## Committee for Programme and Coordination

### Fifty-second session

4-29 June 2012

Agenda item 7

### Adoption of the report of the Committee on its fifty-second session

## Draft report

*Rapporteur:* Ms. Imelda Smolcic (Uruguay)

### Addendum

## Proposed strategic framework for the period 2014-2015

(Item 3 (b))

### Programme 10

#### Trade and development

1. At its 13th meeting, on 12 June 2012, the Committee for Programme and Coordination considered programme 10, Trade and development, of the proposed strategic framework for the period 2014-2015 (A/67/6 (Prog. 10)).

2. The Deputy Secretary-General of the United Nations Conference on Trade and Development (UNCTAD) and the Executive Director of the International Trade Centre (ITC) introduced their respective subprogrammes of the programme and responded to queries raised during the Committee's consideration of the programme.

#### Discussion

3. Support was expressed for the work of UNCTAD and ITC in assisting developing countries, including least developed countries and countries with economies in transition.

4. In the context of the overall orientation of the programme, concern was expressed about the excessive use of the term "development" in paragraph 10.1. Concern was also expressed with regard to the consistency of the description of the participation of developing countries in globalization.

5. Concerns were raised on the preparation of the strategic framework for the period 2014-2015 only on the basis of the decisions adopted at the twelfth session of the conference held in Accra in April 2008. The concern was raised about whether outcomes of the thirteenth session of the conference held in Doha in April 2012 should be presented separately or be incorporated into the document for discussion.

6. With regard to subprogramme 2, Investment and enterprise, queries were raised on the non-inclusion of the term “countries with economies in transition” in the objective, expected accomplishments, indicators of achievement and strategy.

7. With regard to subprogramme 6, Operational aspects of trade promotion and export development, it was observed that ITC plays a key role in line with mandates given by the Economic and Social Council to coordinate technical assistance provided by the United Nations to promote export capacity of developing countries. In this connection, queries were raised on whether a holistic medium-term plan is in place to establish new strategic alliances within and outside the United Nations in order for the Centre to have the ability to provide technical assistance and add to specialized services it provides to its membership.

#### **Conclusions and recommendations**

8. While recognizing the relevant provisions on UNCTAD as a subsidiary organ of the General Assembly, the Committee expressed its concern about the fact that the strategic framework of programme 10, Trade and development, for the period 2014-2015 was prepared only on the basis of the twelfth session of UNCTAD, held in Accra in April 2008, without taking into account the outcomes of the thirteenth session of UNCTAD, which took place in Doha in April 2012, reasonably in advance of the beginning of the fifty-second session of the Committee for Programme and Coordination.
