LETTER DATED 23 JANUARY 1992 FROM THE CHARGE D'AFFAIRES A.I. OF
THE PERMANENT MISSION OF IRAQ TO THE UNITED NATIONS ADDRESSED
TO THE SECRETARY-GENERAL

On instructions from my Government, I have the honour to inform you of the numbers and types of bombs and other ordnance that were launched against residential areas in Iraq in the course of the brutal 30-Power aggression, which did not explode at the time and which have been recorded by the competent Iraqi authorities.

I transmit herewith two lists. The first shows a breakdown of the total number of 181,812 bombs, missiles and rockets that were found and disposed of in the various parts of Iraq between 17 January 1991 and 16 January 1992. The second list shows the types of bombs and missiles involved.

I should be grateful if you would have this letter and its annexes circulated as a document of the Security Council.

(Signed) Sabah Talat KADRAT
Deputy Permanent Representative
Chargé d'affaires a.i.

Annex I

Number of bombs, missiles and rockets dealt with by
disposal teams in the country's governorates between
17 January 1991 and 16 January 1992

No.	Governorate	Number
