Algeria, Argentina, Bahamas, Bangladesh, Belize, Bolivia, Colombia, Costa Rica, Cuba, Cyprus, Dominican Republic, Ecuador, Egypt, El Salvador, Fiji, Ghana, Greece, Guatemala, Guinea, Guyana, Haiti, Honduras, India, Indonesia, Ivory Coast, Jamaica, Malaysia, Mexico, Morocco, Nicaragua, Panama, Paraguay, Peru, Philippines, Saint Christopher and Nevis, Singapore, Spain, Suriname, Ukrainian Soviet Socialist Republic, Union of Soviet Socialist Republics, Uruguay, Venezuela, and Yugoslavia:  
revised draft resolution

International action to combat drug abuse and illicit trafficking

The General Assembly,

Deeply concerned that the illicit demand for, production of and traffic in narcotic drugs and psychotropic substances continue to pose a serious threat to all mankind, to affect adversely the socio-economic and political structures of affected societies and to endanger the stability, national security and sovereignty of States,

Alarmed by the growing connection between drug trafficking and terrorism,

Reaffirming the principle of shared responsibility of the international community in combating drug abuse and illicit trafficking,

Reaffirming also the importance of international co-operation in the immediate implementation of all mandates and courses of action contained in the Comprehensive

Multidisciplinary Outline of Future Activities in Drug Abuse Control 1/ and the Global Programme of Action, 2/

Noting with interest the reports of the Secretary-General, 3/

Welcoming the work of the Intergovernmental Expert Group to Study the Economic and Social Consequences of Illicit Traffic in Drugs, convened under General Assembly resolution 44/142 of 15 December 1989, on the impact of the social and economic consequences of drug-money transfers and conversion, which have an adverse effect on national economic systems,

Having in mind that the group of experts proposed a framework for a future in-depth study on the economic and social consequences of illicit traffic in drugs, for which reason the issue must be duly followed up,

Keeping in mind that the Secretary-General has taken note of the recommendations addressed to him by the group of experts, which will be considered in the context of the proposed programme of drug-control activities for the biennium 1992-1993,

Recognizing that the Expert Group's consideration of the financial aspects of its mandate was more extensive than that on the economic and social consequences, and that these latter areas require further and more detailed analysis,

Welcoming the efforts made by those countries that produce narcotic drugs for scientific, medicinal and therapeutic uses to prevent the channelling of such substances to illicit markets and to maintain production at a level consistent with licit demands,

Reiterating that the transit routes used by drug traffickers change constantly and that an ever-growing number of countries in all regions of the world, and even entire regions, are particularly vulnerable to illicit transit traffic on account, inter alia, of their geographical location,

Noting with regret that the work of the secretariat of the International Narcotics Control Board and of the Division of Narcotic Drugs of the Secretariat is impeded by lack of human and financial resources and affirming that this problem must be given due consideration in the context of the restructuring of the United Nations drug control system,

2/ Resolution S-17/2, annex.

3/ A/45/535 and A/45/542.

Reiterating its condemnation of criminal activities that involve children in the use, production and illicit distribution of narcotic drugs and psychotropic substances, and appealing to the competent international agencies and the United Nations Fund for Drug Abuse Control to assign high priority to measures designed to address these problems,

Reaffirming the declarations of the International Conference on Drug Abuse and Illicit Trafficking 4/ and the General Assembly at its seventeenth special session, 2/ the World Ministerial Summit to Reduce the Demand for Drugs and to Combat the Cocaine Threat, held in London from 9 to 11 April 1990, 5/ and the Comprehensive Multidisciplinary Outline of Future Activities in Drug Abuse Control and Global Programme of Action, which, together with the international drug control treaties, provide a comprehensive framework for international co-operation in drug control,

Noting that the Global Programme of Action invites the United Nations Fund for Drug Abuse Control to elaborate for consideration by States a subregional strategy covering all aspects of drug abuse control and concentrating on the most affected areas where the problems are most complex and grave,

Noting with satisfaction that the regional heads of national drug law enforcement agencies and the Sub-Commission on Illicit Traffic and Related Matters in the Near and Middle East of the Commission on Narcotic Drugs are sources of very useful recommendations for action at the regional level oriented towards solving specific problems of the various regions,
