1,14; 2010 = 1,055.

<sup>s</sup> Les montants de 2011 correspondent aux contributions prévues pour 2011; ils peuvent être modifiés lors de l'approbation finale en décembre 2011. Par ailleurs, une formule permet aux membres qui verseraient leurs contributions à l'avance de bénéficier d'une réduction sur le montant de leur quote-part. Ces réductions ne sont pas prises en compte dans les montants indiqués dans le tableau.

## Notes du tableau 5

\* Le budget ordinaire du CCI, qui est financé conjointement et à parts égales par l'Organisation mondiale du commerce et l'ONU, est approuvé en francs suisses. La part de chacune des deux organisations dans le budget du CCI est financée au moyen de contributions qui sont mises en recouvrement selon le barème des quotes-parts de chacune.

<sup>a</sup> Ce tableau indique la part, en pourcentage, de chaque membre dans le budget des différentes organisations. En cas de variation du pourcentage en cours d'exercice biennal, celle-ci fait l'objet d'une note distincte.

L'absence de chiffre dans une colonne donnée signifie que le pays ou le territoire ne figure pas dans le barème des quotes-parts de l'organisation en question.

<sup>b</sup> Les taux indiqués sont ceux du barème de 2010 approuvé par la Conférence générale en septembre 2009.

<sup>c</sup> Les quotes-parts indiquées sont celles de l'année 2010.

<sup>d</sup> Le Fonds reçoit des contributions des États Membres au titre de la reconstitution des ressources; chaque reconstitution couvre une période de trois ans et est destinée à financer le programme de travail ordinaire. Les montants indiqués pour 1996 et 1997 correspondent chacun à un tiers de la troisième reconstitution au titre du programme ordinaire; ceux indiqués pour 1998 à 2000 correspondent chacun à un tiers de la quatrième reconstitution; ceux indiqués pour 2001 à 2003 correspondent chacun à un tiers de la cinquième reconstitution; ceux indiqués pour 2004 à 2006 correspondent chacun à un tiers de la sixième reconstitution; ceux indiqués pour 2007 à 2009 correspondent chacun à un tiers de la septième reconstitution. Les chiffres des années 1996 à 2007 comprennent le montant total des espèces, des billets à ordre et des sommes à recevoir encaissés au 31 décembre 2007. Le montant des billets à ordre et des sommes à recevoir a été converti sur la base du taux en vigueur à la date du 31 décembre 2007. Le montant en espèces a été converti sur la base du taux de change en vigueur à la date de l'encaissement. Il convient de noter que les chiffres des années 2007 à 2009 ont été ajustés dans l'édition de 2010 de l'étude du CCS afin d'y faire figurer les contributions véritablement reçues en espèces ou sous la forme de billets à ordre.

<sup>e</sup> Les quotes-parts indiquées sont celles de l'année 2011. Celles de 2010 sont calculées sur la base du barème triennal de l'ONU pour 2007-2009.

<sup>f</sup> Les quotes-parts indiquées sont celles de l'année 2010.

<sup>g</sup> Le budget de base est réparti entre la Convention (63,2 %) et le Protocole de Kyoto (36,8 %). Pour les pays devenus membres en 2010, leur quote-part a été établie au prorata de la date d'adhésion. Le nombre de parties au Protocole de Kyoto devrait encore augmenter au cours de l'exercice biennal.

L'Union européenne en tant qu'entité est partie à la Convention-cadre.

<sup>h</sup> Les chiffres indiqués correspondent aux quotes-parts de l'exercice 2010-2011.

<sup>i</sup> Le barème des quotes-parts pour 2010 était différent de celui de 2011; les chiffres de 2010 étaient calculés selon le barème des quotes-parts de l'ONU approuvé par l'Assemblée générale en décembre 2005 tandis que ceux de 2011 étaient calculés selon le barème des quotes-parts approuvé par l'Assemblée en décembre 2009.

<sup>j</sup> Porto Rico est membre associé de l'OMS, de l'OPS et de l'OMT. Les Antilles néerlandaises, Hong Kong (Chine) et Macao (Chine) sont membres associés de l'OMM. Les Antilles néerlandaises, Aruba, Hong Kong (Chine) et Macao (Chine) sont membres associés de l'OMT. La Communauté flamande de Belgique et Madère en sont également membres associés. Les Antilles néerlandaises, Aruba, les îles Caïmanes, les îles Féroé, les îles Vierges britanniques, Macao (Chine) et les Tokélaou sont membres associés de l'UNESCO, Hong Kong, les îles Féroé et Macao sont membres associés de l'OMI.

<sup>k</sup> En application de l'article 3.8 du Règlement financier de l'ONU, les États non membres de l'Organisation qui participent à certaines de ses activités sont appelés à contribuer à ses dépenses.

<sup>l</sup> À la suite de la déclaration d'indépendance du Monténégro en juin 2006, la Serbie et le Monténégro sont devenus deux États Membres distincts.

<sup>m</sup> Nom donné par l'OMC au territoire que l'ONU appelle Province chinoise de Taiwan. Voir également l'annonce officielle de l'OMC : [http://www.OMC.org/french/news\\_f/pres01\\_f/pr253\\_f.htm](http://www.OMC.org/french/news_f/pres01_f/pr253_f.htm).

## Notes du tableau 6

- <sup>a</sup> Ce tableau indique les mises en recouvrement approuvées et reçues par les États Membres au 31 décembre 2008, pour l'année 2008, et au 31 décembre 2009, pour l'année 2009. L'écart entre les montants indiqués dans ce tableau et ceux indiqués dans le tableau 4 est imputable essentiellement aux mises en recouvrement effectives opérées au titre des fonds de péréquation des impôts (montants qui sont inclus dans le présent tableau) et aux contributions mises en recouvrement auprès d'un État Membre qui a cessé d'exister.
- <sup>b</sup> L'absence de chiffre dans une colonne donnée signifie que le pays ou le territoire ne figure pas dans le barème des quotes-parts de l'organisation en question.
- <sup>c</sup> Porto Rico est membre associé de l'OMS, de l'OPS et de l'OMT. Les Antilles néerlandaises, Hong Kong (Chine) et Macao (Chine) sont membres associés de l'OMM. Les Antilles néerlandaises, Aruba, Hong Kong (Chine) et Macao (Chine) sont membres associés de l'OMT. La Communauté flamande de Belgique et Madère en sont également membres associés. Le Timor-Leste est un État Membre de l'UNESCO. Les Antilles néerlandaises, Aruba, les îles Caïmanes, les îles Féroé, les îles Vierges britanniques, Macao (Chine) et les Tokélaou sont membres associés de l'UNESCO. Les îles Féroé en sont membre associé depuis le 12 octobre 2009.
- <sup>d</sup> Budget ordinaire uniquement. On trouvera les données relatives aux opérations de maintien de la paix dans les rapports mensuels sur l'état des contributions (ST/ADM/SER.B) publiés par le Secrétariat de l'ONU.
- <sup>e</sup> Les contributions indiquées dans le tableau sont celles correspondant aux années 2008 et 2009, qui ont été approuvées par la Conférence générale en septembre 2007 et 2008, respectivement. Les montants ont été convertis sur la base du taux de change opérationnel de l'ONU en vigueur en fin d'année, à savoir : pour 2008 = 1,4306 dollar et pour 2009 = 1,4430 dollar.
- <sup>f</sup> Les contributions en livres sterling ont été converties en dollars des États-Unis sur la base de la moyenne annuelle du taux de change opérationnel de l'ONU de l'année correspondante, soit  
2008 : 1,801 dollar pour 2008; 2009 : 1,559 dollar pour 2009.
- <sup>g</sup> L'Union européenne en tant qu'entité est partie à la Convention-cadre.
- <sup>h</sup> La moyenne annuelle du taux de change opérationnel de l'ONU a été utilisée pour convertir les euros en dollars des États-Unis, soit 0,683 en 2008 et 0,720583 en 2009.
- <sup>i</sup> Les contributions sont payables en euros. Les taux de change utilisés par rapport au dollar des États-Unis sont les mêmes que ceux indiqués dans les notes relatives au tableau 1. Le montant des quotes-parts versées à l'OMT pour 2008-2009 n'inclut pas les quotes-parts des membres associés.
- <sup>j</sup> Les contributions sont payables en francs suisses. Les taux utilisés sont les mêmes que ceux indiqués dans les notes relatives au tableau 1. Paiements anticipés qui avaient été reçus à la fin de 2009 (en milliers de francs suisses) pour 2010 et les années suivantes : Angola : 50; Australie : 664; Bahamas : 2; Bulgarie : 89; Cameroun : 42; Costa Rica : 3; Équateur : 1; Ghana : 3; Honduras : 3; Italie : 173; Kazakhstan : 11; Lettonie : 11; Maroc : 6; République tchèque : 133; Sénégal : 1; Serbie : 22; Suriname : 179.
- <sup>k</sup> Les montants en francs suisses ont été convertis en dollars des États-Unis aux taux de change opérationnels de l'ONU de décembre 2008 et décembre 2009.
- <sup>l</sup> L'écart entre les montants figurant au tableau 4 et ceux figurant au tableau 6 correspond à la réduction des quotes-parts pour versement anticipé qui est proposée aux nouveaux membres.
- <sup>m</sup> Le Saint-Siège n'est pas Membre de l'Organisation des Nations Unies. Sa contribution d'État non membre est enregistrée au titre des recettes accessoires.
- <sup>n</sup> Nom donné par l'OMC au territoire que l'ONU appelle Province chinoise de Taiwan. Voir également l'annonce officielle de l'OMC : [http://www.OMC.org/french/news\\_f/pres01\\_f/pr253\\_f.htm](http://www.OMC.org/french/news_f/pres01_f/pr253_f.htm).

<sup>a</sup> Ce tableau indique le pourcentage des contributions de l'année en cours acquittées au 30 juin et au 30 septembre de chaque année, le pourcentage des contributions de l'année 2010 acquittées au 30 avril 2010 et le montant total des contributions non acquittées au 30 septembre de chaque année.

<sup>b</sup> Les montants sont sujets à variation en fonction des taux de change pratiqués. Les montants en euros ont été convertis en dollars des États-Unis sur la base du taux de change opérationnel de l'ONU en vigueur en fin d'année, à savoir : pour 2008 = 1,4306 dollar et pour 2009 = 1,4430 dollar. Les montants figurant dans la colonne pour avril 2010 sont les montants effectifs au 31 mars 2010.

<sup>c</sup> Versements reçus aux 30 juin/30 septembre sur des montants équivalant à un tiers de la septième reconstitution des ressources. En vertu des règles régissant les reconstitutions, les États membres effectuent généralement leurs paiements en trois versements mais il leur est possible d'échelonner leurs paiements différemment. Il convient de noter que les États membres peuvent également effectuer le paiement en un seul versement. Les pourcentages indiqués ne correspondent donc pas forcément aux contributions telles que déterminées en vertu du règlement. L'exercice budgétaire du FIDA suit l'année civile.

<sup>d</sup> Les montants en euros ont été convertis en dollars des États-Unis sur la base du taux de change opérationnel de l'ONU en vigueur au 31 décembre de l'année considérée (2008 : 0,699 dollar; 2009 et 2010 : 0,693). Les données sur l'acquittement des contributions mises en recouvrement par l'OMT pour la période 2008-2010 ne portent pas sur les contributions des membres associés.

<sup>e</sup> Total des contributions non acquittées au 31 décembre de l'année correspondante.

<sup>f</sup> Montants libellés en francs suisses convertis en dollars des États-Unis au taux de change opérationnel de l'ONU.

<sup>g</sup> Montants convertis en dollars des États-Unis sur la base de la moyenne annuelle des taux opérationnels de l'ONU pour 2008 (1,801 dollar); et 2009 (1,559 dollar).

<sup>h</sup> Les contributions non acquittées pour 2008 et 2009 comprennent les montants dus par les États-Unis (101 125 750 dollars) et la Yougoslavie (3 047 729 dollars).

<sup>i</sup> Mêmes taux que ceux appliqués aux chiffres du tableau 1.

<sup>j</sup> Montants libellés en francs suisses convertis en dollars des États-Unis au taux de change opérationnel de l'ONU pour septembre 2008 et 2009.

(Voir notes page suivante)

## Notes du tableau 8

- <sup>a</sup> Ce tableau indique le montant du fonds de roulement à la clôture de l'exercice biennal 2008/09 et sa valeur en pourcentage du budget ordinaire approuvé pour 2010-2011.
- <sup>b</sup> Chiffres extraits du tableau 1.
- <sup>c</sup> Le budget de l'OTICE étant approuvé sur une base annuelle, les chiffres de l'année 2011 sont ceux qui figurent dans le projet de budget pour 2011, publié en juin 2010. Les chiffres du budget pour 2010 et 2011 sont calculés au taux de change moyen suivant : 1 dollar = 0,7821 euro.
- <sup>d</sup> Le budget ordinaire et le montant du fonds de roulement de l'AIEA sont approuvés annuellement en euros. Les montants figurant dans la rubrique « Budget ordinaire » pour 2010 et 2011 sont des estimations (le budget de 2011 doit être soumis à l'approbation de la Conférence générale en septembre 2010); les montants en euros du budget ordinaire de 2010 et 2011 ont été convertis en dollars des États-Unis au taux de change opérationnel moyen appliqué par l'ONU en juin 2010, soit 1 euro = 1,2762 dollar. Le montant du fonds de roulement au 31 décembre 2009 a été converti au taux de change opérationnel moyen appliqué par l'ONU en 2009, soit 1 euro = 1,3893 dollar.
- <sup>e</sup> Les chiffres portent sur l'année 2010. Le montant du fonds de roulement est fixé par l'Assemblée de l'Organisation à 6 millions de dollars des États-Unis.
- <sup>f</sup> Le Fonds approuve son budget d'administration sur une base annuelle; par conséquent, les chiffres correspondent à l'année 2010 seulement.
- <sup>g</sup> Le montant du fonds de roulement a été converti en dollars des États-Unis au taux de change moyen pratiqué par l'ONU en 2009 (1,60). Les chiffres du budget ordinaire sont extraits du tableau 1 pour les années 2010 et 2011; ils ne concernent que les montants mis en recouvrement et sont convertis en dollars des États-Unis au taux retenu lors de l'établissement du budget de l'exercice 2010-2011 (1,65).
- <sup>h</sup> L'Union n'a pas de fonds de roulement.
- <sup>i</sup> Correspond au solde cumulé inscrit au budget-plan de travail intégré au 31 décembre 2009.
- <sup>j</sup> Fonds de roulement = total de l'actif moins total du passif.
- <sup>k</sup> La part du budget ordinaire de l'ONU affectée au PNUE pour 2010-2011 s'élève à 14,3 millions de dollars. Les chiffres indiqués ici ne correspondent qu'au Fonds volontaire pour l'environnement.
- <sup>l</sup> Le montant du fonds de roulement pour 2010-2011 a été approuvé en octobre 2009 à hauteur de 30 millions de dollars.
- <sup>m</sup> Le montant du fonds de roulement équivaut à un mois du budget annuel (8,3 %) de la première année de l'exercice biennal. Le nouveau montant est approuvé dans le cadre de la procédure d'approbation du budget, mais il ne figure dans les états financiers pour la première et la deuxième année de l'exercice que sous forme d'ajustement des réserves.
- <sup>n</sup> Fonds de roulement = total de l'actif (ressources ordinaires) moins total du passif (ressources ordinaires).
- <sup>o</sup> Le fonds de roulement équivaut à la réserve financière d'ONU-Habitat, comme indiqué dans la note 2 o) des états financiers de 2009.
- <sup>p</sup> Le montant approuvé du fonds de roulement est de 50 000 000 dollars.
- <sup>q</sup> Fonds de roulement = total de l'actif moins total du passif (toutes ressources confondues). « Budgets ordinaires » renvoie aux ressources ordinaires auxquelles s'ajoutent des ressources additionnelles au budget d'appui biennal approuvé par le Conseil d'administration. Sont exclues les contributions au titre des programmes et des fonds d'affectation spéciale. Le rapport fonds de roulement/budget ordinaire approuvé ne s'applique donc pas.
- <sup>r</sup> Montants convertis en dollars des États-Unis sur la base du taux de change opérationnel de l'ONU au 31 décembre 2009 (1 dollar = 0,693 euro).
