I

Conditions of service applicable to both categories of staff

Mandatory age of separation

Decides that the mandatory age of separation for staff recruited before 1 January 2014 should be raised by the organizations of the United Nations common system to 65 years, at the latest by 1 January 2018, taking into account the acquired rights of staff,

II

Conditions of service of staff in the Professional and higher categories

A. Base/floor salary scale

Recalling its resolution 44/198, by which it established a floor net salary level for staff in the Professional and higher categories by reference to the corresponding base net salary levels of officials in comparable positions serving at the base city of the comparator civil service (the United States federal civil service),

Approves, with effect from 1 January 2016, as recommended by the Commission in paragraph 35 of its report, the revised base/floor scale of gross and net salaries for staff in the Professional and higher categories, as contained in annex IV to the report,

B. Evolution of the margin and margin management around the desirable midpoint

Recalling section I.B of its resolution 51/216 and the standing mandate from the General Assembly, in which the Commission is requested to continue its review of the relationship between the net remuneration of the United Nations staff in the Professional and higher categories in New York and that of the comparator civil employees in comparable positions in Washington, D.C. (referred to as “the margin”),

1. *Reaffirms* that the range of 110 to 120 for the margin between the net remuneration of officials in the Professional and higher categories of the United Nations in New York and officials in comparable positions in the comparator civil service should continue to apply, on the understanding that the margin would be maintained at a level around the desirable midpoint of 115 over a period of time;

2. *Notes* that the estimated margin between net remuneration of the United Nations staff in grades P-1 to D-2 in New York and that of officials in comparable

positions in the United States federal civil service in Washington, D.C. for the period from 1 January to 31 December 2015 is 117.2 and that its five-year average (2011 to 2015) also amounts to 117.2, which is above the desirable midpoint of 115;

3. *Recalls* its request, contained in its resolution 69/251, that the Commission continue action to bring the calendar year margin to around the desirable midpoint and further examine issues relating to margin management;

4. *Approves* the recommendations of the Commission on the margin management methodology as stated in paragraph 302 of its report;

5. *Decides* that, if the margin trigger levels of 113 or 117 are breached, the Commission should take appropriate action through the operation of the post adjustment system;

III

Review of the common system compensation package

1. *Approves* the proposals on the common system compensation package,³ subject to the provisions of the present resolution;

2. *Decides* that, unless otherwise established, these provisions should come into force on 1 July 2016;

3. *Takes note* of the fact that, following the submission of the Commission's report on the comprehensive review to the General Assembly, the freeze in the increases of allowances requested in its resolution 68/253 (sect. I.A, para. 5) will be discontinued, effective 1 January 2016 for the General Services and related categories, and effective 1 January 2017 for the Professional and higher categories;

4. *Recalls* paragraph 5, section I.A, of its resolution 68/253, and requests the Commission to review all allowances under its purview in order to assess the requirements for upward revisions;

9. *Decides* that:

(a) The salary levels of staff members that were higher than those at the maximum step of their grade upon conversion to the unified salary scale should be maintained by the Commission as a pay protection measure;

(c) The Commission will maintain and adjust the applicable pensionable remuneration amounts for such salaries;

10. *Also decides* that:

(a) Staff members in receipt of the dependency rate of salary in respect of a dependent child at the time of conversion to the unified salary scale structure will receive a transitional allowance of six per cent of net remuneration in respect of that dependent child and that no child allowance should be paid concurrently in that case;

(b) The allowance would be reduced by one percentage point of net remuneration every 12 months thereafter;

(c) When the amount of the transitional allowance becomes equal to or less than the amount of the child allowance, the latter amount would be payable in lieu;

(d) The transitional allowance would be discontinued if the child in respect of whom the allowance was payable were to lose eligibility;

11. *Further decides* that the net base salaries of the Assistant Secretaries-General and Under-Secretaries-General in the unified scale shall be established at the level of their present dependency rate of pay, reduced by six per cent, and that the pensionable remuneration of these grades should be maintained at their current levels;

2. Staff assessment rates

16. *Also decides* that the pensionable remuneration scale should continue to be updated on the same date and by the same percentage as net remuneration changes in New York;

6. Step increments and performance incentives

20. *Decides* to grant within-grade step increments annually from step I to step VII and biennially thereafter for grades P-1 through P-5, and to maintain biennial steps at the D-1 and D-2 levels as per the current system, as recommended in paragraph 279 (a) of the report of the Commission;

22. *Further decides* to discontinue the current practice of granting accelerated step increments;

23. *Requests* the Commission to conduct a study on the performance management schemes in common system organizations and to formulate recommendations on performance incentives based on merit that are not related to cash rewards, such as the possibility of accelerated step increments, and invites the Commission to review its recommendations contained in annex III of its report in the light of its findings and to report thereon not later than at the seventy-second session of the General Assembly;

25. *Decides* that the revised education grant scheme shall be introduced as of the school year in progress on 1 January 2018;

26. *Also decides* to revise the criteria covering post-secondary education to make the grant payable up to the end of the school year in which the child

completed four years of post-secondary studies or attained a first post-secondary degree, whichever comes first, subject to the upper age limit of 25 years;

27. *Further decides* that admissible expenses should be tuition (including mother tongue tuition) and enrolment-related fees, as well as assistance with boarding expenses;

28. *Decides* that tuition- and enrolment-related expenses should be reimbursed under a global sliding scale consisting of seven brackets, with declining reimbursement levels ranging from 86 per cent at the lowest bracket to 61 per cent at the sixth bracket and zero per cent at the seventh bracket, as outlined in table V in the report of the Commission;

29. *Also decides* that boarding-related expenses should be paid by a lump sum of 5,000 United States dollars, and only to staff serving in field locations whose children are boarding to attend school outside the duty station at the primary or secondary level, and that, in exceptional cases, boarding assistance should be granted to staff at “H” duty stations under the discretionary authority of executive heads;

33. *Further decides* that the amount of assistance with boarding expenses should be reviewed for possible adjustment, based on the movements in fees charged by boarding facilities of International Baccalaureate schools tracked biennially and upon assessment by the Commission;

36. *Further decides* that the maximum admissible expenses for the special education grant should be synchronized with those of the education grant, so as to set the maximum at an amount equal to the upper limit of the top bracket of the applicable global sliding scale;

37. *Decides* that for boarding assistance under the special education grant for children with disabilities, actual expenses should be used in the calculation of the total admissible expenses for reimbursement, up to the overall grant ceiling equal to the upper limit of the top bracket of the global sliding scale, plus the amount of

5,000 dollars equivalent to the boarding lump sum paid in the education grant scheme;

8. Repatriation grant

38. *Confirms* the rationale of the repatriation grant as an earned service benefit payable to expatriate staff members who leave the country of the last duty station upon separation;

45. *Decides* to provide a settling-in grant equivalent to 30 days of local daily subsistence allowance for staff, plus 15 days of local daily subsistence allowance for each accompanying eligible family member, and a lump sum amount equivalent to one month of net base pay plus applicable post adjustment;

10. Field allowances and benefits

46. *Approves* the adjusted hardship system consisting of five categories, as proposed in paragraphs 122 and 413 of the report of the Commission, which would be effective immediately upon implementation and for which no transitional measures would be required;

47. *Also approves* the new non-family service allowance, in lieu of the current additional hardship allowance, as described in paragraph 421 of the report of the Commission, and underlines that no transitional measures would be put in place for this allowance;

48. *Further approves* the new mobility incentive to encourage mobility of staff to field duty stations, as recommended by the Commission in paragraphs 129 and 431 of its report, which would apply to staff with five consecutive years of prior service in an organization of the common system and from their second assignment,

and which would exclude duty stations categorized as “H” duty stations under the hardship scheme;

49. *Decides* to increase the proposed mobility incentive by 25 per cent upon the fourth assignment of a staff member and by 50 per cent upon the seventh assignment;
