Plenary of the Intergovernmental Science-Policy Platform on Biodiversity and Ecosystem Services First session

Bonn, Germany, 21-26 January 2013

Item 6 of the provisional agenda*

Nomination and selection of the members of the Multidisciplinary Expert Panel

Proposals received for members of the Multidisciplinary Expert Panel

Note by the secretariat

1. At the second session of the plenary meeting to determine modalities and institutional arrangements for an intergovernmental science-policy platform on biodiversity and ecosystem services, held in Panama City from 16 to 21 April 2012, it was agreed that members of the Platform were to be invited to propose their candidates for interim membership of the Multidisciplinary Expert Panel for nomination by regions and approval by the Plenary (see UNEP/IPBES.MI/2/9, annex I, appendix II, rule 24).

2. As agreed in Panama, an interim arrangement for the membership of the Panel will be put in place until the final regional structure and expert composition of the Panel is determined by the Plenary. The interim membership will be based on equal representation of five participants from each of the five United Nations regions, and the arrangement will be in place for not more than a two-year period in order to allow the final regional structure and expert composition to be agreed at a session of the Plenary (see UNEP/IPBES.MI/2/9, annex I, appendix I, para. 16). Further details on the nomination and selection of the members of the Panel are provided in the rules of the procedure for the Plenary of the Platform (UNEP/IPBES.MI/2/9, annex I, appendix II) and the guidance document on the nomination and selection process for officers of the Bureau and members of the Panel (IPBES/1/INF/11).

* IPBES/1/1.

3. In response to the letter circulated by the Executive Director of the United Nations Environment Programme dated 29 May 2012, in which he invited the members of the Platform, as part of an intersessional process, to propose appropriate candidates for members of the Panel, the interim secretariat of the Platform at the United Nations Environment Programme received the proposals summarized below. The full curricula vitae of the candidates are available on the website of the Platform (www.ipbes.net/plenary/mep-nominations.html) and in document IPBES/1/INF/13.
