STATISTICAL COMMISSION

CORRIGENDUM TO SUMMARY RECORD OF TENTH MEETING (DOCUMENT E/CN.3/SR.10)

On page 5 "Future Work of the Commission (Item 15 of the Agenda)"

delete the entire section and substitute the following:

Future Work of the Commission (Item 15 of the Agenda)

With reference to the action which the Commission had taken regarding the unpublished papers of the Committee of Statistical Experts of the League of Nations, the question of further work on the subjects covered by these papers was raised. In particular, it was felt that future work on the balance of payments, a field in which the International Monetary Fund has special interests, required discussion. The Fund might encounter some difficulties in the work which it had already undertaken in this field by reason of the fact that its membership was not as broad as that of the United Nations.

It was agreed that the International Monetary Fund, the Statistical Office of the United Nations and other interested agencies concerned should work in close collaboration in developing standards in this field. The Statistical Commission wished to record its request that the Secretary-General should include in his report at the next session of the Commission a special section dealing with this topic.
