The individual parts are in one or more numbers listing documents from the beginning of 1946 to the end of 1949.

In addition to the list of documents every part contains a subject-index, an index of personal names, when necessary, and introductory

notes giving information on the organization of the organs concerned. It also notes the unpublished records of meetings and sound recordings deposited in the Archives of the United Nations and the press releases concerning meetings.

Part 6H of the Check List of United Nations Documents comprises the documents of the Fiscal Commission, one of the functional Commissions of the Economic and Social Council. The first number of Part 6H, published in 1949, listed the documents of the first session of the Commission and subsequent documents issued during the years 1947 and 1948. This second number lists the documents of the second session of the Fiscal Commission and the interim period up to end of 1949.

The Subject-Index and the Index of Personal Names covers both numbers. Documents issued after the beginning of 1950 are listed in the current issues of the monthly United Nations Document Index.

The user of this volume will find it more helpful if he first reads carefully the explanations in the Introduction of the Check List and the Subject-Index.

The United Nations Library gratefully acknowledges the assistance of the Carnegie Endowment for International Peace and the Rockefeller Foundation in the preparation of this Check List.

EXPLANATION

ENTRY NUMBER. Documents are referred to by entry numbers in the index to this Check List. Entry numbers do not appear on the documents and should not be used in citations.

LANGUAGE OF ISSUE. The language editions in which a document is issued are indicated as English (E), French (F), Spanish (S), Russian (R), Chinese (C), or bilingual English-French (E&F) texts.

DOCUMENT SYMBOL AND SHORT TITLE. The official document symbol number should be used in citing documents. In the case of publications without document symbol numbers, titles should be cited together with the session number, issue number, supplement number, and volume number, whichever is included in the entry. Title entries have been standardized and shortened or expanded in order to clarify the meaning of the titles and the authorship of the documents, so the entries do not always conform literally to the actual documentary titles. The collation shows the pagination of the English or bilingual English-French text only. The date appearing on each document below the document symbol number is usually the date of registration of the documentary text with the Bureau of Documents for publication and translation and should be the same in all language texts. The date of registration closes each entry. Corrigenda and addenda are usually grouped with the parent document in the same entry. Corrigenda are corrections of errors in the text, title, date and classification of documents, emendations of the translation, and additions of omitted text. Addenda include supplementary material, such as annexes, tables, and other additional communications. Revisions are texts revised through formal amendment, or new editions prepared by the submitting delegation or by the Secretariat.

REPUBLICATION NOTES indicate the republication of the whole documents in other documents or in the Official Records.

RESTRICTED SERIES. Documents of "restricted distribution" are indicated in this Check List by a black dot (●) before the symbol.

6H: FISCAL COMMISSION

INTRODUCTORY NOTES give a short parliamentary history of the Commission and describe briefly each ad hoc committee session by session, including the date of its appointment, citing its terms of reference, naming its members and officers, listing its reports and document series symbol (if any), and tabulating its records. The plenary meetings are shown in tables for each session. The tables indicate both published and unpublished meeting records and related press releases. Since drafts for the published meeting records should be deposited as a matter of course in the Archives of the United Nations, the tables show under the heading "Archives" only the unpublished manuscript records deposited in the Archives ("TPV", "TSR") and the sound recordings ("X").

In the SUBJECT-INDEX all citations to section numbers (§) and entry numbers 1-59 refer to No. 1 of the Check List, while introductory notes in No. 2 are referred to by the appropriate entry number.

SUBJECT-INDEX

The Subject-Index covers both No. 1 and No. 2 of Part 6H of the Check-List. All references to section (§) numbers and to entries 1-59 refer to No. 1; the entries 60-164 are contained in No. 2.

Explanation

Documents other than meeting records are indexed by entry numbers in the Check-List.

Discussions are indexed by the section or entry number of the table of meetings and, following the colon (:), by meeting numbers.

Thus, the following entry in the Subject-Index:

Double taxation: discussion §4:1,4; 64:7
Committee II: report 34
Philippines, document 145

is to be interpreted: Double taxation was discussed in the Commission during the first and fourth meetings of the first session, on 19 and 28 May 1948, as indicated in the table of meetings in §4 of the Introduction to No. 1, p. vii of the Check-List; and was further discussed during the 7th meeting of the second session, indicated in the table of meetings of the second session of the Commission in entry 64 on page 4 of No. 2 where the 7th meeting is shown to have taken place on 19 January 1949. The subject is treated in the report of Committee I, which is entry 34, on page 5 of No. 1 and in document E/CN.8/W.22/Add.1, submitted by the Philippines, in entry 145 of No. 2 of the Check-List.

Resolutions passed during the second session are collected in the sessional report.

Introduction notes are indexed by section numbers when referring to No. 1, by entry numbers when referring to No. 2.

Persons mentioned in both numbers are indexed in the Index of Personal Names.
