Summary

The General Assembly, in part V of its resolution 63/263, endorsed the conclusion contained in the report of the Advisory Committee on Administrative and Budgetary Questions (A/63/629) concerning the merit of an annual presentation to the Assembly of the revised estimates arising from resolutions and decisions adopted by the Human Rights Council. In its resolution 65/281, the Assembly decided to consider, through its Fifth Committee, all financial implications emanating from the resolutions and decisions contained in the annual report of the Council, including those emanating from its September session.

The present report provides estimated resource requirements of \$62,382,500, resulting from 75 resolutions, 2 decisions and 1 President's statement adopted by the Council at its thirty-fourth to thirty-sixth sessions, held in 2017, and twenty-sixth special session, held in December 2016 (see A/72/53 and A/72/53/Add.1). Of those requirements, the amount of \$28,191,400 relates to activities of a perennial nature and therefore has already been included in the proposed programme budget for the biennium 2018–2019. The remaining requirements of \$34,191,100 are new requirements for the bienniums 2016–2017 (\$12,708,100) and 2018–2019 (\$21,483,000).

With regard to the new requirements of \$12,708,100 under the programme budget for the biennium 2016–2017: (a) an amount of \$8,673,700 relates to commitment authorities approved by the Advisory Committee in 2017 under General Assembly resolution 70/250 on unforeseen and extraordinary expenses for the biennium 2016–2017, and the related appropriation in the amount of \$6,543,400 is being sought in the context of the second performance report on the programme budget for the biennium 2016–2017 (A/72/606), taking into account actual expenditure experience; and (b) it is proposed that \$4,034,400 be accommodated within the approved appropriations for the biennium 2016–2017.

With regard to the new requirements of \$21,483,000 under the proposed programme budget for the biennium 2018–2019, comprising \$2,789,900 under section 2, General Assembly and Economic and Social Council affairs and conference management; \$18,592,900 under section 24, Human rights; \$10,100 under section 28, Public information; \$73,100 under section 29F, Administration, Geneva; and \$17,000 under section 34, Safety and security, it is proposed that this amount be appropriated, representing a charge against the contingency fund for the biennium 2018–2019.

It is also proposed that, effective 1 January 2018, three new P-3 posts be established under section 24, Human rights, of the proposed programme budget for the biennium 2018–2019 to support the activities mandated by the Council in its resolutions 34/3, 34/16 and 35/9.

I. Introduction

- 1. The present annual report is in line with the conclusion of the Advisory Committee on Administrative and Budgetary Questions (see A/63/629, para. 10), endorsed by the General Assembly in part V of its resolution 63/263, on the merit of an annual presentation to the Assembly of the revised estimates arising from resolutions and decisions adopted by the Human Rights Council. The Assembly, in its resolution 65/281, decided to consider, through its Fifth Committee, all financial implications emanating from the resolutions and decisions contained in the annual report of the Council, including those emanating from its September session. The present report is submitted to convey to the Assembly the requirements resulting from resolutions and decisions adopted by the Council at its thirty-fourth to thirty-sixth sessions, held in 2017, and twenty-sixth special session, held in December 2016, as contained in its report to the Assembly (see A/72/53 and A/72/53/Add.1).
- 2. The Council adopted several resolutions, two decisions and one President's statement in which it requested relevant human rights bodies and special procedures mandate holders to continue or undertake additional activities, including meetings. Accordingly, under rule 153 of the rules of procedure of the General Assembly, the Council was provided, where appropriate, with statements of programme budget implications before the adoption of those resolutions and decisions and that President's statement. The Council was informed that the detailed resource requirements would be submitted to the Assembly for its consideration and approval in the context of the revised estimates report, submitted annually, in which it would be determined whether some of the additional requirements could be accommodated from within the approved appropriations of the programme budget for the biennium 2016–2017 and within the proposed programme budget for the biennium 2018–2019, and which of the additional requirements would require an additional appropriation and, accordingly, would represent a charge against the contingency fund, subject to the procedures established by the Assembly in its resolutions 41/213 and 42/211.
- 3. With regard to those resolutions and decisions that were orally revised before adoption by the Council, most of the revisions introduced had no impact on the statements of programme budget implications submitted to the Council or the related statements were modified and/or withdrawn. For those resolutions that had financial implications (Council resolutions 36/2 and 36/31), the Council was orally advised that the revised financial requirements would be reflected in the context of the revised estimates report.
- 4. The programme budget implications arising from the resolutions and decisions adopted at the thirty-fourth to thirty-sixth sessions and twenty-sixth special session of the Council give rise to total requirements of \$62,382,500. Of those requirements, the amount of \$28,191,400 relates to activities of a perennial nature and therefore has already been included in the programme budget for the biennium 2016–2017² and the proposed programme budget for the biennium 2018–2019. The remaining requirements of \$34,191,100 are new requirements under the programme

¹ Although the thirty-sixth session was concluded on 29 September 2017, the advance version of the report of the Council on that session (A/72/53/Add.1) was submitted by the Office of the United Nations High Commissioner for Human Rights on 19 October 2017.

17-20260 **7/145**

² Because of existing 2017 expenditure under the mandate of the Independent Expert on the situation of human rights in Haiti, which was terminated as a result of the adoption of President's statement PRST 34/1, the perennial resources included in the programme budget for the biennium 2016–2017 in the amount of \$28,342,800 (including an amount of \$502,800 relating to the termination) are slightly higher than the perennial resources included in the proposed programme budget for the biennium 2018–2019.

budget for the biennium 2016–2017 (\$12,708,100) and the proposed programme budget for the biennium 2018–2019 (\$21,483,000).

- 5. With regard to the new requirements of \$12,708,100 under the programme budget for the biennium 2016–2017: (a) the amount of \$8,673,700 relates to commitment authorities approved by the Advisory Committee in 2017 under Assembly resolution 70/250 on unforeseen and extraordinary expenses for the biennium 2016–2017 and the related appropriation in the amount of \$6,543,400 is being sought in the context of the second performance report on the programme budget for the biennium 2016–2017 (A/72/606), taking into account actual expenditure experience; and (b) it is proposed that \$4,034,400 be accommodated within the approved appropriations for the biennium 2016–2017.
- 6. With regard to the balance of the new requirements for the biennium 2018–2019 in the amount of \$21,483,000, comprising \$2,789,900 under section 2, General Assembly and Economic and Social Council affairs and conference management, \$18,592,900 under section 24, Human rights, \$10,100 under section 28, Public information, \$73,100 under section 29F, Administration, Geneva, and \$17,000 under section 34, Safety and security, it is proposed that this amount be appropriated, representing a charge against the contingency fund for the biennium 2018–2019.
- 7. It is also proposed that, effective 1 January 2018, three new P-3 posts be established under section 24, Human rights, of the proposed programme budget for the biennium 2018–2019 to support the activities mandated by the Council in its resolutions 34/3, 34/16 and 35/9.
- 8. All the requirements, including proposed funding modalities, are summarized in annex I to the present report.
- 9. As requested by the Advisory Committee (see A/70/7/Add.28, para. 21), the conference-servicing costs for 2017 are provided in annex II to the present report.
- 10. In many of the adopted resolutions and in one adopted decision, the Council requested the Secretary-General and the United Nations High Commissioner for Human Rights to provide all the resources and assistance necessary for the effective fulfilment of the mandates and/or to implement the requested activities from within existing resources (resolutions 34/3 (para. 15), 34/5 (para. 5), 34/6 (para. 4), 34/9 (para. 6), 34/16 (para. 34), 34/17 (para. 6), 34/18 (para. 4), 34/19 (para. 4), 34/21 (para. 9), 34/22 (para. 29), 34/23 (para. 3), 34/24 (para. 26), 34/25 (para. 18), 34/34 (para. 3), 34/35 (para. 4), 34/40 (para. 8), 35/2 (para. 11), 35/3 (para. 12), 35/5 (para. 6), 35/6 (para. 8), 35/7 (paras. 18–19), 35/9 (para. 4), 35/11 (para. 5), 35/15 (para. 10), 35/20 (para. 17), 35/27 (para. 13), 35/30 (para. 9), 35/33 (para. 13), 35/35 (para. 22), 36/4 (para. 7), 36/6 (para. 11), 36/7 (para. 7), 36/9 (para. 16), 36/10 (para. 4), 36/11 (para. 5), 36/15 (para. 10), 36/19 (para. 6), 36/23 (para. 7), 36/25 (para. 31), 36/26 (para. 18) and 36/27 (para. 15) and decision 35/101 (para. 2)).
- 11. In each of the related statements of programme budget implications of the resolutions and the decision listed in paragraph 10 above, the Secretariat drew the attention of the Council to the provisions of section VI of General Assembly resolution 45/248 B and subsequent resolutions, the most recent of which was resolution 70/247, in which the Assembly reaffirmed that the Fifth Committee was the appropriate Main Committee of the Assembly entrusted with responsibilities for administrative and budgetary matters and also reaffirmed the role of the Advisory Committee.
- 12. The Advisory Committee, in paragraph 4 of its related report (A/71/688), encouraged the Secretary-General to include, in his next report on revised estimates resulting from the resolutions and decisions of the Human Rights Council, a list of

the discontinued and/or expired mandates, with clear information on the consequent financial reductions relating to the programme budget. At the thirty-fourth session of the Council, the adoption of President's statement PRST 34/1, entitled "Situation of human rights in Haiti", resulted in the termination of the mandate of the Independent Expert on the situation of human rights in Haiti, which constitutes the only termination of a Council mandate in 2017 and gives rise to a resource reduction of \$1,157,000, including \$502,800 under the programme budget for the biennium 2016–2017 and \$654,200 under the proposed programme budget for the biennium 2018–2019, as detailed in table 30.
