economy and to increase its assistance to diversification programmes. The Assembly urges the administering Power, in cooperation with the territorial Government, to continue to take effective measures to safeguard and guarantee the inalienable right of the people of St. Helena to own and dispose of the natural resources of the Territory, including marine resources, and to establish and maintain control over the future development of those resources. The Assembly expresses the view that the administering Power should continue to implement infrastructure and community development projects aimed at improving the general welfare of the community, including the unemployment situation, and to encourage local initiative and enterprise, particularly in the areas of fisheries development, forestry, handicrafts and agriculture. The Assembly reaffirms that continued development assistance from the administering Power, together with any assistance that the international community might be able to provide, constitutes an important means of developing the economic potential of the Territory and of enhancing the capacity of its people to realize fully the goals set forth in the relevant provisions of the Charter of the United Nations. The Assembly, in that connection, welcomes the assistance rendered by the United Nations Development Programme and invites other organizations of the United Nations system to assist in the development of the Territory. The continued presence of military facilities in the Territory prompts the Assembly, on the basis of previous United Nations resolutions and decisions concerning military bases and installations in colonial and Non-Self-Governing Territories, to urge the administering Power to take measures to avoid the involvement of the Territory in offensive acts or interference against neighbouring States. The Assembly considers that the possibility of dispatching a United Nations visiting mission to St. Helena at an appropriate time should be kept under review, and requests the Special Committee to continue to examine the question of St. Helena at its next session and to report thereon to the Assembly at its forty-seventh session.
