## INTRODUCTION

The publication of this **Directory**, which includes the names, qualifications and experience of Arab professional women in the field of economic and social development, was undertaken by the Economic and Social Commission for Western Asia (ESCWA) in implementation of one of the recommendations of the **Regional Plan of Action for the Integration of Women in Development in Western Asia**, which was adopted by ESCWA member States in 1978. Among the action-oriented proposals for regional and international cooperation contained in the Plan of Action was a request for ESCWA to publish, in cooperation with United Nations specialized agencies and the Arab regional organizations, a directory of professional women specializing in the various fields of economic, social and cultural activity, especially activities related to women and programmes aimed at integrating them into development, for use in identifying and selecting experts for technical cooperation activities among Arab countries and at the international level.

In 1984, the secretariat of ESCWA requested support for this activity from the United Nations Development Fund for Women (UNIFEM), then known as the Voluntary Fund for the United Nations Decade for Women. In response, the Fund financed the first Arabic edition of this Directory in cooperation with the Department of Technical Cooperation for Development (UNTCO), under the project entitled "Directory of Arab professional women in the field of technical cooperation among developing countries" (RAB/84/W01). It has since become a regular activity of the Women and Development Sub-Programme within the Social Development, Population and Human Settlements Division of ESCWA.

The aim of the **Directory** is to provide information about Arab professional women qualified to work in various academic branches and who can implement technical cooperation projects in the Arab countries and in other developing countries. It is, therefore, considered a useful instrument which facilitates the search for women with appropriate technical expertise in the planning, implementation

and assessment of development plans and programmes. This Directory is also intended to promote effective participation of women in the overall development process at both the regional and international levels.

In preparation for the **Directory**, ESCWA conducted a study aimed at identifying women experts in various fields in selected countries. This led to the development of a special questionnaire, the results of which provide essential information about Arab professional women as well as information about their backgrounds and their views on issues concerning Arab women and the fields of action in which they can participate.

This project is considered a first attempt to set up a roster of Arab professional women qualified to work in development projects at both the country and regional levels in the ESCWA region. It is natural that this first attempt should have some shortcomings since it was not possible to reach all the women who are qualified to be included in the roster. It was also not possible to update this edition with some of the information provided by them. Therefore, this **Directory** contains the names of professional women who responded to the questionnaire sent to them, who have a master's degree or higher qualifications and who have at least five years of experience in the selected fields, and whose mother tongue is Arabic.

The secretariat of ESCWA endeavoured to obtain the information contained in the **Directory** from the following sources:

- a) Governmental institutions that are the focal points for contact with national workforces;
  - b) Arab universities;
  - c) Research and training institutions;
  - d) Specialized organizations of the League of Arab States;
  - e) General Federation of Arab Women.
-

The secretariat of ESCWA also contracted experts in selected ESCWA countries to gather information through the distribution of the questionnaire that was developed especially for that purpose.

Women were also contacted directly and on an individual basis.

The **Directory** contains data on about 1,624 individuals, which represents a small percentage of qualified women in the ESCWA region. This number includes the qualified women whom the secretariat of ESCWA succeeded in contacting and who responded to the questionnaire. It is hoped that the cooperation between ESCWA and these professional women will contribute to widening the scope of participation in this **Directory** and improving and updating the information contained therein.

Updating the **Directory** is already underway since this is a continuing activity of the Social Development, Population and Human Settlements Division.

The data in this **Directory** have been alphabetized and classified according to general field of specialization. Data can be retrieved according to the following entries:

- Nationality
- General field of specialization
- Specific field of specialization
- Scientific degree
- A combination of these entries

As an outcome of this roster, the secretariat of ESCWA has published an analysis of the information available in the **Directory** which draws a profile of the professional women included.

This important reference will be distributed to national, regional and international institutions interested in employing qualified women in operational activities in the region.

This **Directory** will also be distributed to non-governmental women's organizations and other national, regional and international non-

governmental organizations with a view to assisting them in selecting qualified women who can contribute to the development of their programmes.

Those interested in using the services of any of the qualified women whose names are included in the **Directory** may contact ESCWA in order to obtain a copy of the full questionnaire, which contains detailed information about those women, as a first step in acquiring information about them. ESCWA will also provide a copy of the data on diskette upon the request of institutions concerned.

The secretariat of **ESCWA** would like to express its gratitude to UNIFEM for the financial support it provided to this project and for backing the ESCWA programme on Arab women and development. It would also like to thank the Department of Technical Cooperation for Development (UNTCD) for contributing to the preparatory phase of this **Directory**.

The secretariat of ESCWA would also like to seize this opportunity to express its gratitude to all those who contributed to this project, especially governmental bodies and non-governmental organizations whose cooperation was extremely valuable in publishing the Directory in its present form.

Finally, ESCWA hopes that the **Directory of Arab Professional Women in the Field of Technical Cooperation among Developing Countries** will achieve its goals, especially since it is the first regional experiment in this field.

Sabah Bakjaji  
Under-Secretary-General  
Executive Secretary of ESCWA

**ADDRESS:** 17 Dr. Ali Ramiz St., Heliopolis, Cairo, Egypt.  
**BIRTH DATE:** 18/01/34. **MARITAL STATUS:** M. **NATIONALITY:** EGY.  
**PRESENT JOB TITLE:** Researcher  
**FIRST LANGUAGE:** English. **SECOND LANGUAGE:**  
**DEGREE (1):** PHD.  
**UNIVERSITY:** Ain Shams University - Egypt 1985.  
**DEGREE (2):** MSC.  
**UNIVERSITY:** Cairo University - Egypt 1966.  
**MAIN SPECIAL.:** Chemistry.  
**SPECIFIC SPECIAL.:** Petroleum.  
**PUBLICATIONS:**  
**EXPERIENCE:** research.

00801  
NAME: Laila Mitri Hanania Abdel-Nour  
ADDRESS: Faculty of Science, Chemistry Dept., University of Jordan, Amman, Jordan.  
BIRTH DATE: 00/00/39. MARITAL STATUS: M. NATIONALITY: JOR.  
PRESENT JOB TITLE: Assistant Professor  
FIRST LANGUAGE: English. SECOND LANGUAGE: French.  
DEGREE (1): PHD.  
UNIVERSITY: Glasgow University - United Kingdom 1964.  
DEGREE (2): DIP.  
UNIVERSITY: Glasgow University - United Kingdom 1961.  
MAIN SPECIAL.: Chemistry.  
SPECIFIC SPECIAL.: Organic Chemistry.  
PUBLICATIONS: research papers  
EXPERIENCE: teaching

00782  
NAME: Laila Tarabishi  
ADDRESS: Faculty of Science, Aleppo University, Aleppo, Syria.  
BIRTH DATE: 00/00/00. MARITAL STATUS: M. NATIONALITY: SYR.  
PRESENT JOB TITLE: Lecturer  
FIRST LANGUAGE: English. SECOND LANGUAGE:  
DEGREE (1): MSC.  
UNIVERSITY: Bronell University - United Kingdom 1983.  
DEGREE (2): BSC.  
UNIVERSITY: Aleppo University - Syria 1974.  
MAIN SPECIAL.: Chemistry.  
SPECIFIC SPECIAL.: Not Available.  
PUBLICATIONS:  
EXPERIENCE: teaching.
