Trade of the Arab World with China: 1987 - 1994
STATISTICAL SUPPLEMENT

Volume Two: Imports and Exports Classified by Country, by SITC (Rev.2) Groups

Preface

The data in this statistical supplement were obtained through the courtesy of the Central Statistical Service, Data Management, UNCTAD. The data are classified by Arab country¹ at the 3 digits SITC Rev.(2) level. The cut-off value adopted for this supplement, in order to select meaningful statistics, was a cumulative total value of trade (either import or export) of U.S. dollars 100 thousand for the period 1987 - 1994.

The Joint UNCTAD/ESCWA Unit on Transnational Corporations organized this data base and undertook the necessary computations in order to build-up a picture reflecting the magnitude of trade (imports and exports) between each Arab country and the People's Republic of China, Hong Kong, Macau and Taiwan Province of China², for each SITC group.

Due to the important role played by Hong Kong, Taiwan Province of China, and to a lesser extend Macau, in channelling trade between the People's Republic of China and the Arab World, it was found necessary, for statistical purposes, to add-up the trade of the Arab World with these various trading partners, in order to arrive at a better estimate of inter-regional imports and exports.

The study on Trade of the Arab World with China, 1987-1994, has a statistical supplement in three volumes, reproducing trade statistics as follows:

Volume One: Imports and Exports Classified by SITC (Rev.2) Groups
Volume Two: Imports and Exports Classified by Country
Volume Three: Exports and Imports of the Chinese Trading Partners Classified by SITC (Rev. 2) Groups.

This Volume Two of the statistical supplement consists of two parts. Part One reproduces the imports of each Arab country from the People's Republic of China, Hong Kong, Macau and Taiwan Province of China, at the SITC (Rev.2) group level. Part Two reproduces exports of each Arab Country to the same trading partners.

The study on Trade of the Arab World with China, 1987-1994, and its statistical supplement of three volumes were prepared in implementation of an activity titled: "Country profiles on flow of goods, services and investment with China", in the Commission's approved work programme for the biennium 1996-1997.

¹ Names of Arab countries are limited to twelve characters, in accordance with the United Nations Standard Country or Area Code for Statistical Use.

² Any mention of "Taiwan" refers to Taiwan Province of China (United Nations, Lexique général, ST/DCS/1/Rev.3, New York, 1991, page 435)
