Dear Sir,

Re: Belau - a nuclear-free zone

Please help ensure democratic voting in Belau.

The local people really want a nuclear-free zone; they do not want a United States weapon base and training ground.

No bribing of governors and civilians, please.

Friends of ours were employed by the United States Air Force and lived for years on Kwajalein, Marshall Islands. The results of fall-out are absolutely horrifying on the offspring of those poor innocent people. Please let me quote to you an American general and President of the United States -  
Dwight "Ike" Eisenhower:

"This world in arms is not spending money alone. It is spending the sweat of its laborers, the genius of its scientists, the hope of its children. This is

not a way of life at all in any true sense. Under the cloud of war it is  
humanity hanging on a cross of iron."

Sincerely yours,

(Signed) Sarja SUTMOLLER- (last name illegible)

P.S. When is all this horror going to end?
