1. Establishes for the period 1993-1994 a target for voluntary contributions to the World Food Programme of \$1.5 billion, of which not less than one third should be in cash and/or services, and expresses the hope that those resources will be substantially augmented by additional contributions from other sources in view of the prospective volume of sound project requests and the capacity of the Programme to operate at a higher level;

2. Urges States Members of the United Nations and members and associate members of the Food and Agriculture Organization of the United Nations and appropriate donor organizations to make every effort to ensure that the target is fully attained;

3. Requests the Secretary-General, in cooperation with the Director-General of the Food and Agriculture Organization of the United Nations, to convene a pledging conference for this purpose at United Nations Headquarters in 1992.

## **1991/82. Acceleration of the economic integration process in Africa and strengthening of the Multinational Programming and Operational Centres**

*The Economic and Social Council,*

*Concerned* about the slow process of subregional economic integration in Africa as evidenced, *inter alia*, by the low level of intra-subregional trade, the persistence of customs barriers between States members of the Economic Commission for Africa, the non-existence of a common external tariff and the absence of harmonized sectoral policies in the fields of agriculture, industry, transport, energy, trade and monetary affairs,

*Recalling* resolution 611 (XXII) of 24 April 1987 of the Conference of Ministers of the Economic Commission for Africa on the acceleration of subregional economic integration in Africa and the new role of the Multinational Programming and Operational Centres,<sup>89</sup>

1. *Appeals* to States that are members of subregional economic communities to take appropriate measures to accelerate the subregional integration process, notably by endowing the subregional economic communities with self-financing mechanisms for the funding of their operational activities and by ensuring the participation of all socio-economic groups in the economic integration activities;

2. *Further appeals* to States that are members of subregional economic communities to adopt effective measures towards the setting up of mechanisms for economic integration in each subregion that would harmonize the activities of all economic groupings;

3. *Invites* those States to apply the decisions of the African Economic Community on joint policies in priority sectors, in particular those regarding the elimination of tariff and non-tariff barriers, on the adoption of a common external tariff and on monetary integration;
