Annex

DECLARATION OF THE GOVERNMENT OF THE REPUBLIC OF ALBANIA

The Government of the Republic of Albania warmly hails the initiative of the United States of America to dismantle the short-range nuclear weapons, and the positive reaction this proposal has found in the Soviet Union. It considers these important measures to be a major step towards disarmament and peace and hopes they will be translated into practice as soon as possible.

From the very moment this initiative is undertaken, at the time of the great transformations taking place in the Soviet Union, Eastern Europe, etc. on the road to democracy and the introduction of a market economy, it will constitute an important and historic step which responds in the best way to these transformations and the interests of the peoples of Europe and the whole world.
