Comprehensive Nuclear-Test-Ban Treaty

The General Assembly,

Reiterating that the cessation of nuclear-weapon test explosions or any other nuclear explosions constitutes an effective nuclear disarmament and non-proliferation measure, and convinced that this is a meaningful step in the realization of a systematic process for achieving nuclear disarmament,

Recalling that the Comprehensive Nuclear-Test-Ban Treaty, adopted by its resolution [50/245](#) of 10 September 1996, was opened for signature on 24 September 1996,

Stressing that a universal and effectively verifiable Treaty constitutes a fundamental instrument in the field of nuclear disarmament and non-proliferation and that, after more than 15 years, its entry into force is more urgent than ever before,

Encouraged by the signing of the Treaty by 183 States, including 41 of the 44 whose ratification is needed for its entry into force, and welcoming the ratification

of the Treaty by 161 States, including 36 of the 44 whose ratification is needed for its entry into force, among which there are 3 nuclear-weapon States,

Recalling its resolution [67/76](#) of 3 December 2012,

Welcoming the adoption by consensus of the conclusions and recommendations for follow-on actions of the 2010 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons,¹ which, inter alia, reaffirmed the vital importance of the entry into force of the Comprehensive Nuclear-Test-Ban Treaty as a core element of the international nuclear disarmament and non-proliferation regime and included specific actions to be taken in support of the entry into force of the Treaty,

Also welcoming the Final Declaration adopted by the eighth Conference on Facilitating the Entry into Force of the Comprehensive Nuclear-Test-Ban Treaty, held in New York on 27 September 2013, convened pursuant to article XIV of the Treaty, and recalling the Joint Ministerial Statement on the Comprehensive Nuclear-Test-Ban Treaty, adopted at the ministerial meeting held in New York on 27 September 2012,²

Taking note of the establishment of a group of eminent persons to complement efforts to secure ratifications from the remaining Annex 2 countries and to support the article XIV process,

Gravely concerned that since its previous resolution on this subject, a nuclear test has been carried out,

1. *Stresses* the vital importance and urgency of signature and ratification, without delay and without conditions, in order to achieve the earliest entry into force of the Comprehensive Nuclear-Test-Ban Treaty;³

2. *Welcomes* the contributions by the signatory States to the work of the Preparatory Commission for the Comprehensive Nuclear-Test-Ban Treaty Organization, in particular its efforts to ensure that the verification regime of the Treaty will be capable of meeting the verification requirements of the Treaty upon its entry into force, in accordance with article IV of the Treaty;

3. *Underlines* the need to maintain momentum towards completion of all elements of the verification regime;

4. *Urges* all States not to carry out nuclear-weapon test explosions or any other nuclear explosions, to maintain their moratoriums in this regard and to refrain from acts that would defeat the object and purpose of the Treaty, while stressing that these measures do not have the same permanent and legally binding effect as the entry into force of the Treaty;

5. *Shares the grave concern* of the Security Council about the nuclear test conducted by the Democratic People's Republic of Korea on 12 February 2013, expressed in Council resolution [2094 \(2013\)](#) of 7 March 2013, recalls Council resolutions [1718 \(2006\)](#) of 14 October 2006 and [1874 \(2009\)](#) of 12 June 2009, calls

7. *Urges* all States that have signed but not yet ratified the Treaty, in particular those whose ratification is needed for its entry into force, to accelerate their ratification processes with a view to ensuring their earliest successful conclusion;
