International action to combat drug abuse and illicit trafficking

Deeply concerned that the illicit demand for, production of and traffic in narcotic and psychotropic substances continue to pose a serious threat to mankind, to have a negative impact on the socio-economic and political systems and to threaten the stability, national security and sovereignty of an increasing number of States,

Reaffirming the principle of shared responsibility of the international community in combating drug abuse and illicit trafficking,

Reaffirming also that the Declaration 1/ and the Comprehensive Multidisciplinary Outline of Future Activities in Drug Abuse Control, 2/ as adopted by the International Conference on Drug Abuse and Illicit Trafficking, the Political Declaration and the Global Programme of Action adopted by the

General Assembly at its seventeenth special session, 3/ and the Declaration adopted by the World Ministerial Summit to Reduce the Demand for Drugs and to Combat the Cocaine Threat, held in London from 9 to 11 April 1990, 4/ which, together with the international drug control treaties, provide a comprehensive framework for international cooperation in drug control,

Recognizing the efforts taken to date by the United Nations International Drug Control Programme to implement the mandates and courses of action contained in the Comprehensive Multidisciplinary Outline of Future Activities in Drug Abuse Control and the Global Programme of Action,

Emphasizing the role of the Commission on Narcotic Drugs as the principal United Nations policy-making body for drug control issues within the United Nations system,

Considering that the Commission on Narcotic Drugs, in its resolution 2 (XXXIV), 5/ selected seven priority themes around which the United Nations International Drug Control Programme is requested, in consultation with Governments, to develop proposals for a five-year plan to implement the Global Programme of Action, in the context of the United Nations Decade against Drug Abuse,

Noting with satisfaction that the regional meetings of heads of national drug law enforcement agencies and the Subcommittee on Illicit Traffic and Related Matters in the Near and Middle East of the Commission on Narcotic Drugs are sources of very useful recommendations for law enforcement action at the regional level oriented towards solving specific problems of the various regions,

Reiterating that the transit routes used by drug traffickers change constantly and that an ever-growing number of countries in all regions of the world, and even entire regions, are particularly vulnerable to illicit transit traffic on account, inter alia, of their geographical location,

Alarmed by the growing connection between drug trafficking and terrorism,

Recognizing the efforts of countries that produce narcotic drugs for scientific, medicinal and therapeutic uses to prevent the channelling of such substances to illicit markets and to maintain production at a level consistent with licit demand,

Noting the increasing number of States acceding to or ratifying the international drug control treaties, including those that have become States parties to the United Nations Convention against Illicit Traffic in Narcotic Drugs and Psychotropic Substances of 1988, 6/

Recalling United Nations Development Programme decision 1991/13 7/ concerning the allocation of resources for drug abuse control and crop substitution,

Reaffirming that all efforts to combat problems related to the consumption, production, manufacture and traffic in narcotic drugs and psychotropic substances and the flow of money related to these activities should be accompanied by effective measures to promote the economic and social development of affected States,

Recalling its resolution 44/142 of 15 December 1989, in which it requested the Secretary-General to undertake a study on the economic and social consequences of illicit traffic of narcotic drugs and psychotropic substances, and section II of its resolution 45/149 of 18 December 1990, in which it invited the Commission on Narcotic Drugs to study the recommendations and conclusions contained in the report of the Intergovernmental Expert Group to Study the Economic and Social Consequences of Illicit Traffic in Drugs, 8/

Regretting that, owing to its heavy workload, the Commission on Narcotic Drugs at its thirty-fourth session could not undertake a thorough and extensive examination of the recommendations and conclusions contained in the report of the Intergovernmental Expert Group,

Bearing in mind that the Commission on Narcotic Drugs is mandated to suggest follow-up action to the recommendations of the Intergovernmental Expert Group,

Noting with interest the reports of the Secretary-General, 9/
