Noting the need to further intensify the engagement of the international community in the attainment of the goals and targets agreed in the Istanbul Programme of Action, including the mobilization of additional international support measures and action in favour of the least developed countries and the formation of a renewed partnership between these countries and their development partners,

Noting with appreciation the convening, from 14 to 16 December 2011 in Bangkok, of the Asia-Pacific Regional Meeting on the Implementation of the Istanbul Programme of Action, which adopted a Regional Road Map³ containing a set of capacity development activities and identifying the key agencies and entities that could be involved in delivering these activities,
