Made - - - - - 31st March, 1950
Coming into Operation 1st May, 1950

At the Court at Windsor Castle, the 31st day of March, 1950

Present,

The King's Most Excellent Majesty in Council

Whereas by subsection (2) of section eight of the Dangerous Drugs Act, 1920^(a) (hereinafter referred to as "the principal Act"), as amended by subsection (2) of section one of the Dangerous Drugs Act, 1932^(b), power is conferred upon His Majesty by Order in Council to declare that Part III of the principal Act shall apply to any drug of whatever kind in the same manner as it applies to the drugs mentioned in subsection (1) of the said section eight if it appears to Him that the drug is or is likely to be productive, if improperly used, or is capable of being converted into a substance which is or is likely to be productive, if improperly used, of ill effects substantially of the same character or nature as or analogous to those produced by morphine or cocaine :

And Whereas it appears to His Majesty that the drugs specified in the Schedule to this Order are productive, if improperly used, or are capable of being converted into a substance which is or is likely to be productive, if improperly used, of ill effects substantially of the same character or nature as or analogous to those produced by morphine or cocaine :

And Whereas by the Dangerous Drugs Act (Application) Order, 1947^(c), made under the aforesaid powers it was declared that Part III of the principal Act should apply as aforesaid to, amongst other drugs, a certain form of the drug known as amidone, and its salts, and preparations, admixtures, extracts or other substances containing any proportion of that form of amidone :

And Whereas all forms of the drug known as amidone, and its salts, and preparations, admixtures, extracts and other substances containing any proportion of any form of amidone are amongst the drugs specified in the Schedule to this Order, and it is expedient accordingly that the said Order of 1947 should be amended so as to omit reference to the said form of amidone, and its salts, and preparations, admixtures, extracts or other substances containing any proportion of the said form of amidone :

And Whereas by section four of the Dangerous Drugs Act, 1932, an Order made by His Majesty in Council under the principal Act as amended by the said Act of 1932 may be varied or revoked by a subsequent Order made in the like manner and subject to the like provisions :

Now, therefore, His Majesty, in pursuance of the power conferred upon Him by subsection (2) of section eight of the principal Act, as amended by subsection (2) of section one of the Dangerous Drugs Act, 1932, and by

EXPLANATORY NOTE

(This Note is not part of the Regulations, but is intended to indicate their general purport.)

The amendments made by Regulation 1 are consequential on the passing of the Veterinary Surgeons Act, 1948. Regulation 2 consolidates the existing provisions as to the classes of persons authorised to possess and supply drugs, and amends them in relation to hospitals by further restricting the class of persons employed as dispensers who are not registered pharmacists, and by adding, subject to specified safeguards, sisters in charge of wards or outpatients' departments. The amendment made by Regulation 3 (1) authorises midwives to possess and administer pethidine for the purposes of their profession, subject to specified conditions and requirements. Regulations 3 (2) and 4 are consequential. Regulation 5 removes certain preparations of diamorphine from the list of drugs exempted from the Regulations.
