Having considered the report of the Secretary-General on co-operation between the United Nations and the Southern African Development Co-ordination Conference,⁶⁷

Reaffirming that developing countries have the primary responsibility for promoting technical co-operation among themselves, that developed countries and the United Nations system should assist and support such activities, and that in addition the United Nations system should play a prominent role as promoter and catalyst of technical co-operation among developing countries, in accordance with the Buenos Aires Plan of Action,

Convinced that the responsibility for the removal of the remnants of war should be borne by the countries that planted them,

Recognizing that the presence of the material remnants of war, including mines, in the territories of developing countries seriously impedes their development efforts and causes loss of life and property,

1. *Takes note* of the report of the Secretary-General on the problem of remnants of war;⁸¹

2. *Requests* the Secretary-General, in co-operation with the Executive Director of the United Nations Environment Programme, to continue his efforts with the countries responsible for planting the mines and the affected developing countries in order to ensure the implementation of the relevant resolutions;
