Union of Soviet Socialist Republics and United States of America: draft resolution

Judgement No. 370 of the United Nations Administrative Tribunal related to the suspension of class 12 post adjustment in New York as at 1 December 1984

The General Assembly,

Having considered the report of the Secretary-General on Judgement No. 370 of the United Nations Administrative Tribunal and the related financial implications, 1/

Recalling its resolution 39/27 of 30 November 1984 in which it noted with concern that the margin between the net remuneration of the United Nations and that of the comparator civil service would widen to the order of 24 per cent following the decision of the International Civil Service Commission to increase the post adjustment index at the base city, New York, by 9.6 per cent,

Recalling further that in its resolution 39/27 it considered that a margin of 24 per cent was too high and therefore requested the Commission to take the necessary measures to suspend implementation of the increase in post adjustment for New York envisaged for December 1984,

1. Reaffirms its resolution 39/27;
2. Requests the Secretary-General to study the feasibility of limiting the jurisdiction of the Tribunal to deal with applications involving the common system and financial implications in excess of \$200,000 and to report to the General Assembly at its forty-second session.
