**Information note***1. Background information*

The Committee on Social Development was established pursuant to Economic and Social Commission for Western Asia (ESCWA) resolution 198 (XVII) of 31 May 1994, which was endorsed by the United Nations Economic and Social Council in its resolution 1994/27 of 26 July 1994. The objective was to enhance regional cooperation in planning and implementing the ESCWA programme of work in the field of social development, through the effective participation of relevant parties in ESCWA member States. The Committee held its first session in Amman in 1997, its second, third, fourth and fifth sessions in Beirut in 1999, 2001, 2002 and 2005 respectively, its sixth session in Amman in 2007, its seventh and eighth sessions in Beirut in 2009 and 2011 respectively, its ninth session in Amman in 2013 and its tenth session in Rabat in 2015. The Committee will hold its eleventh session in Khartoum on 17 and 18 October 2017.

*2. Objectives*

The current session aims to provide a forum for representatives of member States to discuss, share experiences and present proposals on priority issues in the field of social development. The information contained in the documents and reports presented during the session shall constitute the basis for discussion, as ESCWA continuously seeks statistical data and information on major developments in, and actions taken by member States in order to enhance the quality of its services, including facilitating negotiations and adopting common regional positions, strategies, programmes and action plans on the various social issues discussed at the international forums.

The session will start with a review of actions taken by the ESCWA Social Development Division and of progress achieved in implementing the programmed activities in the field of social development and recommendations issued by the Committee at its previous session. In particular, the ESCWA secretariat will brief the Committee on actions taken to form an intersessional group of experts on persons with disabilities; the results of the questionnaire on the programmes and activities of the Social Development Division; the implementation of the Tunis Declaration on Social Justice; and the social dimension of the Sustainable Development Goals (SDGs).

The eleventh session will also tackle three salient issues in the field of social development in the Arab region, namely: the New Urban Agenda which was endorsed by the General Assembly at its seventy-first

session in December 2016, and the follow-up by ESCWA on its implementation from a social development angle; age structural transitions and sustainable development; and intergenerational justice.
