Add a new heading after paragraph 27

and add a new paragraph 28 reading

28. UNEP also co-operates closely with the International Chamber of Commerce, which has transformed its special committee on environment into a full commission on environment. It is developing a position paper on cost/benefit analysis of environmental protection measures, illustrated by case studies from industry. It organized an international conference on East/West business co-operation in the field of environmental protection, which took place in Moscow from 26 to 28 February.

Renumber existing paragraph 28 accordingly
