Twenty-sixth session
Agenda item 78

PATTERN OF CONFERENCES

Report of the Secretary-General

Addendum

1. Further to his report on the pattern of conferences (A/8448), the Secretary-General submits herewith the calendar of conferences and meetings for 1972 and preliminary calendars for 1973 and 1974, as known at the date of preparation of this report. The information is given in the following form:

- Annex I. Calendar of conferences and meetings of the United Nations for 1972;
- Annex II. Preliminary calendar of conferences and meetings of the United Nations for 1973;
- Annex III. Preliminary calendar of conferences and meetings of the United Nations for 1974.

2. It has always been difficult to evaluate the conference servicing workload involved in the calendars for the following years as forecast in the annual reports on this subject. This is again true this year owing mainly to the following factors:

- (a) The calendar as submitted at this time includes provision for bodies whose sessions have not been scheduled for particular times, so that the duration of such sessions and the number of meetings which will be required are not known;
- (b) The calendar includes provision for new bodies whose working methods are not known - for example, whether sessional committees of the body would be established, each requiring similar services to those of the parent body;

(c) The calendar does not provide for conferences which may be called, or for meetings of bodies which may be established, as a result of current deliberations in the General Assembly at its twenty-sixth session.

3. In view of the lack of information in some cases, and imprecise data in others, the Secretary-General proposes to issue an addendum (A/8448/Add.2) to complete the calendar for 1972 and to reflect any modifications required by subsequent decisions taken during the current session of the General Assembly.
