Union of Soviet Socialist Republics: draft resolution

Judgement No. 370 of the United Nations Administrative Tribunal related to the suspension of class 12 post adjustment in New York as at 1 December 1984

The General Assembly,

Recalling its resolution 39/27 of 30 November 1984 in which it noted with concern that the margin between the net remuneration of the United Nations and that of the comparator civil service would widen to the order of 24 per cent following the decision of the International Civil Service Commission to increase the post adjustment index at the base city, New York, by 9.6 per cent,

Recalling further than in its resolution 39/27 it considered that a margin of 24 per cent was too high and therefore requested the Commission to take the necessary measures to suspend implementation of the increase in post adjustment for New York envisaged for December 1984,

Recalling also that, further to that decision, it rejected the Secretary-General's request for appropriations necessary for the increase in post adjustment for New York envisaged for December 1984,

Concerned that the implementation of Administrative Tribunal Judgement No. 370 will, for a period of four months, widen the margin between the net remuneration of the United Nations and that of the comparator civil service to a level of more than

24 per cent and thus will run counter to the purpose and intent of General Assembly resolution 39/27,

Requests the Secretary-General to defer the implementation of Administrative Tribunal Judgement No. 370.
