

Noting the decline, in comparison with previous years, in the number of nuclear tests conducted in 1990,

Convinced that an end to nuclear testing by all States in all environments for all time is an essential step in order to prevent the qualitative improvement and development of nuclear weapons and their further proliferation and to contribute, along with other concurrent efforts to reduce nuclear arms, to the eventual elimination of nuclear weapons,

Noting also concerns expressed about the environmental and health risks associated with underground nuclear testing,

Convinced also that the most effective way to achieve an end to nuclear testing is through the conclusion, at an early date, of a verifiable, comprehensive nuclear-test-ban treaty that will attract the adherence of all States,

Taking into account the undertakings by the original parties to the 1963 Treaty Banning Nuclear Weapon Tests in the Atmosphere, in Outer Space and under Water⁴ to seek to achieve the early discontinuance of all test explosions of nuclear weapons for all time, and also noting the reiteration of this commitment in the 1968 Treaty on the Non-Proliferation of Nuclear Weapons,¹⁰

Noting with satisfaction the work being undertaken within the Conference on Disarmament by the Ad Hoc Group of Scientific Experts to Consider International Cooperative Measures to Detect and Identify Seismic Events, and in this context welcoming the second technical test concerning the global exchange and analysis of seismic data,

Recalling that the Amendment Conference of the States Parties to the Treaty Banning Nuclear Weapon Tests in the Atmosphere, in Outer Space and under Water was held in New York from 7 to 18 January 1991,

1. *Reaffirms its conviction* that a treaty to achieve the prohibition of all nuclear-test explosions by all States in all environments for all time is a matter of priority which would constitute an essential step in order to prevent the qualitative improvement and development of nuclear weapons and their further proliferation, and which would contribute to the process of nuclear disarmament;

2. *Urges*, therefore, all States to seek to achieve the early discontinuance of all nuclear-test explosions for all time;

3. *Reaffirms* the particular responsibilities of the Conference on Disarmament in the negotiation of a comprehensive nuclear-test-ban treaty, and in this context urges the re-establishment of the Ad Hoc Committee on a Nuclear Test Ban in 1992 with an appropriate mandate;

4. *Requests* the Conference on Disarmament, in this context, to intensify its substantive work on specific and interrelated test-ban issues, including structure and scope and verification and compliance, taking also into account all relevant proposals and future initiatives;

5. *Urges* the Conference on Disarmament:

(a) To take into account the progress achieved by the Ad Hoc Group of Scientific Experts to Consider International Cooperative Measures to Detect and Identify Seismic Events, including the experience gained from the technical test concerning the global exchange and analysis of seismic data, and other relevant initiatives;

(b) To continue efforts to establish, with the widest possible participation, an international seismic monitoring

network with a view to developing further a system for the effective monitoring and verification of compliance with a comprehensive nuclear-test-ban treaty;

(c) To investigate other measures to monitor and verify compliance with such a treaty, including on-site inspections, satellite monitoring and an international network to monitor atmospheric radioactivity;

6. *Urges*:

(a) The nuclear-weapon States to agree promptly to appropriate verifiable and militarily significant interim measures, with a view to concluding a comprehensive nuclear-test-ban treaty;

(b) Those nuclear-weapon States which have not yet done so to adhere to the Treaty Banning Nuclear Weapon Tests in the Atmosphere, in Outer Space and under Water;

7. *Calls upon* the Conference on Disarmament to report to the General Assembly at its forty-seventh session on progress made;

8. *Decides* to include in the provisional agenda of its forty-seventh session an item entitled "Comprehensive nuclear-test-ban treaty".

Recalling also the recommendations for the establishment of such a zone in the Middle East consistent with paragraphs 60 to 63, and in particular paragraph 63 (d), of the Final Document of the Tenth Special Session of the General Assembly,²

Emphasizing the basic provisions of the above-mentioned resolutions, which call upon all parties directly concerned to consider taking the practical and urgent steps required for the implementation of the proposal to establish a nuclear-weapon-free zone in the region of the Middle East and, pending and during the establishment of such a zone, to declare solemnly that they will refrain, on a reciprocal basis, from producing, acquiring or in any other way possessing nuclear weapons and nuclear explosive devices and from permitting the stationing of nuclear weapons on their territory by any third party, to agree to place all their nuclear facilities under International Atomic Energy Agency safeguards and to declare their support for the establishment of the zone and to deposit such declarations with the Security Council for consideration, as appropriate,

Reaffirming the inalienable right of all States to acquire and develop nuclear energy for peaceful purposes,

Emphasizing also the need for appropriate measures on the question of the prohibition of military attacks on nuclear facilities,

Bearing in mind the consensus reached by the General Assembly at its thirty-fifth session that the establishment of a nuclear-weapon-free zone in the region of the Middle East would greatly enhance international peace and security,

Desirous of building on that consensus so that substantial progress can be made towards establishing a nuclear-weapon-free zone in the region of the Middle East,

Welcoming all initiatives leading to general and complete disarmament, including in the region of the Middle East, and in particular on the establishment therein of a zone free of weapons of mass destruction, including nuclear weapons,

Emphasizing the essential role of the United Nations in the establishment of a nuclear-weapon-free zone in the region of the Middle East,

Having examined the report of the Secretary-General on the implementation of resolution 45/52,¹¹

1. *Urges* all parties directly concerned to consider seriously taking the practical and urgent steps required for the implementation of the proposal to establish a nuclear-weapon-free zone in the region of the Middle East in accordance with the relevant resolutions of the General Assembly, and, as a means of promoting this objective, invites the countries concerned to adhere to the Treaty on the Non-Proliferation of Nuclear Weapons;¹⁰

2. *Calls upon* all countries of the region that have not done so, pending the establishment of the zone, to agree to place all their nuclear activities under International Atomic Energy Agency safeguards;

3. *Invites* all countries of the region, pending the establishment of a nuclear-weapon-free zone in the region of the Middle East, to declare their support for establishing such a zone, consistent with paragraph 63 (d) of the Final Document of the Tenth Special Session of the General Assembly, and to deposit those declarations with the Security Council;

4. *Also invites* those countries, pending the establishment of the zone, not to develop, produce, test or otherwise acquire nuclear weapons or permit the stationing on their territories, or territories under their control, of nuclear weapons or nuclear explosive devices;

5. *Invites* the nuclear-weapon States and all other States to render their assistance in the establishment of the zone and at the same time to refrain from any action that runs counter to both the letter and the spirit of the present resolution;

6. *Invites* all parties to consider the appropriate means that may contribute towards the goal of general and complete disarmament and the establishment of a zone free of weapons of mass destruction in the region of the Middle East;

7. *Requests* the Secretary-General to conduct further consultations with the States of the region and other concerned States, on the basis of the study undertaken by him in accordance with paragraph 8 of resolution 43/65,¹² as well as the views and suggestions submitted by Member States in accordance with paragraph 9 of resolution 45/52,¹¹ taking into account the evolving situation in the region, to explore further the ways and means

of establishing a nuclear-weapon-free zone in the Middle East;

8. *Also requests* the Secretary-General to submit to the General Assembly at its forty-seventh session a report on the implementation of the present resolution;

9. *Decides* to include in the provisional agenda of its forty-seventh session the item entitled "Establishment of a nuclear-weapon-free zone in the region of the Middle East".

Reiterating its conviction that the establishment of nuclear-weapon-free zones in various regions of the world is one of the measures that can contribute effectively to the objectives of non-proliferation of nuclear weapons and general and complete disarmament,

Believing that the establishment of a nuclear-weapon-free zone in South Asia, as in other regions, will assist in the strengthening of the security of the States of the region against the use or threat of use of nuclear weapons,

Taking note with appreciation of the declarations issued at the highest level by Governments of South Asian States that are developing their peaceful nuclear programmes, reaffirming their undertaking not to acquire or manufacture nuclear weapons and to devote their nuclear programmes exclusively to the economic and social advancement of their peoples,

Welcoming the recent proposal for the conclusion of a bilateral or regional nuclear-test-ban agreement in South Asia,

Taking note of the proposal to convene, under the auspices of the United Nations, a conference on nuclear non-proliferation in South Asia as soon as possible, with the participation of the regional and other concerned States,

Bearing in mind the provisions of paragraphs 60 to 63 of the Final Document of the Tenth Special Session of the General Assembly² regarding the establishment of nuclear-weapon-free zones, including in the region of South Asia,

Taking note also of the report of the Secretary-General,¹³

1. *Reaffirms* its endorsement, in principle, of the concept of a nuclear-weapon-free zone in South Asia;

2. *Urges once again* the States of South Asia to continue to make all possible efforts to establish a nuclear-weapon-free zone in South Asia and to refrain, in the meantime, from any action contrary to that objective;
