Financial implications of draft resolution C proposed
by the Second Committee (A/1627)

Thirty-seventh report of 1950 of the Advisory Committee
on Administrative and Budgetary Questions

1. The Advisory Committee on Administrative and Budgetary Questions takes note that the financial implications of draft resolution C proposed by the Second Committee in document A/1627 are estimated in the relevant report of the Secretary-General (A/C.5/441) at \$50,000 for the years 1951 and 1952.
 2. The Secretary-General has further reported that the estimated expenditure could either be met within the provision proposed for section 28 of the budget estimates - Technical Assistance for Economic Development - or alternatively be charged against the Special Account for Technical Assistance.
 3. The Advisory Committee recommends that an estimate of \$25,000 for the purposes of the draft resolution should be approved, in respect of 1951, under section 28 of the budget estimates, this sum to be absorbed within the total provision of \$479,400 already approved by the Fifth Committee in the first reading of the 1951 estimates.
