Twenty-sixth session

THE SITUATION IN THE MIDDLE EAST

Letter dated 8 January 1971 from the Permanent Representative of
Jordan to the United Nations addressed to the Secretary-General

Upon instructions from my Government and further to my letters of 16 July 1970 (A/7988, S/9868), 23 July 1970 (A/7997, S/9885) and 27 August 1970 (A/8051, S/9919) concerning Israel's arbitrary and continued expulsion of the Arab inhabitants of the occupied territories, I bring to Your Excellency's attention a list of new expellees in the year 1970.

The list includes 329 names of persons from all over the West Bank of Jordan and the Gaza Strip including civic and community leaders of different villages and towns. The list also includes elderly men in their seventies and eighties.

Israel's measures of expulsion, which constitute a link in the chain of its policy to replace the indigenous population with alien elements who settle on confiscated or sequestered Arab land, prove once more the anti-Arab and racial policies of Israel and its philosophy of Zionism. For there is a clear pattern of measures and policies which Israel has been following: conquest, occupation, confiscation of Arab land and properly coupled with systematic expulsion of the Arab population and their leaders and the building of Israeli and purely Jewish settlements and the injection of new immigrants to colonize the conquered land. This was the case twenty-two years ago and it has been the case since June 1967.

This is why Israel and its leaders are not interested in a political solution under the auspices of Ambassador Jarring. They are more interested in creating new "realities".

* Also issued under the symbol S/10073.

May I request Your Excellency to bring this matter to the Commission on Human Rights for its forthcoming session.

I would appreciate it if this letter, and the accompanying list of expellees after its transliteration into English, be circulated as official documents of the General Assembly and the Security Council.
